CUSTOMER INFORMATION

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s):

SIN 602-40 Avionics Test Equipment

Product Description - Page 3

Product Pricing - Page 5

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract.

SIN	Model	Lowest Price (1 unit)
602-40	CBATS Model 101	\$ 66,618.30
602-40	CBATS Model 201	\$ 78,344.38

1c. Description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services: Not applicable

2. Maximum order*: \$300,000

*If the best value selection places your order over the Maximum Order identified in this catalog/pricelist, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the aforementioned contactor for a better price. The contractor may (1) offer a new price for this requirement (2) offer the lowest price available under this contract or (3) decline the order. A delivery order that exceeds the maximum order may be placed under the schedule contract in accordance with FAR 8.404.

3. Minimum order. \$100.00

4. Geographic coverage (delivery area): CONUS only

5. Point of production (city, county, and State or foreign country). San Antonio, Bexar County, TX

6. Discount from list prices or statement of net price: 6%

7. Quantity discounts.

6.5% for 5-9 units

7% for 10 or more units

See Pricing section below

8. Prompt payment terms: NET 30 days

9a. Notification that Government purchase cards are accepted at or below the micro-purchase threshold: Accepted

- 9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:** Accepted
- 10. Foreign items (list items by country of origin):** N/A
- 11a. Time of delivery:** 112 days after receipt of order for quantities less than four units
- 11b. Expedited Delivery.** Contact Contractor's Representative
- 11c. Overnight and 2-day delivery.** Contact the Contractor for availability and rates.
- 11d. Urgent Requirements.** Agencies can contact the Contractor's representative to affect a faster delivery. Customers are encouraged to contact the contractor for the purpose of requesting accelerated delivery.
- 12. F.O.B. point:** Destination
- 13a. Ordering address:**

CACI, INC.-FEDERAL
PO Box 630967,
Lockbox# 630967
Baltimore, MD 21263-0967
- 15. Warranty provision.**
Standard Commercial Warranty: CACI warrants all workmanship for the CBATS for one year from the acceptance date. During this timeframe, CACI will complete repairs for all workmanship-related defects without cost to the client. All warranty determinations or support requests should be submitted either by telephone or by email using the contact information provided in Section 5 (Points of Contact). Any unauthorized repair work by the client shall void the CACI workmanship warranty.

CACI will be responsible for addressing any damages occurring during shipping prior to acceptance. CACI will not be responsible for damages after acceptance that are due to subsequent shipping or handling. CACI will not be responsible for damages incurred when returning items to CACI for repair.

CACI will maintain purchasing records for all instrumentation in the CBATS fixtures as well as as-configured information for each delivered system. In the event of an

instrument failure, CACI will provide purchasing history to the client as an aid in the warranty claim back to the instrument manufacturer.

16. **Export packing charges, if applicable.** Not Applicable
17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level).** Not Applicable
18. **Terms and conditions of rental, maintenance, and repair (if applicable).** Not Applicable
19. **Terms and conditions of installation (if applicable).** Not Applicable
20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable).** Not Applicable
- 20a. **Terms and conditions for any other services (if applicable).** Not Applicable

25. **Data Universal Number System (DUNS) number.** 11-4896066
26. **Notification regarding registration in Central Contractor Registration (CCR) database.** Registration valid until 5/17/2011

Product Description

The CACI Common Bench-top Automatic Test System (CBATS) testers are universal, full featured stand alone systems test products. The units are packaged in a small footprint and capable of supporting diagnostic and acceptance test requirements for a wide assortment of avionics instrumentation, flight computers, and other electronic assemblies with application for both civil and military aerospace vehicles.

The CBATS testers have been designed to allow customer specialization of end item testing with unique Test Program Set (TPS) products that would be independently developed for each specific end item Unit Under Test (UUT) application. While the CBATS tester system is common, each end item TPS has unique interface requirements as well as its own test procedures that require distinct software and interface cables, not to mention other unique physical interfaces that may have to be addressed as a part of the Test Program Set. The Test Program Set can be provided by the customer, developed by CACI or developed by other vendors based on the CBATS interface documentation.

There are two models of the CBATS testers (Model 101 and 201) currently fielded in various depot and back-shop environments and were selected based on the specific test requirements for the UUT.

The functional test capabilities of the two CBATS tester models are described in the following pages. Table 1 provides a list of features of the Model 101 and Model 201 CBATS testers.

Table 1. CBATS Tester Functional Test Capabilities

Capability	Model 101	Model 201
PXI slot-0 Chassis Controller		
Switching Capability (Signal and Power)		
High-Speed Digital Multi-meter		
Data Acquisition (16 Channels)		
Programmable Voltage Outputs		
Counter/Timer Functions		
Programmable DC Outputs (8 channels)		
Programmable DC Outputs (3 channels)		
Adjustable 400 HZ AC Power (Single Phase)		
Synchro Outputs (115 VAC Ref)		
Synchro Outputs (26 VAC Ref)		
High-Speed Digitizer (Oscilloscope)		
Fixed +28 VDC Power		
Multiple External USB expansion ports		
Automated Self-test software and hardware adapters		
Calibration software		

Service/Support

Included Services

As a part of each product sale, CACI will provide technical support telephonically or by email as provided for below in the Points of Contact Section below for 60 days after delivery of a unit. This is intended primarily as a service to our customers to assist in resolving any issues with making the unit fully operational and ensure proper systems installations.

Delivery and Acceptance

CACI applies the following criteria for acceptance of the CBATS as a part of the standard pricing.

CACI assumes appropriate facilities and customer furnished items as applicable will be available to support acceptance testing. Acceptance testing will be completed by the customer upon receipt of the test system and includes the following criteria –

- Successful inventory of all items
- Inspection of all items to ensure no external shipping damage occurred
- Successful execution of system self-test software
- Successful calibration of the test system

CBATS pricing described below include delivery to a CONUS location only.

CACI will determine the most efficient means of delivering systems to their acceptance destination.

Standard delivery times will vary based on the contents of each order; however, typical delivery times are 16 weeks after receipt of order for four units or less. Estimates for delivery time for more than four units will be provided upon request.

Points of Contact

Information of a technical nature, to include warranty determinations shall be requested by either calling the telephone number below or submitting requests to the email address below –

- Telephone - 210-979-8989 ext 235
- Email address - ats_support@caci.com
