		Option		

NOTE 1: LABOR HOURS

The labor hours (HR) listed above for the Base Period and each Option Period shall reflect the Level of Effort provided in Section H, 5252.216-9122 (Alt.1) Level of Effort clause.

NOTE 2: OPTION CLAUSE

The "OPTION TO EXTEND THE TERM OF THE CONTRACT" clause in Section I applies only to the Option CLINS.

NOTE 3: ODCs

ODCs will be limited to travel and materials stated in Section C.

NOTE 4: NOT SEPARATELY PRICED

The price for Not Separately Priced (NSP) Data items shall be included in the price of the corresponding Labor CLINS.

B.1 TYPE OF ORDER

This is a Level of Effort (term) type order.
Items in the 7xxx series are cost plus fixed fee type.
Items in the 7x99 series are Not Separately Priced (NSP).
Items in the 9xxx series are cost only, excluding fee.

B.2 ADDITIONAL CLINS

Additional CLINS may be unilaterally created by the Procuring Contracting Officer (PCO) during the performance of this Task Order to allow for additional CLINS/SLINS as needed to accommodate the multiple types of funds that may be used under this Order. These modifications will not change the overall level of effort or value of the task order.

B.3 SMALL BUSINESS SUBCONTRACTING

The Contractor is required to subcontract [REDACTED] of the total labor dollars obligated under this task order to small business concerns. Subcontracting performance shall be reported in accordance with H.5 of the MAC.

B.4 FEE INSTRUCTIONS

Option 2
Option 3
Option 4

In accordance with FAR 52.216-8 FIXED FEE, [REDACTED] (not to exceed \$100,000) of the fee payment will be reserved.

B.5 FINALIZED FIXED FEE

If the total level of effort for each period specified in Section H, 5252.216-9122 LEVEL OF EFFORT -ALTERNATE 1 (MAY 2010) is not provided by the Contractor during the period of this order, the Contracting Officer, at its sole discretion, shall finalize fee based on the percent of hours provided in relation to the fixed fee. For example, if 90% of the hours were provided, the contractor is entitled to 90% of the fixed fee.

The above fee calculation applies to all periods regardless of the level of funding. This Task Order will be incrementally funded and budgetary constraints may prevent full funding of all periods. The process for finalizing the fixed fee is the same for both fully funded periods and periods funded at less than the estimated total cost plus fixed fee.

B.6 HQ B-2-0004 EXPEDITING CONTRACT CLOSEOUT (NAVSEA) (DEC 1995)

(a) As part of the negotiated fixed price or total estimated amount of this contract, both the Government and the Contractor have agreed to waive any entitlement that otherwise might accrue to either party in any residual dollar amount of \$500 or less at the time of final contract closeout. The term "residual dollar amount" shall include all money that would otherwise be owed to either party at the end of the contract, except that, amounts connected in any way with taxation, allegations of fraud and/or antitrust violations shall be excluded. For purposes of determining residual dollar amounts, offsets of money owed by one party against money that would otherwise be paid by that party may be considered to the extent permitted by law.

(b) This agreement to waive entitlement to residual dollar amounts has been considered by both parties. It is agreed that the administrative costs for either party associated with collecting such small dollar amounts could exceed the amount to be recovered.

B.7 HQ B-2-0007 LIMITATION OF COST OR LIMITATION OF FUNDS LANGUAGE

The clause entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF FUNDS" (FAR 52.232-22), as appropriate, shall apply separately and independently to each separately identified estimated cost.

B.8 HQ B-2-0015 PAYMENT OF FEE(S) (LEVEL OF EFFORT - ALTERNATE I) (NAVSEA) (MAY 2010)

(a) For purposes of this contract, "fee" means "target fee" in cost-plus-incentive-fee type contracts, "base fee" in cost-plus-award-fee type contracts, or "fixed fee" in cost-plus-fixed-fee type contracts for level of effort type contracts.

(b) The Government shall make payments to the Contractor, subject to and in accordance with the clause in this contract entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE

FEE", (FAR 52.216-10), as applicable. Such payments shall be submitted by and payable to the Contractor pursuant to the clause of this contract entitled "ALLOWABLE COST AND PAYMENT" (FAR 52.216-7), subject to the withholding terms and conditions of the "FIXED FEE" or "INCENTIVE FEE" clause, as applicable, and shall be paid fee at the hourly rate specified above per man-hour performed and invoiced. Total fee(s) paid to the Contractor shall not exceed the fee amount(s) set forth in this contract. In no event shall the Government be required to pay the Contractor any amount in excess of the funds obligated under this contract.

B.9 HQ B-2-0020 TRAVEL COSTS - ALTERNATE I (NAVSEA) (DEC 2005)

(Applicable to CLIN 9000, if and to the extent Options are exercised, CLINs 9100 through 9400.)

(a) Except as otherwise provided herein, the Contractor shall be reimbursed for its reasonable actual travel costs in accordance with FAR 31.205-46. The costs to be reimbursed shall be those costs accepted by the cognizant DCAA.

(b) Reimbursable travel costs include only that travel performed from the Contractor's facility to the worksite, in and around the worksite, and from the worksite to the Contractor's facility.

(c) Relocation costs and travel costs incident to relocation are allowable to the extent provided in FAR 31.205-35; however, PCO approval shall be required prior to incurring relocation expenses and travel costs incident to relocation.

(d) The Contractor shall not be reimbursed for the following:

(i) travel at U.S. Military Installations where Government transportation is available,

(ii) travel performed for personal convenience/errands, including commuting to and from work, and

(iii) travel costs incurred in the replacement of personnel when such replacement is accomplished for the Contractor's or employee's convenience.

SECTION C DESCRIPTIONS AND SPECIFICATIONS

C.1 BACKGROUND

The Warfare Systems Engineering and Integration Department performs systems engineering, software support, and independent validation and verification (IV&V) functions for a variety of Navy systems. The Department provides a lead role in developing, fielding and sustaining operationally superior warfare systems and performing the full spectrum of warfare analysis, research, development, integration, test and evaluation, and certification to provide quality system engineering and war fighting products to the Navy, Marine Corps, Army, Air Force and Coast Guard. The Department utilizes a series of "War Rooms" to promote and enable effective collaboration across technical disciplines and the various weapon and warfare systems programs under the auspices of the Department.

The Warfare Systems Program Office (WSPO) within the Warfare Systems Engineering and Integration Department was established to promote synergy across warfare and combat system development and ship acquisition programs within the Naval Surface Warfare Center Dahlgren Division (NSWCDD). The WSPO achieves this synergy in two parts. In the first part, the WSPO provides strategic planning, coordination, collaboration and programmatic execution of similar complex warfare and combat system program efforts, including the associated weapons and systems for those programs, executed across all NSWCDD Departments. WSPO works with various sponsors including Naval Sea Systems Command (NAVSEA), Program Executive Office (PEO) Integrated Warfare Systems (IWS), PEO Ships, Fleet, Marine Corp, Coast Guard, Army, and the Missile Defense Agency (MDA) to advocate their requirements and promote NSWCDD technical capability as appropriate to render efficient and effective solutions to their requirements. In the second part of the synergy, the WSPO consolidates business, financial management and associated administrative support functions under a centralized WSPO Business Office. The WSPO Business Office works collaboratively with the NSWCDD Corporate and Department business offices to ensure compatibility of financial systems and processes. The WSPO promotes commonality of business operations across multiple NSWCDD programs and technical departments as well as sponsor organizations.

C.2 SCOPE

Although this statement of work describes five distinct functional areas, the Contractor shall provide coordinated support across all areas and programs to share knowledge, information, and lessons learned while avoiding duplication, reinvention and other unnecessary cost.

The Contractor shall develop, evolve and recommend program business strategic visions and plans working directly with the Technical Departments and WSPO. This tasking shall address and develop options for the 'way ahead' given austere budget environments and increasing operational and technical requirements; mandated yet unfunded corporate and enterprise requirements; decreasing ratio of government to Contractor workforce and other constraints. This tasking shall identify business and program management efficiencies to be implemented that will achieve cost and time savings. In addition this effort shall develop strategies for evolving the WSPO program management and business offices to support future Navy requirements in the 2020 and 2025 time frames.

The Contractor shall generate program specific tactical and strategic plans; contribute to program execution tasks; develop task statements, Ballistic

Missile Defense (BMD) Task and Task Planning Sheets (TPSs); develop master and integrated program schedules at the combat system, weapon system, and element level; review technical and managerial products for accuracy and compliance with tasking; integrate and coordinate with Major Program Managers (MPM) and sponsor staffs; plan meetings, and reviews; and produce supporting materials necessary for efficient and effective programmatic execution.

The Contractor shall work directly with WSP0 Business Office and Government Program Directors (PDs) to develop and implement Network Activities (NWAs) and Work Breakdown Structures (WBSSs); oversee acceptance of funding; assign funding for in-house and contract work efforts in accordance with approved program plans; develop responses to financial data calls and produce financial artifacts requested by sponsor, NSWCDD, Naval Surface Warfare Center (NSWC) and NAVSEA financial offices; develop and track program and portfolio financial metrics; plan and organize task funding allocations and NWAs with line organizations; determine and distribute NWA balances; generate Integrated Budget, Planning and Execution System (IBPES) requisitions and Navy Enterprise Resource Planning (ERP) Procurement Requests (PRs) in conjunction with NSWCDD task leads and Contracting Officer Representatives (CORs) to incrementally fund or initiate contract actions for supplies and services necessary for program task execution.

The Contractor shall provide technical, programmatic, graphical design, communication and administrative support to the Department War Rooms and Conference Rooms. The Contractor shall transform the war room concept to a virtual environment where classified and unclassified information is stored on government owned servers and may be accessed by a team of individuals with a need-to know. The Contractor shall provide a war room environment that facilitates collection, storage, retrieval and processing of engineering, programmatic and financial data. The war room environment shall promote collaboration within and across programs and provide an effective venue to communicate information.

The Contractor shall provide administrative support services across the Department, and the WSP0. This support shall assist the government administrative, technical and management staff in day-to-day execution of programs and projects. The Contractor shall develop annual budgets for consumable supplies and capital equipment repair and replacement and initiate procurement requests for Government approval as appropriate to ensure availability of supplies and equipment to execute war room and conference room functions.

C.3 APPLICABLE DOCUMENTS

The specifications, instructions, handbooks and other publications listed below are applicable to this order and may be referenced in POA&MS or Technical Instructions. Current editions are governing unless a specific edition is cited in the POA&M or Technical Instructions when issued:

C.4 PROGRAM AND BUSINESS STRATEGIC VISION AND PLANNING

C.4.1 The Contractor shall evaluate and assess the current NSWCDD, Warfare Systems Engineering and Integration Department and WSP0 programmatic and business operations. The Contractor shall identify process and procedure inefficiencies in programmatic and financial services and recommend changes that can bring the realization of efficiencies through enhanced processes,

training and tools thereby decreasing processing times and producing measurable cost savings. The Contractor shall participate in multi-disciplined study teams, perform independent assessments, or rely on previous knowledge and experience to recommend programmatic and financial services improvements that will support integrated programmatic and business practices within the NSWCCD, NAVSEA, and OPNAV construct. Studies and assessments supporting business strategy and planning shall address the following:

- Strategic Planning
 - ○ Future organizational structures and objectives
 -
 - Future management practices and methodologies
 - Navy and Department of Defense Strategic Plans, Vision Statements and other documentation concerning the future state of the Navy
 - Effects of Navy, NAVSEA, NSWC, and NSWCCD Technical Department Transformations
 - Congressional budgets and plans that affect the Department and WSPO programs
 - Historical data and trends in financial allocations and expenditures
 - Availability and health of the resources (e.g., personnel, skills, tools)
 - Customer financial reporting requirements and financial product satisfaction
 - Available financial management tools and infrastructure
 - Customer Resource Management Guidelines for execution of program and financial operations including:
 - Defined managers, stakeholders, and team members roles and responsibilities
 - Common financial processes adaptable to individual program and customer requirements and preferences
 - Financial plan definition, analysis, monitoring, and control including continuous feedback and process improvement
 - Financial performance metrics and quantitative analyses to assess program health
 - Documented procedures for planning, monitoring, and reporting progress
 - Established communication techniques among participants
 - Accountability at all organization levels

Deliverables under this task area shall include the following:

- Assessment of current capability and effectiveness reports (CDRL A008)
- Strategic planning documents for financial operations and program management (CDRL A008)
- Mission statements (CDRL A010)
- Position roles & responsibility definitions (CDRL A004)
- Risk mitigation studies (CDRL A009)
- Performance criteria documentation (CDRL A008)
- Process improvement plans (CDRL A008)
- Point papers and viewgraph briefings (CDRL A001, A002)

C.5 PROGRAM MANAGEMENT SUPPORT

C.5.1 In support of the technical programs managed within the Department and the WSPO, the Contractor shall conduct strategic research and develop point papers and white papers to recommend out-year strategic and tactical program plans that support the Five Year Defense Plan (FYDP) and the President's Budget; provide alternative approaches to current management practices and

processes (and process changes) for achieving economies of scale across the Department and the WSP0; address acquisition changes at NSWCCD, OPNAV, the Department and the WSP0 program sponsors; support future program requirements; and identify opportunities for leveraging products, assets, and capabilities between diverse programs.

C.5.1.1.1 The Contractor shall develop white papers and position papers to document project concerns, management model impacts, economically driven changes on infrastructure and support responsibilities, and the rationale for programmatic recommendations. (CDRL A001)

C.5.1.1.2 The Contractor shall maintain familiarity with the NSWCCD systems engineering and certification process for multiple ship classes, the supporting technical team responsibilities, and the Department, WSP0 and sponsor management processes. The Contractor shall perform independent studies and analyses to document potential impacts to program schedules and products. Products produced shall be white papers, position papers and briefing materials that document the rationale for maintaining or modifying established processes, recommending process improvements or new process initiation. (CDRL A001, A002)

C.5.1.2.1 The Contractor shall work collaboratively with NSWCCD Program Directors in the identification of process streamlining and adjustments for planning and execution of commitments.

C.5.1.3 The Contractor shall assess technical and programmatic impacts of sponsor generated task reprioritizations and adjustments. The Contractor shall identify scheduling issues impacting technical work and provide options for executing the tasking with minimal schedule and cost impact. (CDRL A008)

C.5.1.4 The Contractor shall modify existing government documents based on schedule changes. (CDRL A005)

C.5.2 The Contractor shall originate or modify Work Breakdown Structures, Task Planning Sheets (TPSs), BMD Task or other sponsor tasking documents to enable efficient delivery of products and services to NSWCCD.

C.5.2.1 The Contractor shall integrate technical and financial requirements necessary to develop, modify, update, and maintain TPSs, BMDTASK, or similar tasking documents. (CDRL A006, A007)

C.5.2.1.1 The Contractor shall participate in the coordination and submittal of tasking documentation in compliance with sponsor and program requirements.

C.5.2.1.2 The Contractor shall coordinate current and out-year technical tasking through participation in technical discussions with NSWCCD and Major Program Managers.

C.5.2.2 Based on NSWCCD program responsibilities and relevant sponsor budget process knowledge, the Contractor shall develop WBSs and NWAs to allocate requirements and resources for related tasking. (CDRL A006, A007)

C.5.2.2.1 The Contractor shall refine WBS and NWA definitions to be consistent with sponsor requirements. (CDRL A007)

C.5.2.2.2 The Contractor shall establish WBS and NWA methodologies for planning and tracking project tasking.

C.5.3 The Contractor shall develop cost, schedule and budget planning estimates for existing and notional programs, projects and tasks to include

modifications resulting from additional requirements and combat system upgrades.

C.5.3.1 The Contractor shall build notional (straw man) and final project cost and schedule estimates.

C.5.3.1.1 The Contractor shall develop management, program, and project plans which identify and document project requirements; outline the processes to be followed; and define the organizational requirements and notional project execution schedules which include products and services to be delivered. The Contractor shall generate and update project schedules using Microsoft Project or other tools required by the program. (CDRL A006)

C.5.3.1.2 The Contractor shall document requirements in project direction memorandums to establish NSWCCD organizational support requirements to fulfill technical responsibilities across multiple programs as well as multiple NSWCCD technical departments.

C.5.3.1.3 The Contractor shall develop briefing materials and presentations in order to negotiate and provide planning information to the NSWCCD line executing organizations. (CDRL A002)

C.5.3.2 The Contractor shall perform project work package definition, coordination, tracking and oversight incorporating financial planning and execution data.

C.5.3.2.1 The Contractor shall attend and contribute to project definition and coordination meetings; and document the Governments decisions, directions, and actions. (CDRL A003)

C.5.3.2.2 The Contractor shall identify, document and track all project commitments and dependencies in project plans.

C.5.3.2.3 The Contractor shall develop project status packages for milestone and oversight meetings, sponsor program reviews, and NSWCCD internal reviews.

C.5.3.2.3.1 The Contractor shall schedule meetings and prepare presentation packages for oversight meetings, sponsor program reviews, and NSWCCD internal reviews. (CDRL A002)

C.5.3.2.3.2 The Contractor shall document project status meeting proceedings, issues, and decisions in meeting reports. (CDRL A013)

C.5.3.2.3.3 The Contractor shall identify, document, disseminate, and track project related action items. The Contractor shall maintain current action item status and archive resolved issues for historical purposes. (CDRL A005)

C.5.3.2.3.4 The Contractor shall resolve action items and develop responses to emergent data requests.

C.5.3.2.3.5 The Contractor shall produce or populate project web pages with current project direction information, management plans, work package definition, schedules, risk management information, milestone and metrics guidelines, and meeting presentations and reports.

C.5.4 The Contractor shall identify and document project risks and mitigations.

C.5.4.1 The Contractor shall identify, quantify and document project risks. (CDRL A005)

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 48 of 192	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

C.5.4.1.1 The Contractor shall provide recommendations and document corrective actions/mitigations for risks. (CDRL A011)

C.5.4.1.2 The Contractor shall maintain integrated risk databases to track and archive risk items. (CDRL A011)

C.5.4.1.3 The Contractor shall develop a comprehensive risk assessment for technical programs. The Contractor shall identify and prioritize risk mitigation factors for each program. (CDRL A011)

C.5.5 The Contractor shall identify, collect, and analyze program metrics and report program health.(CDRL A013)

C.5.5.1 The Contractor shall identify and perform analysis of appropriate metrics that yield insight into the project's status, efficiencies, and risks that facilitate project corrective action.

C.5.5.1.1 The Contractor shall document program metrics requirements and provide metrics templates for use by the NSWCDD line organizations.

C.5.5.1.2 The Contractor shall analyze collected metrics; generate summary/status reports; and report results to WSPO, Program Directors and line managers for dissemination to sponsors, NSWC and NSWCDD Command Staff. (CDRL A008)

C.5.6 The Contractor shall generate Weapon and Combat System Software Certification and Authorization Letters for Government approval. (CDRL A001)

C.5.6.1 The Contractor shall generate certification and authorization letters for all assigned ship classes and sites. This task requires understanding of the technical intent of the letter as well as naval correspondence requirements to ensure effective communication with the Fleet.

C.5.6.1.1 The Contractor shall investigate and resolve programmatic issues impacting certification of computer programs.

C.5.6.1.2 The Contractor shall work with NSWCDD technical staff to ascertain and document limitations and restrictions on tactical and non-tactical computer programs.

C.5.7 The Contractor shall provide program and project management support.

C.5.7.1 The Contractor shall develop and provide status briefing packages for internal use and at levels above NSWCDD including NSWC, NAVSEA, PEO IWS, PEO Ships, OPNAV, MDA and other sponsor organizations. (CDRL A002)

C.5.7.2 The Contractor shall develop presentations that address specific programmatic, technical, or financial issues and assigned action items. (CDRL A002)

C.5.7.3 The Contractor shall develop and implement a process that enables quick archival and retrieval of briefing materials to minimize rework and the possibility of providing conflicting information.

C.5.7.4 The Contractor shall develop and maintain information/presentations and the development and update of strategies to implement systems engineering decisions. The Contractor shall collect, analyze and manage data in the development and presentation of status, information, and decision briefings. To fully execute this requirement, the Contractor requires access to classified (Top Secret/Sensitive Compartmented Information (SI/TK/HC/G)) cyber-warfare information, incident reports, tools, techniques and meetings related to combat systems ashore and afloat cyber-security and information

assurance planning and systems engineering. (CDRL A002, A005)

C.5.7.5 The support provided shall be integrated in the War Room environment. Although there will be emergent events, the majority of the War Rooms are dedicated to use by a particular program. During emergent events, additional graphic design, administrative, and technical support shall be provided (e.g. certification events or design reviews requiring large volumes of printed material) to support emergent events. (CDRL A002)

C.6 WSPO BUSINESS OPERATIONS

C.6.1 Effective financial planning, processing, tracking, and reporting shall be provided to ensure programs deliver products and services within budget and on schedule.

C.6.1.1 The Contractor shall attend internal budget planning meetings with respective Program Directors and Senior WSPo Staff and implement their planning guidance. The Contractor shall make recommendations that support the Department and WSPo objectives and strategic goals while satisfying program specific requirements. The Contractor shall attend budget meetings to develop integrated WSPo budget documentation and shall maintain budget planning information in ERP and the WSPo financial data bases. The Contractor shall provide data to support budget negotiations and expenditure reporting with sponsors, budget re-planning and impact analyses due to budget changes, funding increases/decreases, or schedule changes. (CDRL A003)

C.6.1.2 The Contractor shall verify task order funding plans have been reviewed and approved by the appropriate COR and line manager.

C.6.1.3 The Contractor shall deliver under this task Budget Planning Documentation. Formats and templates typically exist for these reports and are often both MPM and PD unique. Access to the information required to produce these reports is available through use of current NSWCDD data bases such as IBPES, ERP, and Work Assignment Website (WAW), etc. Financial Management Plans, Program Plans, WAW Work Packages, Work Breakdown Structures shall be entered into applicable financial systems such as IBPES, ERP, and WAW. The Contractor shall generate Funding Profiles (FY, CY, and FYDP), Task Summaries (TPS / BMD TASK), Budget Allocation Plans, Resource Allocation Plans, Budget Impact Reports / Reclamas, Point papers, viewgraph briefings, and other budgetary reports. (CDRL A005)

C.6.2 The Contractor shall receive funding documents into the WSPo and maintain financial management tracking tools in accordance with established program plans and WSPo procedures. Specific tasks shall include the following:

- Review funding documents received by the WSPo to determine applicable program and WAW Work Package number.
-
- Coordinate with MPM and sponsor financial staffs as well as NSWCDD Comptroller Organization personnel and Technical Department Administrative Officers, to rectify errors, omissions, or other issues regarding funding documents.
- Interface with PDs and program personnel to determine tracking requirements and appropriate allocations for funds received.
- Identify the NWAs associated with each tracking element within PD format guidance and provide information to the NSWCDD Comptroller for acceptance and entry into the Financial Tracking System.
- Capture work completion dates in the Financial Tracking System to track

completion of tasking within the budget lifespan.

- Update WSP0 financial and resource tracking systems to activate new NWAs or restrict spent NWAs and notify appropriate organizations of availability of funds.
- Conduct status reviews and plot expenditure trends to ensure they are consistent with plans and notify appropriate government personnel of all risk areas.
- Adjust funding allocations as approved by the PD to accommodate changes in program plans (including regularly scheduled re-plans and unplanned changes).
- Maintain dialogue with the PD, task leaders, and sponsor financial personnel to coordinate timely processing of funds.
- Maintain program financial files including all funding documents and related correspondence and allocation reports.
- Issue requisitions to program assigned Contractor support.
- Notify PDs and WSP0 leadership of receipt of funds.

Deliverables under this task are the WSP0 financial reports for WSP0, PDs, and sponsor organizations. (CDRL A005).

C.6.3 The Contractor shall monitor funding execution to ensure execution is in line with approved spend plans and coordinate with respective Line Managers, their staff, and the PD to identify and remedy any discrepancies. The Contractor shall prepare responses to the sponsor, using sponsor provided templates and guidance, and Center data calls. The Contractor shall conduct analysis of financial data for top level planning, forecasting and inputs for current and out year funding. Specific tasks shall include the following: (CDRL A008)

- Develop or utilize existing processes and IT tools to track and report funding allocations and associated changes for all NSWCDD internal and Contractor organizations.
-
- Provide financial status reports for cognizant organizations.
- Prepare sponsor status reports in designated formats including Earned Value Management System (EVMS) when applicable.
- Develop or utilize existing processes and IT tools to collect and report financial metrics.
- Identify and alert PD of need for corrective actions.
- Identify risk areas and recommend risk mitigation plans relative to funding issues, overruns
- Provide budget status and organizationally oriented reports to support resource planning for current and future years.
- Attend and participate in meetings and reviews to track performance status.

Deliverables under this task shall include Financial Plans & Reports (CDRL A005):

- Financial Status Reports & Charts in fiscal year or calendar year format
 -
- - Plan vs. Actual & Projected Expenditures
 - Allocation vs. Actual & Projected Expenditures
 - Weekly / Monthly Expenditure Trends

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 51 of 192	FINAL

- Expenditures by Category / Organization / Work Area
- Resource Allocation Reports
- Program Performance Metric Reports
- EVMS (Earned Value Management System) Reports & Charts
- Risk Assessment and Mitigation Reports
- Point papers and viewgraph briefings
- Other emergent financial reports.

C.6.4 The WSP0 responsibilities span numerous ship and combat system acquisition programs and affect many and varied organizations throughout multiple NSWCCD Departments. Government personnel with varying levels of management, financial, and programmatic knowledge and experience support these programs. Tools and processes supporting WSP0 operations are sometimes unique and often unfamiliar to new personnel within the organization. The Contractor shall develop documentation and training material to indoctrinate and instruct personnel on designated WSP0 processes, practices, and financial operations to include Congressional, DOD, Navy and NSWCCD planning, budgeting, and execution processes and timelines. In addition, the Contractor shall provide training classes for both government and Contractor employees on the operations, processes, practices, and tools utilized by and supporting operations within the WSP0. Deliverables under this task shall include the below Process Documentation (CDRL A006, A009):

- DOD, Navy, and NSWC Budget and Financial processes and timelines
-
- WSP0 Process Documents
- WSP0 Procedure Documents
- WSP0 Financial Tools Users Guide
- WSP0 Newcomer's Guide
- Viewgraph briefings and training material
- Hands-on training classes

C.7 WAR ROOM AND CONFERENCE ROOM MANAGEMENT

C.7.1 The Contractor shall provide war room and conference room management support. This shall include generation and maintenance of security protocol and procedures including personnel access lists in each war room complex and conference room. The Contractor shall identify capital equipment needs including technology refresh, refurbishment and maintenance requirements. The Contractor shall perform minor maintenance and information technology equipment installations. The Contractor shall maintain an inventory of office supplies in each war room and conference room and submit a purchase request for the procurement of office supplies. (CDRL A002, A005, A008)

C.8 MANDATORY REQUIREMENTS

The following mandatory requirements must be maintained throughout the life of the Task Order.

Requirement 1: OFFICE LOCATION - The Contractor's primary facility shall be located within sixty (60) miles of NSWCCD, Dahlgren, Virginia.

Requirement 2: FACILITY SECURITY CLEARANCE LEVEL - The Contractor's primary facility must be cleared at the SECRET level and at the SECRET level for processing and storage/safeguarding.

Requirement 3: PERSONNEL SECURITY CLEARANCE LEVELS - All individuals

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 52 of 192	FINAL

performing work under the contract are required to have a SECRET Security clearance. Interim SECRET clearances are acceptable. One (1) Senior Systems Engineer shall possess and maintain TOP SECRET level security clearance and SCI once sponsored by the Government.

C.9 PLACE OF PERFORMANCE

C.9.1 Support under this task order shall be performed primarily at government facilities at NSWCDD in Dahlgren, VA. Business and financial support shall be provided on-site in NSWCDD spaces. War Room and Program Management support shall be provided on-site in NSWCDD spaces. The Contractor shall provide support in the Building 1500 and Building 1490 War Room complexes and ensure access to each facility is available from 0800 - 1700 Monday through Friday excluding government holidays. Contractor personnel not assigned to NSWCDD office spaces shall attend multiple nonconsecutive meetings or events at NSWCDD throughout a given day. The government will not provide temporary office space between meetings or events.

C.9.2 Due to the collaborative nature of support provided by this task order, telework shall be kept to a minimum and must adhere to the company's approved teleworking policy.

C.10 SPECIAL TASK ORDER REQUIREMENTS

C.10.1 NON-DISCLOSURE AGREEMENTS

In the execution of this task order, the Contractor will have access to Sensitive Business Information of other Contractors supporting the Department and WSPO operations. The Contractor shall therefore shall enter into Non-Disclosure Agreements with all such organizations and submit a copy of the signed Agreement to the Government.

C.10.2 PERSONALLY IDENTIFIABLE INFORMATION

In the execution of this task order, the Contractor shall be responsible for safeguarding of numerous types of restricted financial and costing data, personnel information, etc. The data shall include For Official Use Only (FOUO); Privacy Data; Salary Information; NSWCDD Business and Acquisition Plans.

C.11 THE CONTRACTING OFFICERS MONTHLY REPORT

The Contractor shall provide the Contracting Officers Monthly Report describing task order performance and financial status. The report shall reflect both prime and subContractor data at the same level. (CDRL A012)

C.12 TASK ORDER ADMINISTRATION

C.12.1 GOVERNMENT OFFICE SPACE

Government furnished office space will be provided in Building 1500 and Building 1490 for 40 individuals. The number of spaces per labor category are provided below.

Principal Business and Financial Manager - 1

Lead Business Financial Manager - 3

Senior Business Financial Manager - 3

C.12.1.1 GOVERNMENT FURNISHED INFORMATION (GFI) The COR or his designated representative will provide all financial and programmatic data required for successful day-to-day execution of this order.

C.12.2 TECHNICAL INSTRUCTIONS

Technical instructions as described in Section H may be issued for clarification of specific tasking under this order.

C.13 SEMI-ANNUAL IN-PROGRESS REVIEWS (IPRs)

C.13.1 The Contractor shall prepare In-Progress Reviews (IPRs) to be held Semi-Annually at a location mutually agreed upon by the Contractor and the Government. The format for the IPR presentation shall be mutually agreed upon by the Contractor and COR. An agenda will be provided one week in advance of the IPR. These agenda items shall address the status of action items from the previous IPR and pertinent issues. All information presented shall be up-to-date as of the final agreed upon agenda. Emergent/future interest items and meetings shall be discussed during the IPR. A listing of Action Items and Meeting Minutes including an attendance listing shall be provided to the COR by the Contractor within 5 working days of the IPR.

C.14 DATA DELIVERABLES

Exhibit A provides a master list of CDRLs for this requirement. All deliverables should be in accordance with Exhibit A.

C.15 TRAVEL & MATERIALS

C.15.1 The Contractor may be required to travel in performance of this task order. The numbers of trips and types of personnel traveling shall be limited to the minimum required to accomplish work requirements and shall be coordinated with the COR. All travel shall be conducted in accordance with FAR 31.205-46 Travel Costs and shall be pre-approved by the COR. A list of representative locations is provided below:

- Moorestown, NJ
- Port Hueneme, CA
- Suffolk, VA
- Norfolk, VA
- Patuxent River, MD
- Lakehurst, NJ
- Philadelphia, PA
- Washington, DC
- Charleston, SC

----------------------------------	---	----------------------------------	-------------------	-------

C.15.2 EQUIPMENT, MATERIAL, AND CONSUMABLES

C.15.2.1 This Task Order is issued as a services contract and the procurement of materials of any kind that are not directly related to and necessary for performance may be determined to be unallowable costs pursuant to FAR Part 31. Materials allowed as direct charge and approved for purchase during the performance of this Task Order are the following: audiovisual equipment to include projectors, display systems and presentation equipment and any additional materials needed to maintain continuity of operations of the war rooms.

C.15.2.2 If the Contractor operates a DCMA-approved purchasing system, individual item purchases equal to or over \$10,000 shall not be executed until the COR reviews the requested purchase and approval is obtained from the Procuring Contracting Officer (PCO). If the Contractor does not operate an approved purchasing system, individual item purchases equal to or over \$3,000 shall not be executed until the COR reviews the requested purchase and approval is obtained from the PCO.

C.16 SECURITY

C.16.1 Personnel providing direct support to this effort shall be cleared to the level of SECRET, unless they are supporting tasking at the TOP SECRET level in which case they will be required to obtain the appropriate security credentials. To fully execute the program management support function, the Contractor requires access to classified (Top Secret/Sensitive Compartmented Information (SI/TK/HC/G)) cyber-warfare information, incident reports, tools, techniques and meetings related to combat systems ashore and afloat cyber-security and information assurance planning and systems engineering. Contractor will require NATO access in order to access SIPRNET terminals to obtain classified programmatic information. Access to Non-SCI intelligence data, Restricted Data, Formerly Restricted Data is required to access program requirement documents. The Contractor shall publish technical reports and documentation to DTIC after receiving proper distribution approval. Access to classified spaces and generation of classified material shall be in accordance with DD Form 254. The Department of Defense Contract Security Classification Specification (DD Form 254) provides the security classification requirements for this task order. The Contractor shall obtain facility and personnel security clearances required by the Department of Industrial Security Program prior to starting to work on tasks requiring clearances.

C.16.2 Electronic Spillages (ES) are unacceptable and pose a risk to national security. An electronic spillage is defined as classified data placed on an information system (IS), media or hardcopy document possessing insufficient security controls to protect the data at the required classification level, thus posing a risk to national security (e.g., sensitive compartmented information (SCI) onto collateral, Secret onto Unclassified, etc.). The Contractor's performance as it relates to ES will be evaluated by the Government. ES reflects on the overall security posture of NSWCDD and a lack of attention to detail with regard to the handling of classified information of IS security discipline and will be reflected in the Contractor's performance rating. In the event that a Contractor is determined to be responsible for an ES, all direct and indirect costs incurred by the Government for ES remediation will be charged to the Contractor.

NSWCDD Security will continue to be responsible for the corrective action plan in accordance with the security guidance reflected on the DOD Contract Security Classification Specification - DD254. NSWCDD Security will identify

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 55 of 192	FINAL

the Contractor facility and contract number associated with all electronic spillages during the investigation that involve Contractor support. NSWCCD Security will notify the Contracts Division with the Contractor facility name and contract number, incident specifics and associated costs for clean-up. The Contracting Officer will be responsible to work with the Contractor Facility to capture the costs incurred during the spillage clean up. The Contractor is also responsible for taking Information Security Awareness training annually, via their Facility Security Officer (FSO), as part of the mandatory training requirements. If a spillage occurs additional training will be required to prevent recurrence.

C.16.3 Portable Electronic Devices (PEDs)

C.16.3.1 Non-government or personally owned portable electronic devices (PEDs) are prohibited in all NSWCCD buildings with the exception of personally owned cell phones which are authorized for use in spaces up to and including Controlled Access Areas. The Contractor shall ensure the on-site personnel remain compliant with this PED policy. NSWCCD instruction defines PEDS as the following: any electronic device designed to be easily transported, with the capability to store, record, receive or transmit text, images, video, or audio data in any format via any transmission medium. PEDS include, but are not limited to, pagers, laptops, radios, compact discs and cassette players/recorders. In addition, this includes removable storage media such as flash memory, memory sticks, multimedia cards and secure digital cards, micro-drive modules, ZIP drives, ZIP disks, recordable CDs, DVDs, MP3 players, iPADS, digital picture frames, electronic book readers, Kindle, Nook, cameras, external hard disk drives, and floppy diskettes.

C.16.3.2 PEDs belonging to an external organization shall not be connected to NSWCCD networks or infrastructure without prior approval from the NSWCCD Information Assurance and Compliance Branch, 1043. This approval will be granted using the TARIS form and action tracker process.

C.16.3.3 Personally owned hardware or software shall not be connected or introduced to any NSWCCD hardware, network or information system infrastructure.

C.16.4 Visits by Foreign Nationals and Foreign Representatives

C.16.4.1 Contract performance may require that the Contractor host, at an off-base location, foreign nationals or foreign representatives. A foreign national is a person who is a citizen of a foreign nation, and who is not a citizen of the United States. A foreign representative is a person who represents a foreign interest in dealings with the U.S. Government, either directly or through dealings with a U.S. Government Contractor. A foreign representative may be a United States citizen.

C.16.4.1.1 A Contractor-hosted visit of a foreign national or foreign representative may be either an "official" visit or an "unofficial" visit. An official visit is a visit where the foreign national or foreign representative is representing a foreign government in an official capacity. An unofficial visit is a visit where the foreign national or foreign representative is not representing a foreign government.

C.16.4.1.2 A visit by a foreign national or a foreign representative may be either "DoD Sponsored" or "Non-DoD Sponsored". A DoD Sponsored visit is a visit that is coordinated by a DoD entity. A Non-DoD Sponsored visit is a visit that does not involve DoD coordination (A visit by either a foreign national or a foreign representative pursuant to performance by the Contractor

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 56 of 192	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

under this contract is not considered to be, by itself, a sponsored visit).

C.16.4.2 The Contractor hosting a visit by either a foreign national or a foreign representative is responsible for adherence to Department of Defense and

Department of the Navy directives, instructions, regulations, and manuals that govern foreign disclosure. "Foreign Disclosure" is defined as the disclosure of Classified Military Information (CMI) and Controlled Unclassified Information (CUI) to foreign nationals or foreign representatives. Disclosure of such information may be accomplished orally, visually, in writing, or by any other medium.

C.16.4.2.1 Classified Military Information (CMI). This is information that is originated by or for the Department of Defense, or a Military Department, or an entity under its jurisdiction and control, and which requires protection in the interest of national security. Such information is designated as TOP SECRET, SECRET, or CONFIDENTIAL.

C.16.4.2.2 Controlled Unclassified Information (CUI). This is information that although unclassified is subject to access or distribution limitations in accordance with statute or regulation. Included is information exempt from mandatory release to the public under the Freedom of Information Act, or information that is subject to export control.

C.16.4.3 Naval Surface Warfare Center Dahlgren Division (NSWCDD) has established a Foreign National Visitor approval and Foreign Disclosure Application process. Whenever, pursuant to the terms of this contract, a visit to a Contractor facility or Contractor workspace by a foreign national or foreign representative is anticipated, and one or more NSWCDD employees will be in attendance at this visit/meeting for the purpose of potential discussions, above the public release level, resulting in disclosure of either CMI or CUI, a completed "NSWCDD Foreign National Visitor and Foreign Disclosure Application" e-form must be supplied to the Contractor's Facility Security Officer (FSO). The accountable NSWCDD personnel attending the meeting must ensure that the NSWCDD disclosure process has been complied with and an approved copy of the "NSWCDD Foreign National Visitor and Foreign Disclosure Application" generated e-form has been provided to the COR and the Contractor's FSO. The Contractor's FSO should ensure that approved copies of the e-form are maintained at their facility as a record of compliance with requirements set forth in the National Industrial Security Program Operating Manual (NISPO) as well as the requirements set forth above.

C.17 ON-SITE ENVIRONMENTAL AWARENESS

C.17.1 The Contractor shall strictly adhere to all Federal, State and local laws and regulations, Executive Orders, and Department of Defense and Navy policies.

C.17.2 The Contractor shall ensure that each contractor employee who has been or will be issued a Common Access Card (CAC) completes the annual NSWCDD Environmental Awareness Training (EAT) within 30 days of commencing contract performance and annually thereafter as directed by their NSWCDD training coordinator or their COR.

C.17.3 The Contractor shall ensure that each Contractor employee not required to complete the training described in part C.17.2 above (i.e., those who do not have and will not be issued a CAC) reads the NSWCDD Environmental Policy Statement within 30 days of commencing contract performance. This document will be available from the COR, however, the policy is also provided on the

publicly-available NSWCCD website,
<https://wwwdd.nmci.navy.mil/program/Safety and Environmental Office>.

C.17.4 Within 30 days of commencing contract performance, the Contractor shall certify by e-mail to their COR that the requirements captured by C.17.2 and C.17.3 have been met. The e-mail shall include each employee name and work site and shall indicate which requirement (C.17.2 or C.17.3) each employee has satisfied.

C.17.5 Contractor copies of the records generated by the actions described in C.17.2 or C.17.3 will be maintained and disposed of by the Contractor in accordance with SECNAVINST 5210.8D.

C.18 ON-SITE SAFETY REQUIREMENTS

C.18.1 The Contractor shall strictly adhere to Federal Occupational Safety and Health Agency (OSHA) Regulations, Environmental Protection Agency (EPA) Regulations, and all applicable state and local requirements.

C.18.2 The Contractor shall ensure that each Contractor employee reads the document entitled, "Occupational Safety and Health (OSH) Policy Statement" within 30 days of commencing performance at NSWCCD. This document is available at:
<https://wwwdd.nmci.navy.mil/program/Safety and Environmental Office/Safety /Safety.html>

C.18.3 The Contractor shall provide each Contractor employee with the training required to do his/her job safely and in compliance with applicable regulations. The Contractor shall document and provide, upon request, qualifications, certifications, and licenses.

C.18.4 The Contractor shall provide each Contractor employee with the personal protective equipment required to do their job safely and in compliance with all applicable regulations.

C.18.5 Contractors working with ionizing radiation (radioactive material or machine sources) must comply with NAVSEA S0420-AA-RAD-010 (latest revision) [provided upon request]. Prior to bringing radioactive materials or machine sources on base, the Contractor must notify the Command Radiation Safety Officer in the Safety & Environmental Office.

C.18.6 The Contractor shall ensure that all hazardous materials (hazmat) procured for NSWCCD are procured through or approved through the hazmat procurement process. Hazmat brought into NSWCCD work spaces shall be reviewed and approved by the Safety & Environmental Office prior to use by submitting an Authorized Use List addition form and Safety Data Sheet that shall be routed through the government supervisor responsible for the specific work area. The Authorized Use List addition form can be found at
<https://wwwdd.nmci.navy.mil/program/Safety and Environmental Office/>.

C.18.7 Upon request the Contractor shall submit their OSHA 300 Logs (injury/illness rates) for review by the Safety Office. If a Contractor's injury/illness rates are above the Bureau of Labor & Statistics industry standards, a safety assessment will be performed by the Safety Office to determine if any administrative or engineering controls can be utilized to prevent further injuries/illnesses, or if any additional PPE or training will be required.

C.18.8 Applicable Contractors shall submit Total Case Incident Rate (TCIR) and Days Away, Restricted and Transfer (DART) rates for the past three years

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 58 of 192	FINAL

upon request by the Safety Office. A Contractor meets the definition of applicable if its employees worked 1,000 hours or more in any calendar quarter on site and where oversight is not directly provided in day to day activities by the command.

C.18.9 The Contractor shall report all work-related injuries/illnesses that occurred while working at NSWCDD to the Safety Office.

C.18.10 The Contractor shall ensure that all on-site Contractor work at NSWCDD is in accordance with the NSWCDDINST 5100.1D Occupational Safety and Health Instruction, available at:

https://wwwdd.nmci.navy.mil/program/Safety_and_Environmental_Office/Safety/Safety.html

C.19 ENTERPRISE-WIDE CONTRACTOR MANPOWER REPORTING APPLICATION (ECMRA)

The Contractor shall report Contractor labor hours (including SubContractor labor hours) required for performance of services provided under this contract for the Center for Surface Combat Systems via a secure data collection site. Contracted services excluded from reporting are based on Product Service Codes (PSCs). The excluded PSCs are: (1) W, Lease/Rental of Equipment; (2) X, Lease/Rental of Facilities; (3) Y, Construction of Structures and Facilities; (4) S, Utilities ONLY; (5) V, Freight and Shipping ONLY.

The Contractor is required to completely fill in all required data fields using the following web address

<https://doncmra.nmci.navy.mil>.

Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year.

C.20 HQ-C-1-0001 ITEMS 7X99 - DATA REQUIREMENTS (NAVSEA) (SEP 1992)

The data to be furnished hereunder shall be prepared in accordance with the Contract Data Requirements List, DD Form 1423, Exhibit (A), attached hereto.

C.21 HQ-C-2-0002 ACCESS TO PROPRIETARY DATA OR COMPUTER SOFTWARE (NAVSEA) (JUN 1994)

(a) Performance under this contract may require that the Contractor have access to technical data, Computer software, or other sensitive data of another party who asserts that such data software is proprietary. If access to such data or software is required or to be provided, the Contractor shall enter into a written agreement with such party prior to gaining access to such data or software. The agreement shall address, at a minimum, (1) access to, and use of, the proprietary data or software exclusively for the purposes of performance of the work required by this contract, and (2) safeguards to protect such data or software from unauthorized use or disclosure for so long as the data or software remains proprietary. In addition, the agreement shall not impose any limitation upon the Government or its employees with respect to such data or software. A copy of the executed agreement shall be provided to the Contracting Officer. The Government may unilaterally modify the contract to list those third parties with which the Contractor has agreement(s).

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 59 of 192	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

(b) The Contractor agrees to: (1) indoctrinate its personnel who will have access to the data or software as to the restrictions under which access is granted; (2) not disclose the data or software to another party or other Contractor personnel except as authorized by the Contracting Officer; (3) not engage in any other action, venture, or employment wherein this information will be used, other than under this contract, in any manner inconsistent with the spirit and intent of this requirement; (4) not disclose the data or software venturer, affiliate, successor, or assign of the Contractor; and (5) reproduce the restrictive stamp, marking, or legend on each use of the data or software whether in whole or in part.

(c) The restrictions on use and disclosure of the data and software described above also apply to such information received from the Government through any means to which the Contractor has access in the performance of this contract that contains proprietary or other restrictive markings.

(d) The Contractor agrees that it will promptly notify the Contracting Officer of any attempt by an individual, company, or Government representative not directly involved in the effort to be performed under this contract to gain access to such proprietary information. Such notification shall include the name and organization of the individual, company, or Government representative seeking access to such information.

(e) The Contractor shall include this requirement in subcontracts of any tier which involve access to information covered by paragraph (a), substituting "SubContractor" for "Contractor" where appropriate.

(f) Compliance with this requirement is a material requirement of this contract.

C.22 HQ C-2-0011 COMPUTER SOFTWARE AND/OR COMPUTER DATABASE(S) DELIVERED TO AND/OR RECEIVED FROM THE GOVERNMENT (NAVSEA) (APR 2004)

(a) The Contractor agrees to test for viruses all computer software and/or computer databases, as defined in the clause entitled "RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMMERCIAL COMPUTER SOFTWARE DOCUMENTATION" (DFARS 252.227-7014), before delivery of that computer software or computer database in whatever media and on whatever system the software is delivered. The Contractor warrants that any such computer software and/or computer database will be free of viruses when delivered.

(b) The Contractor agrees to test any computer software and/or computer database(s) received from the Government for viruses prior to use under this contract.

(c) Unless otherwise agreed in writing, any license agreement governing the use of any computer software to be delivered as a result of this contract must be paid-up and perpetual, or so nearly perpetual as to allow the use of the computer software or computer data base with the equipment for which it is obtained, or any replacement equipment, for so long as such equipment is used. Otherwise the computer software or computer database does not meet the minimum functional requirements of this contract. In the event that there is any routine to disable the computer software or computer database after the software is developed for or delivered to the Government, that routine shall not disable the computer software or computer database until at least twenty-five (25) calendar years after the delivery date of the affected computer software or computer database to the Government.

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 60 of 192	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

(d) No copy protection devices or systems shall be used in any computer software or computer database delivered under this contract to restrict or limit the Government from making copies. This does not prohibit license agreements from specifying the maximum amount of copies that can be made.

(e) Delivery by the Contractor to the Government of certain technical data and other data is now frequently required in digital form rather than as hard copy. Such delivery may cause confusion between data rights and computer software rights. It is agreed that, to the extent that any such data is computer software by virtue of its delivery in digital form, the Government will be licensed to use that digital-form data with exactly the same rights and limitations as if the data had been delivered as hard copy.

(f) Any limited rights legends or other allowed legends placed by a Contractor on technical data or other data delivered in digital form shall be digitally included on the same media as the digital-form data and must be associated with the corresponding digital-form technical data to which the legends apply to the extent possible. Such legends shall also be placed in human-readable form on a visible surface of the media carrying the digital-form data as delivered, to the extent possible.

C.23 HQ-C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000)

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the order work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the order, the Contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this order may create a potential organizational conflict of interest on the instant order or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this order shall be limited as described below in accordance with the requirements of FAR 9.5.

(d) (1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this order. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this order. This prohibition shall expire after a period of three years after completion of performance of this order.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Contractor, any subcontractor,

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 61 of 192	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the Contractor. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The Contractor further agrees that, during the performance of this order and for a period of three years after completion of performance of this order, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this order. This exclusion does not apply to any recompetition for those systems, components, or services furnished pursuant to this order. As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this order, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this order or before the three year period following completion of this order has lapsed, the Contractor may, with the authorization of the cognizant Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for systems, components, or services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action, which the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the order for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this order or becomes, or should become, aware of an organizational conflict of interest after award of this order and does not make an immediate and full disclosure in writing to the Contracting Officer, the Government may terminate this order for default.

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this order for default.

(i) The Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this order; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 62 of 192	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this order.

(n) Compliance with this requirement is a material requirement of this order.

C.24 NOTIFICATION OF POTENTIAL ORGANIZATIONAL CONFLICT(S) OF INTEREST

Offerors are reminded that certain arrangements may preclude, restrict or limit participation, in whole or in part, as either a SubContractor or as a Prime Contractor under this competitive procurement. Notwithstanding the existence or non-existence of an OCI clause in the current contract, the Offeror shall comply with FAR 9.5 and identify if an OCI exists at any tier or arises at any tier at any time during contract performance. The Contractor shall provide notice within fourteen (14) days of receipt of any information that may indicate a potential OCI and provide the Government a plan for mitigating the identified OCI.

C.25 HQ-C-2-0059 UPDATING SPECIFICATIONS AND STANDARDS (NAVSEA)(AUG 1994)

If, during the performance of this or any other contract, the Contractor believes that any contract contains outdated or different versions of any specifications or standards, the Contractor may request that all of its contracts be updated to include the current version of the applicable specification or standard. Updating shall not affect the form, fit or function of any deliverable item or increase the cost/price of the item to the Government. The Contractor should submit update requests to the Procuring Contracting Officer with copies to the Administrative Contracting Officer and cognizant program office representative for approval. The Contractor shall perform the contract in accordance with the existing specifications and standards until notified of approval/disapproval by the Procuring Contracting Officer. Any approved alternate specifications or standards will be incorporated into the contract.

C.26 CONTROL OF CONTRACTOR PERSONNEL

The Contractor shall comply with the requirements of NAVSEA instructions regarding performance in Government facilities. All persons engaged in work while on Government property shall be subject to search of their persons (no bodily search) and vehicles at any time by the Government, and shall report any known or suspected security violations to the appropriate Security Department. Assignment, transfer, and reassignment of Contractor personnel shall be at the discretion of the Contractor. However, when the Government directs, the Contractor shall remove from contract performance any person who endangers life, property, or national security through improper conduct. All

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 63 of 192	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

Contractor personnel engaged in work while on Government property shall be subject to all applicable DoD and Navy Standards of Conduct, and Ethics rules and regulations. The Contractor shall adhere to all work schedules and instructions with this Statement of Work. Any perceived conflict shall be directed to the COR and Contract Specialist. The Contractor shall maintain an employee roster for all NSWCDD locations for use in the event of an emergency, drill and/or muster.

C.27 SUBCONTRACTORS/CONSULTANTS

In addition to the information required by FAR 52.244-2 Alternate 1 (JUN 2007), the contractor shall include the following information in requests to add subcontractors or consultants during performance, regardless of subcontract type or pricing arrangement.

- (1) Clearly present the business case for the addition of the subcontractor/consultant,
- (2) If applicable, the impact on subcontracting goals, and
- (3) Impact on providing support at the contracted value.

C.28 NON-DISCLOSURE AGREEMENTS (NDAs)

NDAs may be utilized to allow for access to company sensitive and proprietary data. For tasks requiring NDAs, the contractor shall obtain appropriate agreements for all of their employees that are associated with the task requiring such an agreement.

Contractor personnel may be required, from time to time, to sign non-disclosure statements/agreements as applicable to specific tasking. The COR will notify the contractor of the number and type of personnel that will need to sign the NDAs. The signed NDAs shall be executed prior to accessing data or providing support for information that must be safeguarded. Copies of all executed NDAs shall be provided to the COR for endorsement and retention.

C.29 DIGITAL DELIVERY OF DATA

(a) Delivery by the Contractor to the Government of certain technical data and other information is now frequently required to be made in digital form rather than in hardcopy form. The method of delivery of such data and/or other information (i.e., in electronic, digital, paper hardcopy, or other form) shall not be deemed to affect in any way either the identity of the information (i.e., as "technical data" or "computer software") or the Government's and the Contractor's respective rights therein.

(b) Whenever technical data and/or computer software deliverables required by this contract are to be delivered in digital form, any authorized, required, or permitted markings relating to the Government's rights in and to such technical data and/or computer software must also be digitally included as part of the deliverable and on or in the same medium used to deliver the technical data and/or software. Such markings must be clearly associated with the corresponding technical data and/or computer software to which the markings relate and must be included in such a way that the marking(s) appear in human-readable form when the technical data and/or software is accessed and/or used. Such markings must also be applied in conspicuous human-readable form on a visible portion of any physical medium used to effect delivery of the technical data and/or computer software. Nothing in this paragraph shall replace or relieve the Contractor's obligations with respect to requirements

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 64 of 192	FINAL

for marking technical data and/or computer software that are imposed by other applicable clauses such as, where applicable and without limitation, DFARS 252.227-7013 and/or DFARS 252.227-7014.

(c) Digital delivery means (such as but not limited to Internet tools, websites, shared networks, and the like) sometimes require, as a condition for access to and/or use of the means, an agreement by a user to certain terms, agreements, or other restrictions such as but not limited to "Terms of Use," licenses, or other restrictions intended to be applicable to the information being delivered via the digital delivery means. The Contractor expressly acknowledges that, with respect to deliverables made according to this contract, no such terms, agreements, or other restrictions shall be applicable to or enforceable with respect to such deliverables unless such terms, agreements, or other restrictions expressly have been accepted in writing by the Procuring Contracting Officer; otherwise, the Government's rights in and to such deliverables shall be governed exclusively by the terms of this task order.

C.30 SENSITIVE, PROPRIETARY, AND PERSONAL INFORMATION

Work under this contact may require that personnel have access to Privacy Information. Contractor personnel shall adhere to the Privacy Act, Title 5 of the U.S. Code. Section 552a and applicable agency rules and regulations.

Access to and preparation of sensitive information subject to privacy Act and Business Sensitive safeguarding and destruction may be required in the execution of tasking associated with this contract. Administratively sensitive information/data must not be shared outside of the specific work areas. All personnel with access to privacy act data in support of this contract must sign a privacy act certification.

C.31 NON-PERSONAL SERVICES/INHERENTLY GOVERNMENTAL FUNCTIONS

(a) The Government will neither supervise contractor employees nor control the method by which the contractor performs the required tasks. The Government will not direct the hiring, dismissal or reassignment of contractor personnel. Under no circumstances shall the Government assign tasks to, or prepare work schedules for, individual contractor employees. It shall be the responsibility of the contractor to manage its employees and to guard against any actions that are of the nature of personal services or give the perception that personal services are being provided. If the contractor feels that any actions constitute, or are perceived to constitute personal services, it shall be the contractor's responsibility to notify the Contracting Officer immediately in accordance with the clause 52.243-7.

(b) Inherently-Governmental functions are not within the scope of this Task Order. Decisions relative to programs supported by the contractor shall be the sole responsibility of the Government. The contractor may be required to attend technical meetings for the Government; however, they are not, under any circumstances, authorized to represent the Government or give the appearance that they are doing so.

C.32 CONTRACTOR IDENTIFICATION

The contractor shall be required to obtain identification badges from the Government for all contractor personnel requiring regular access to Government property. The identification badge shall be visible at all times while employees are on Government property. The contractor shall furnish all requested information required to facilitate issuance of identification badges

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 65 of 192	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

and shall conform to applicable regulations concerning the use and possession of the badges. The contractor shall be responsible for ensuring that all identification badges issued to contractor employees are returned to the appropriate Security Office within 48 hours following completion of the Task Order, relocation or termination of an employee, and upon request by the Procuring Contracting Officer.

All contractor personnel shall identify their company affiliation when answering or making telephone calls and sending email and when attending meetings where Government personnel or representatives from another contractor are present.

C.33 TERMINATION OF EMPLOYEES WITH BASE ACCESS

(a) The Contractor shall ensure that all employees who have a DoD badge and or vehicle sticker turn in the badge and remove the vehicle sticker immediately upon termination of their employment under this order. The above requirement shall be made a part of the standard employee facility clearance procedures for all separated personnel. The Contractor shall advise Command Physical Security of all changes in their personnel requiring DoD base access.

(b) For involuntarily separated personnel and those separated under adverse circumstances, the Contractor shall notify Command Physical Security in advance of the date, time, and location where the Command representative may physically remove the employee's vehicle sticker and retrieve the DoD badge prior to the employee departing the Contractor's facility. In the event the employee is separated in his or her absence, the Contractor shall immediately notify Command Physical Security of the separation and make arrangements between the former employee and Command Physical Security for the return of the badge and removal of the sticker.

C.34 ECRAFT STANDARD LANGUAGE

(a) The Contractor agrees to upload the Contractor's Funds and Man-hour Expenditure Reports in the Electronic Cost Reporting and Financial Tracking (eCRAFT) System and submit the Contractor's Performance Report on the day and for the same timeframe the Contractor submits an invoice into the Wide Area Workflow (WAWF) module on the Procurement Integrated Enterprise Environment (PIEE) system. Compliance with this requirement is a material requirement of this contract. Failure to comply with this requirement may result in contract termination.

(b) The Contract Status Report indicates the progress of work and the status of the program and of all assigned tasks. It informs the Government of existing or potential problem areas.

(c) The Contractor's Fund and Man-hour Expenditure Report reports contractor expenditures for labor, materials, travel, subcontractor usage, and other contract charges.

(1) Access: eCRAFT: Reports are uploaded through the eCRAFT System Periodic Report Utility (EPRU). The EPRU spreadsheet and user manual can be obtained at:

SECTION E INSPECTION AND ACCEPTANCE

E.1 HQ E-1-0001 INSPECTION AND ACCEPTANCE LANGUAGE FOR DATA

Inspection and acceptance of all data shall be as specified on the attached Contract Data Requirements List(s), DD Form 1423.

E.2 HQ E-1-0003 INSPECTION AND ACCEPTANCE LANGUAGE FOR F.O.B. DESTINATION DELIVERIES

Item(s) 9000 - 9400 - Inspection and acceptance shall be made at destination by a representative of the Government.

E.3 HQ E-1-0007 INSPECTION AND ACCEPTANCE LANGUAGE FOR LOE SERVICES

Items 7000 - 7499 - Inspection and acceptance shall be made by the Contracting Officer's Representative (COR) or a designated representative of the Government.

E.4 PERFORMANCE TASK ORDER REVIEW AND ACCEPTANCE PROCEDURES - THE QUALITY ASSURANCE SURVEILLANCE PLAN (QASP)

E.4.1 The contractor's performance in each of the task areas of Statement Of Work will be continually monitored in conjunction with the Contractor Performance Assessment Reporting System (CPARS) and the criteria set forth below. The results of this evaluation will factor into the Government's Option Exercise determination and will be included in the contractor's CPARS evaluation, which is accomplished on an annual basis. The evaluation will be based on contractor performance during the previous period. The primary Government official responsible for the QASP evaluation is the Contracting Officers Representative (COR) for the contract. Other Government individuals having information relevant to the quality of contractor performance may assist the COR, as necessary.

E.4.2 Contractor performance will be assessed on a continuing basis throughout the year based on review and assessment of products and deliverables (technical and management), by observation of personnel during technical meetings and task execution, by monthly progress and status reports for the Contractor, formal In-Progress Reviews, and general contacts with the contractor.

E.4.3 Contractor performance will be evaluated in five general areas. A rating of Exceptional, Very Good, Satisfactory, Marginal or Unsatisfactory will be assigned to each area. These general areas are described below. The items identified under each area represent the types of considerations to be addressed. They should not be considered an exclusive list. The degree of Government technical direction necessary to solve problems that arise during performance will be a consideration for each area. Improvements made in an area during the evaluation period will also be considered as will degradation in the overall quality of performance.

E.4.3.1 Quality of Product or Service - Addresses the extent to which the contractor (a) met contract technical requirements, including the accuracy (information conveyed by products and services are factually accurate and, where applicable, annotated with supporting source) and completeness of reports/ data delivered (products are complete, well coordinated with all related managers and personnel, and presented in concise and understandable

SECTION G CONTRACT ADMINISTRATION DATA

G. 1 ACCOUNTING DATA

Accounting Data appears at the end of Section G. All lines of accounting are listed sequentially under a heading that identifies the particular action (award or modification number) under which the funding was obligated. Under SeaPort-e, all funding is identified/ obligated at the SubCLIN (SLIN) level. SLINs are established sequentially by the SeaPort-e software. Each obligation of funds receives a unique SLIN identifier, unless the funds are an increase to an existing line of accounting (ACRN). Thus, an individual project/ work area or Technical Instruction that is funded incrementally, could have multiple SLINs. Accounting for expenditures at the SLIN level is required.

G.2 SPECIAL INVOICE INSTRUCTIONS

Each SLIN providing funding designates a specific project area/work area/work breakdown structure (WBS) item. Tracking and reporting shall be accomplished at the project/work area/WBS item level. Each identified project/work area/WBS shall be invoiced by its associated CLIN and ACRN. If multiple ACRNs are associated with a single project/work area/WBS, the Contractor shall consult with the Contracting Officer Representative for additional invoicing instructions.

G.3 PAYMENT INSTRUCTION

252.204-0001 Line Item Specific: Single Funding. (SEP 2009)

The payment office shall make payment using the ACRN funding of the line item being billed.

G.4 EARLY DISMISSAL AND CLOSURE OF GOVERNMENT FACILITIES

When a Government facility is closed and/or early dismissal of Federal employees is directed due to severe weather, security threat, or a facility related problem that prevents personnel from working, onsite Contractor personnel regularly assigned to work at that facility should follow the same reporting and/or departure directions given to Government personnel. The Contractor shall not direct charge to the contract for time off, but shall follow parent company policies regarding taking leave (administrative or other). Non-essential Contractor personnel, who are not required to remain at or report to the facility, shall follow their parent company policy regarding whether they should go/stay home or report to another company facility. Subsequent to an early dismissal and during periods of inclement weather, onsite Contractors should monitor radio and television announcements before departing for work to determine if the facility is closed or operating on a delayed arrival basis.

When Federal employees are excused from work due to a holiday or a special event (that is unrelated to severe weather, a security threat, or a facility related problem), on site Contractors will continue working established work hours or take leave in accordance with parent company policy. Those Contractors who take leave shall not direct charge the non-working hours to the task order. Contractors are responsible for predetermining and disclosing their charging practices for early dismissal, delayed openings, or closings in accordance with the FAR, applicable cost accounting standards, and company policy. Contractors shall follow their disclosed charging practices during the

H.4 5252.237-9106 SUBSTITUTION OF PERSONNEL (SEP 1990)

(a) The Contractor agrees that a partial basis for award of this contract is the list of key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key persons whose resumes were submitted with the proposal necessary to fulfill the requirements of the contract. The Contractor agrees that during the first ninety (90) days of the period of performance no key personnel substitutions will be permitted unless such substitutions are necessitated by an individual's sudden illness, death or termination of employment. No substitution shall be made without prior notification to and concurrence of the Contracting Officer in accordance with this requirement.

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 179 of 192	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(b) All proposed substitutes shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least forty-five (45) days, or ninety (90) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include: (1) an explanation of the circumstances necessitating the substitution; (2) a complete resume of the proposed substitute; and (3) any other information requested by the Contracting Officer to enable him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

H.5 Ddl-H13 POST AWARD CONTRACTOR PERSONNEL APPROVAL

(a) Requests for post award approval of additional and/or replacement Key personnel shall be submitted via e-mail. E-mail submissions shall be made simultaneously to the Contract Specialist, COR, and the Alternate COR. Electronic notification via e-mail from the Contract Specialist will serve as written approval/disapproval on behalf of the Contracting Officer. This approval is required before an individual may begin charging to the Task Order.

(b) Resumes shall be submitted in the format required. However, in order to expedite contract administration, Contractor format may be used providing sufficient information is submitted for an independent comparison of the individual's qualifications with labor category requirements.

(c) If the employee is not a current employee of the Contractor (or a Subcontractor), a copy of the accepted offer letter (which identifies a projected start date and the agreed to annual salary) shall be provided.

(d) TRIPWIRE NOTIFICATION: If the employee is a current employee of the Contractor (or a Subcontractor), the fully burdened hourly rate that will be invoiced under the order shall be provided. If the labor rate to be invoiced for the individual will exceed any Navy labor rate tripwire for service contracts in effect at time of the request for approval, the Contractor shall fully justify why the proposed individual is required for contract performance and the specific benefit to be derived from the individual's addition to the task order. The COR will provide the current Navy labor rate tripwire information upon request.

H.6 RESUME FORMAT AND CONTENT REQUIREMENTS

In order to facilitate evaluation, all resumes shall be provided in the following format, and not exceed three (3) pages each:

(a) HEADER

- Complete Name
- Current Employer
- Task Order Labor Category
- Contractor Labor Category
- Percentage of time to be allocated to this effort upon award of this Task

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 180 of 192	FINAL

Order

- Current security clearance level per JPAS (identify if interim or final)
- Current work location
- Planned work location upon award of this Task Order

Note if the individual is key on another contract with a period of performance that will overlap this requirement. Note plans to satisfy both contracts if the Offeror is selected for award.

(b) EDUCATION/PROFESSIONAL DEVELOPMENT - Show any degrees, honors, publications, professional licenses, specialized certifications and other evidence of professional accomplishments that are directly relevant and will impact the Offeror's qualifications to perform under the Task Order. For education and training, the following format is preferred:

- Academic: Degree(s); Date(s); Institution; Major/Minor
- Non-Academic: Course title, date(s), approximate length
- Professional licenses and specialized certifications. (Note the date obtained for each, as well as the date when each license/certification requires renewal)

(c) CHRONOLOGICAL WORK HISTORY/EXPERIENCE

i. Employer: Dates (month/year); Title(s) held

ii. Work experience shall be presented separately for each employer, clearly marked with proper category of experience (i.e, Relevant Experience; Non-Relevant Experience.). If relevant and non-relevant experience were obtained while at the same employer, separate time periods shall be noted for each assignment. (This is necessary to prevent an Offeror from describing relevant experience obtained in a six month assignment for Company A as applicable to the entire 10-year employment with that firm and to ensure Offerors' proposals are evaluated on an equal basis). Responsibilities shall be discussed in sufficient detail for each assignment so as to permit comparison with experience levels in Section H. Specific examples of work assignments, accomplishments, and products shall be provided.

Phrases such as "assisted with", "participated in", or "supported" are unacceptable except as introductory to a detailed description of the actual work performed. If no such description is provided, the sentence or bulleted information will not be considered in the resume evaluation process. This is because evaluators would not be able to identify the specific technical work contributions made by the individual. Resume information is encouraged to be presented in bullet format. This will allow evaluators to focus on relevant information.

Offerors shall note that the lack of specific definition in job responsibilities, services performed or products produced may be viewed as a lack of understanding of the Government's overall technical requirements.

All relevant military experience claimed shall be described such that each relevant tour is treated as a separate employer. Time frames/titles /responsibilities shall be provided in accordance with the level of detail prescribed above. Military experience not documented in this manner will not be

considered.

Gaps in experience shall be explained.

Certification of correctness of information signed and dated by both the person named and the Offeror. The employee certification shall include the following statement: CERTIFICATION: "I certify that the experience and professional development described herein are complete and accurate in all respects. I consent to the disclosure of my resume for N00178-04-D-4026-0011 and intend to make myself available to work under any resultant contract to the extent proposed."

Employee Signature and Date

Offeror Signature and Date

Resumes without this certification will be unacceptable and will not be considered.

If the employee is not a current employee of the Offeror (or a proposed Subcontractor), a copy of the accepted offer letter shall be provided. The letter shall identify the projected start date. The Cost Proposal shall include documentation that identifies the agreed-to salary amount.

H.7 LABOR TRIPWIRE JUSTIFICATIONS

(a) The Contractor shall advise the COR and the Contract Specialist, by e-mail, if the pending addition of any individual (Key or non-Key) will be at fully burdened labor rate (through target fee) that exceeds the labor tripwire amount. The Contractor shall not proceed with the addition until he is advised by the Contract Specialist that the request has been approved.

(b) The Contractor's request shall include: the proposed individual's resume, labor hourly rate build-up, labor hours per work year, detailed justification for the addition of the particular individual based on his/her technical expertise and projected technical impact on the Task Order/Technical Instruction. If the individual is a Subcontractor or Consultant, the rate build-up shall include the Prime Contractor's pass through rate.

(c) Currently, the tripwire level is a fully burdened labor rate of \$156/hour or greater, regardless of the number of labor hours the proposed individual (Prime, Subcontractor, or Consultant) is proposed to work under the contract. The Contractor will be advised of any changes to this tripwire level that occur during performance. All Fully Burdened Labor Rates of \$156/hour or greater shall require the COR and the PCO's review and written approval.

H.8 252.239-7001 INFORMATION ASSURANCE CONTRACTOR TRAINING AND CERTIFICATION (JAN 2008)

(a) The Contractor shall ensure that personnel accessing information systems have the proper and current information assurance certification to perform information assurance functions in accordance with DoD 8570.01-M, Information Assurance Workforce Improvement Program. The Contractor shall meet the applicable information assurance certification requirements, including-

(1) DoD-approved information assurance workforce certifications appropriate for each category and level as listed in the current version of DoD 8570.01-M; and

----------------------------------	---	----------------------------------	--------------------	-------

(2) Appropriate operating system certification for information assurance technical positions as required by DoD 8570.01-M.

(b) Upon request by the Government, the Contractor shall provide documentation supporting the information assurance certification status of personnel performing information assurance functions.

(c) Contractor personnel who do not have proper and current certifications shall be denied access to DoD information systems for the purpose of performing information assurance

H.9 Ddl-H10 FUNDING PROFILE

It is estimated that these incremental funds will provide for the number of hours of labor stated below. The following details funding to date:

H.10 5252.232-9104 ALLOTMENT OF FUNDS (JAN 2008)

(a) This contract is incrementally funded with respect to both cost and fee. The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. The amount(s) presently available and allotted to this contract for payment of cost for incrementally funded CLINs/SLINs is set forth below. As provided in the clause of this contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22), the CLINs/SLINs covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

The table below and information for blanks in paragraph (b) and (d) are to be

completed by the Offeror.

(b) Of the total man-hours of direct labor set forth above, it is estimated that [REDACTED] man-hours are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of [REDACTED] hours per week without additional compensation for such excess work. Total Times Accounting (TTA) efforts are included in this definition. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as local travel to and from an employee's usual work location, uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (i) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately [REDACTED] hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man-hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man-hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within

five days of receipt.

(g) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(h) Within forty-five (45) days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man-hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man-hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within forty-five (45) days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; and (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds. All submissions shall include Subcontractor information.

(i) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract performance, the Contractor may perform up to [REDACTED] of the hours at an alternative worksite, provided the Contractor has a company-approved alternative worksite plan. The primary worksite is the traditional "main office" worksite. An alternative worksite means an employee's residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee's main office. The Government reserves the right to review the Contractor's alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the contract. Regardless of work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor's election to implement an alternative worksite plan.

(j) Notwithstanding any of the provisions in the above paragraphs and subject to the LIMITATION OF FUNDS or LIMITATION OF COST clauses, as applicable, the period of performance may be extended and the estimated cost may be increased in order to permit the Contractor to provide all of the man-hours listed in paragraph (a) above. The Contractor shall continue to be paid fee for each man-hour performed in accordance with the terms of the contract.

H.12 SAVINGS INITIATIVES

The following cost savings initiatives are required under this Task Order.

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 185 of 192	FINAL

(e) The Government strongly encourages the Prime Contractor to eliminate "double pass-thru" costs by avoiding second tier Subcontractors/Consultants during performance and where this situation is unavoidable, limiting subcontractor pass-thru costs to the lower of:

- (1) the Prime Contractor's pass-thru rate under this order, or
- (2) the Subcontractor's SeaPort-e pass-thru rate where the Subcontractor is also a Prime Contractor under SeaPort-e.

H.13 5252.242-9115 TECHNICAL INSTRUCTIONS (APR 1999)

(a) Performance of the work hereunder may be subject to written technical instructions signed by the Contracting Officer's Representative specified in Section G of this contract. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor which suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the contractual statement of work.

(2) Guidelines to the Contractor which assist in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the contract. Technical instructions may not be used to:

- (1) assign additional work under the contract;
- (2) direct a change as defined in the "CHANGES" clause of this contract;
- (3) increase or decrease the contract price or estimated contract amount (including fee), as applicable, the level of effort, or the time required for contract performance; or
- (4) change any of the terms, conditions or specifications of the contract.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the contract or inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contractor is notified by the Contracting Officer that the technical instruction is within the scope of this contract.

(d) Nothing in the foregoing paragraph shall be construed to excuse the Contractor from performing that portion of the contractual work statement which is not affected by the disputed technical instruction.

H.14 5252.227-9113 GOVERNMENT-INDUSTRY DATA EXCHANGE PROGRAM (OCT 2006)

(a) The Contractor shall participate in the appropriate interchange of the Government-Industry Data Exchange Program (GIDEP) in accordance with NAVSEA S0300-BU-GYDH-40010 dated November 1994. Data entered is retained by the program and provided to qualified participants. Compliance with this

252.225-7028	Exclusionary Policies and Practices of Foreign Governments.	APR 2003

All clauses in the Offeror's MAC contract apply to this Task Order, as applicable.

Note: Regarding 52.244-2 -- SUBCONTRACTS (JUNE 2007) - ALTERNATE I (JUNE 2007), Teaming arrangement with any firm not included in the Contractor's basic MAC contract must be submitted to the basic MAC Contracting Officer for approval. Team member (subcontract) additions after Task Order award must be approved by the Task Order Contracting Officer.

I.2 CLAUSES INCORPORATED BY FULL TEXT

I.2.1 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000) (NAVSEA VARIATION) (SEP 2009)

(a) The Government may extend the term of this contract by written notice(s) to the Contractor within the periods specified below. If more than one option exists the Government has the right to unilaterally exercise any such option whether or not it has exercised other options.

ITEM(S)	LATEST OPTION EXERCISE DATE
7101, 7199, 9100	No later than 12 months after the Task Order POP start date.
7200, 7299, 9200	No later than 24 months after the Task Order POP start date.
7300, 7399, 9300	No later than 36 months after the Task Order POP start date.
7400, 7499, 9400	No later than 48 months after the Task Order POP start date.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any option(s) under this clause, shall not exceed five (5) years, however, in accordance with paragraph (j) of the requirement of this contract entitled "LEVEL OF EFFORT" (NAVSEA 5252.216-9122), if the total man-hours delineated in paragraph (a) of the LEVEL OF EFFORT requirement have not been expended within the period specified above, the Government may require the Contractor to continue to perform the work until the total number of man-hours specified in paragraph (a) of the aforementioned requirement have been expended.

I.2.2 252.203-7999 PROHIBITION ON CONTRACTING WITH ENTITIES THAT REQUIRE CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS (DEVIATION 2015-00010)(FEB 2015)

(a) The Contractor shall not require employees or subcontractors seeking to report fraud, waste, or abuse to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or contractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(b) The Contractor shall notify employees that the prohibitions and restrictions of any internal confidentiality agreements covered by this clause are no longer in effect.

(c) The prohibition in paragraph (a) of this clause does not contravene requirements applicable to Standard Form 312, Form 4414, or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(d)(1) In accordance with section 743 of Division E, Title VIII, of the Consolidated and Further Continuing Resolution Appropriations Act, 2015, (Pub. L. 113-235), use of funds appropriated (or otherwise made available) under that or any other Act may be prohibited, if the Government determines that the Contractor is not in compliance with the provisions of this clause.

(2) The Government may seek any available remedies in the event the Contractor fails to perform in accordance with the terms and conditions of the contract as a result of Government action under this clause.

I 2 3 52 222-2 PAYMENT FOR OVERTIME PREMIUMS (JUL 1990)

(a) The use of overtime is authorized under this contract if the overtime premium does not exceed 12,500 hours or the overtime premium is paid for work --

(1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of production equipment, or occasional production bottlenecks of a sporadic nature;

(2) By indirect-labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting;

(3) To perform tests, industrial processes, laboratory procedures, loading or unloading of transportation conveyances, and operations in flight or afloat that are continuous in nature and cannot reasonably be interrupted or completed otherwise; or

(4) That will result in lower overall costs to the Government.

(b) Any request for estimated overtime premiums that exceeds the amount specified above shall include all estimated overtime for contract completion and shall --

(1) Identify the work unit; e.g., department or section in which the requested overtime will be used, together with present workload, staffing, and other data of the affected unit sufficient to permit the Contracting Officer to evaluate the necessity for the overtime;

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-0011	AMENDMENT/MODIFICATION NO. 93	PAGE 189 of 192	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(2) Demonstrate the effect that denial of the request will have on the contract delivery or performance schedule;

(3) Identify the extent to which approval of overtime would affect the performance or payments in connection with other Government contracts, together with identification of each affected contract; and

(4) Provide reasons why the required work cannot be performed by using multishift operations or by employing additional personnel.

* Insert either "zero" or the dollar amount agreed to during negotiations. The inserted figure does not apply to the exceptions in subparagraph (a)(1) through (a)(4) of the clause.

252.204-7009 LIMITATIONS ON THE USE OR DISCLOSURE OF THIRD-PARTY CONTRACTOR

REPORTED CYBER INCIDENT INFORMATION (DEC 2015)

(a) *Definitions.* As used in this clause—

"Compromise" means disclosure of information to unauthorized persons, or a violation of the security policy of a system, in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object, or the copying of information to unauthorized media may have occurred.

"Controlled technical information" means technical information with military or space application that is subject to controls on the access, use, reproduction, modification, performance, display, release, disclosure, or dissemination. Controlled technical information would meet the criteria, if disseminated, for distribution statements B through F using the criteria set forth in DoD Instruction 5230.24, Distribution Statements on Technical Documents. The term does not include information that is lawfully publicly available without restrictions.

"Covered defense information" means unclassified information that—

(1) Is—

(i) Provided to the contractor by or on behalf of DoD in connection with the performance of the contract; or

(ii) Collected, developed, received, transmitted, used, or stored by or on behalf of the contractor in support of the performance of the contract; and

(2) Falls in any of the following categories:

(i) Controlled technical information.

(ii) *Critical information (operations security).* Specific facts identified through the Operations Security process about friendly intentions, capabilities, and activities vitally needed by adversaries for them to plan and act effectively so as to guarantee failure or unacceptable consequences for friendly mission accomplishment (part of Operations Security process).

(iii) *Export control.* Unclassified information concerning certain items, commodities, technology, software, or other information whose export could reasonably be expected to adversely affect the United States national security and nonproliferation objectives. To include dual use items; items identified in export administration regulations, international traffic in arms regulations and munitions list; license applications; and sensitive nuclear technology information.

(iv) Any other information, marked or otherwise identified in the contract, that requires safeguarding or dissemination controls pursuant to and consistent with law, regulations, and Governmentwide policies (e.g., privacy, proprietary business information).

"Cyber incident" means actions taken through the use of computer networks that result in a compromise or an actual or potentially adverse effect on an information system and/or the information residing therein.

(b) *Restrictions.* The Contractor agrees that the following conditions apply to any information it receives or creates in the performance of this contract that is information obtained from a third-party's reporting of a cyber-incident pursuant to DFARS clause 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting (or derived from such information obtained under that clause):

(1) The Contractor shall access and use the information only for the purpose of furnishing advice or technical assistance directly to the Government in support of the Government's activities related to clause 252.204-7012, and shall not be used for any other purpose.

(2) The Contractor shall protect the information against unauthorized release or disclosure.

(3) The Contractor shall ensure that its employees are subject to use and non-disclosure obligations consistent with this clause prior to the employees being provided access to or use of the information.

(4) The third-party contractor that reported the cyber incident is a third-party beneficiary of the non-disclosure agreement between the Government and Contractor, as required by paragraph (b)(3) of this clause.

(5) A breach of these obligations or restrictions may subject the Contractor to—

(i) Criminal, civil, administrative, and contractual actions in law and equity for penalties, damages, and other appropriate remedies by the United States; and

(ii) Civil actions for damages and other appropriate remedies by the third party that reported the cyber incident, as a third party beneficiary of this clause.

(c) *Subcontracts.* The Contractor shall include this clause, including this paragraph (c), in subcontracts, or similar contractual instruments, for services that include support for the Government's activities related to safeguarding covered defense information and cyber incident reporting, including subcontracts for commercial items, without alteration, except to identify the parties.

252.204-7012 SAFEGUARDING COVERED DEFENSE INFORMATION AND CYBER INCIDENT

REPORTING (DEC 2015)

(a) *Definitions.* As used in this clause—

"Adequate security" means protective measures that are commensurate with the consequences and probability of loss, misuse, or unauthorized access to, or modification of information.

"Compromise" means disclosure of information to unauthorized persons, or a violation of the security policy of a system, in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object, or the copying of information to unauthorized media may have occurred.

"Contractor attributional/proprietary information" means information that identifies the contractor(s), whether directly or indirectly, by the grouping of information that can be traced back to the contractor(s) (e.g., program description, facility locations), personally

identifiable information, as well as trade secrets, commercial or financial information, or other commercially sensitive information that is not customarily shared outside of the company.

"Contractor information system" means an information system belonging to, or operated by or for, the Contractor.

"Controlled technical information" means technical information with military or space application that is subject to controls on the access, use, reproduction, modification, performance, display, release, disclosure, or dissemination. Controlled technical information would meet the criteria, if disseminated, for distribution statements B through F using the criteria set forth in DoD Instruction 5230.24, Distribution Statements on Technical Documents. The term does not include information that is lawfully publicly available without restrictions.

"Covered contractor information system" means an information system that is owned, or operated by or for, a contractor and that processes, stores, or transmits covered defense information.

"Covered defense information" means unclassified information that—

(i) Is—

(A) Provided to the contractor by or on behalf of DoD in connection with the performance of the contract; or

(B) Collected, developed, received, transmitted, used, or stored by or on behalf of the contractor in support of the performance of the contract; and

(ii) Falls in any of the following categories:

(A) *Controlled technical information.*

(B) *Critical information (operations security).* Specific facts identified through the Operations Security process about friendly intentions, capabilities, and activities vitally needed by adversaries for them to plan and act effectively so as to guarantee failure or unacceptable consequences for friendly mission accomplishment (part of Operations Security process).

(C) *Export control.* Unclassified information concerning certain items, commodities, technology, software, or other information whose export could reasonably be expected to adversely affect the United States national security and nonproliferation objectives. To include dual use items; items identified in export administration regulations, international traffic in arms regulations and munitions list; license applications; and sensitive nuclear technology information.

(D) Any other information, marked or otherwise identified in the contract, that requires safeguarding or dissemination controls pursuant to and consistent with law, regulations, and Governmentwide policies (e.g., privacy, proprietary business information).

"Cyber incident" means actions taken through the use of computer networks that result in a compromise or an actual or potentially adverse effect on an information system and/or the information residing therein.

"Forensic analysis" means the practice of gathering, retaining, and analyzing computer-related data for investigative purposes in a manner that maintains the integrity of the data.

"Malicious software" means computer software or firmware intended to perform an unauthorized process that will have adverse impact on the confidentiality, integrity, or availability of an information system. This definition includes a virus, worm, Trojan horse, or other code-based entity that infects a host, as well as spyware and some forms of adware.

"Media" means physical devices or writing surfaces including, but is not limited to, magnetic tapes, optical disks, magnetic disks, large-scale integration memory chips, and printouts onto which information is recorded, stored, or printed within an information system.

"Operationally critical support" means supplies or services designated by the Government as critical for airlift, sealift, intermodal transportation services, or logistical support that is essential to the mobilization, deployment, or sustainment of the Armed Forces in a contingency operation.

"Rapid(ly) report(ing)" means within 72 hours of discovery of any cyber incident.

"Technical information" means technical data or computer software, as those terms are defined in the clause at DFARS 252.227-7013, Rights in Technical Data-Non Commercial Items, regardless of whether or not the clause is incorporated in this solicitation or contract. Examples of technical information include research and engineering data, engineering drawings, and associated lists, specifications, standards, process sheets, manuals, technical reports, technical orders, catalog-item identifications, data sets, studies and analyses and related information, and computer software executable code and source code.

(b) *Adequate security.* The Contractor shall provide adequate security for all covered defense information on all covered contractor information systems that support the performance of work under this contract. To provide adequate security, the Contractor shall—

(1) Implement information systems security protections on all covered contractor information systems including, at a minimum—

(i) For covered contractor information systems that are part of an Information Technology (IT) service or system operated on behalf of the Government—

(A) Cloud computing services shall be subject to the security requirements specified in the clause 252.239-7010, Cloud Computing Services, of this contract; and

(B) Any other such IT service or system (i.e., other than cloud computing) shall be subject to the security requirements specified elsewhere in this contract; or

(ii) For covered contractor information systems that are not part of an IT service or system operated on behalf of the Government and therefore are not subject to the security requirement specified at paragraph (b)(1)(i) of this clause—

(A) The security requirements in National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations," <http://dx.doi.org/10.6028/NIST.SP.800-171> that is in effect at the time the solicitation is issued or as authorized by the Contracting Officer, as soon as practical, but not later than December 31, 2017. The Contractor shall notify the DoD CIO, via email at osd.dibcsia@mail.mil, within 30 days of contract award, of any security requirements specified by NIST SP 800-171 not implemented at the time of contract award; or

(B) Alternative but equally effective security measures used to compensate for the inability to satisfy a particular requirement and achieve equivalent protection accepted in writing by an authorized representative of the DoD CIO; and

(2) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraph (b)(1) of this clause, may be required to provide adequate security in a dynamic environment based on an assessed risk or vulnerability.

(c) *Cyber incident reporting requirement.*

(1) When the Contractor discovers a cyber-incident that affects a covered contractor information system or the covered defense

information residing therein, or that affects the contractor's ability to perform the requirements of the contract that are designated as operationally critical support, the Contractor shall-

(i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractor's network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractor's ability to provide operationally critical support; and

(ii) Rapidly report cyber incidents to DoD at <http://dibnet.dod.mil>.

(2) *Cyber incident report.* The cyber incident report shall be treated as information created by or for DoD and shall include, at a minimum, the required elements at <http://dibnet.dod.mil>.

(3) *Medium assurance certificate requirement.* In order to report cyber incidents in accordance with this clause, the Contractor or subcontractor shall have or acquire a DoD-approved medium assurance certificate to report cyber incidents. For information on obtaining a DoD-approved medium assurance certificate, see <http://iase.disa.mil/pki/eca/Pages/index.aspx>.

(d) *Malicious software.* The Contractor or subcontractors that discover and isolate malicious software in connection with a reported cyber incident shall submit the malicious software in accordance with instructions provided by the Contracting Officer.

(e) *Media preservation and protection.* When a Contractor discovers a cyber-incident has occurred, the Contractor shall preserve and protect images of all known affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

(f) *Access to additional information or equipment necessary for forensic analysis.* Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis

(g) *Cyber incident damage assessment activities.* If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

(h) *DoD safeguarding and use of contractor attributional/proprietary information.* The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.

(i) Use and release of contractor attributional/proprietary information not created by or for DoD. Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is not created by or for DoD is authorized to be released outside of DoD-

(1) To entities with missions that may be affected by such information;

(2) To entities that may be called upon to assist in the diagnosis, detection, or mitigation of cyber incidents;

(3) To Government entities that conduct counterintelligence or law enforcement investigations;

(4) For national security purposes, including cyber situational awareness and defense purposes (including with Defense Industrial Base (DIB) participants in the program at 32 CFR part 236); or

(5) To a support services contractor ("recipient") that is directly supporting Government activities under a contract that includes the clause at 252.204-7009, Limitations on the Use or Disclosure of Third-Party Contractor Reported Cyber Incident Information.

(j) Use and release of contractor attributional/proprietary information created by or for DoD. Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is created by or for DoD (including the information submitted pursuant to paragraph (c) of this clause) is authorized to be used and released outside of DoD for purposes and activities authorized by paragraph (i) of this clause, and for any other lawful Government purpose or activity, subject to all applicable statutory, regulatory, and policy based restrictions on the Government's use and release of such information.

(k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) Other safeguarding or reporting requirements. The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor's responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) *Subcontracts.* The Contractor shall-

(1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve a covered contractor information system, including subcontracts for commercial items, without alteration, except to identify the parties; and

(2) When this clause is included in a subcontract, require subcontractors to rapidly report cyber incidents directly to DoD at <http://dibnet.dod.mil> and the prime Contractor. This includes providing the incident report number, automatically assigned by DoD, to the prime Contractor (or next higher-tier subcontractor) as soon as practicable,
