Academic Credit Programs

Earn college credit with SkillSoft courses

One testament to the quality of courses in CVU is that they are accepted for academic credit at a number of institutions of higher education. This is an important benefit to employees who are looking to earn a college degree, or are going back for a second one. A large number of these courses can be used toward a variety of degree and certificate programs.

With today's busy schedules, everyone needs to find an education option that fits their lifestyle. Online learning is one of the best ways to achieve your goals while maintaining a healthy work/life balance. We recommend the following partners as excellent choices for flexible and high quality adult learning.

George Mason University

CompTIA News

CVU now has the courses for the current version of CompTIA Security+ which is exam code SY0-301. You can easily locate the new courses in CVU using the Browse by Category feature.

The CompTIA Advanced Security+ Practitioner certification designates IT professionals with advanced-level security skills and knowledge.

The CASP exam will be available on SkillPort in January 2012.

Audio Books

The Books24x7® BusinessPro™ collection has been enhanced to include a collection of audio books that are available in MP3 format for download. All audio books are distinguished with an icon of headphones on the book cover and the text *(Audio Book)* at the end of the title so that they are easily recognizable.

Find out more about Audio Books by reading the [Quick Reference Card](#).

Upcoming Live Events

[Not by Brains Alone: Six Interventions for Knowledge Worker Productivity](#)

Featuring Tom Davenport

Live - March 13, 2012 at 12pm EDT

Length: 90 minutes

In this discussion, Tom Davenport will present six interventions for improving knowledge worker productivity, each with a set of approaches, examples, and cautions. The recommendations Davenport makes are based on several research studies he has conducted on how companies have addressed knowledge work, both successfully and unsuccessfully.
