**11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS**

[ ] The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers [ ] is extended, [ ] is not extended.  
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods:  
(a) By completing Items 8 and 15, and returning one (1) copy of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

**12. ACCOUNTING AND APPROPRIATION DATA (If required)**  
SEE SECTION G

  

**13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.**

(*)	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
[ ]	
[ ]	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
[ ]	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
[X]	D. OTHER (Specify type of modification and authority) FAR 52.232-22 Limitation of Funds

**E. IMPORTANT:** Contractor [ X ] is not, [ ] is required to sign this document and return copies to the issuing office.

**14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)**

#### NOTE 1: LABOR HOURS (HR)

At the time of award, the number of labor hours listed above in the Base Period and each Option Period and Award Term Period will be changed to coincide with the Level of Effort provided in Section H, SEA 5252.216-9122, Level of Effort Clause.

#### NOTE 2: OPTION CLAUSE

Option to Extend the Term of the Contract Clause in Section I applies to the Option CLINs and Award Term CLINs.

#### NOTE 3: AWARD TERM

The Award Term CLINs are distinguished from Option CLINs and are awarded in accordance with the Award Term Plan, in Section E. Notwithstanding the word “Option” which appears in the Section B CLIN description or elsewhere in this Task Order, for Award Term CLINs, award terms are not “Options” until earned.

#### NOTE 4: OTHER DIRECT COSTS

Any Other Direct Cost (ODC) other than the costs identified in Section L, will be limited to travel.

#### NOTE 5: NOT SEPARATELY PRICED

Price for Not Separately Priced (NSP) Items shall be included in the price of Labor CLIN(s).

#### B.1 USE WHOLE DOLLARS ONLY

All proposals shall be rounded to the nearest dollar.

#### B.2 TYPE OF ORDER

This task order is a Term (Level of Effort) type order.

Items in the 7xxx series are cost plus incentive fee and Not Separately Priced (NSP) type.

Items in the 9xxx series are cost only, excluding fee.

#### B.3 ADDITIONAL CLINS

Additional CLINs may be unilaterally created by the Contracting Officer during the performance of this Task Order to accommodate the multiple types of funds that may be used under this Task Order. These modifications will not change the overall level of effort, estimated cost or incentive fee of the Task Order.

#### B.4 H1 B-2-0021 CONTRACT SUMMARY FOR PAYMENT OFFICE (COST TYPE) (NAVSEA) (FEB 1997)

This entire Task Order is Cost Reimbursable. The Labor CLINs (7xxx series) are Cost-Plus-Incentive-Fee, the ODC CLINs (9xxx series) are Cost Only, and the Data CLINs (7xxx series) are Not Separately Priced.

#### B.5 INCENTIVE FEE INSTRUCTIONS

*Note: Upon award, the successful Offeror's proposed Minimum Fee percentage, Maximum Incentive Fee percentage and Target Incentive Fee, if less than the solicitation stated thresholds, will be incorporated in the below table and in FAR Clause 52.216-10, Incentive Fee, in Section I.*

The minimum fee shall be The maximum fee shall not be greater than Target fee shall not be greater than Additionally, target fee applies to all subcontractors when CPIF type subcontracts are proposed.

CLIN	HOURS	Min Fee/Hrs	Target Fee/Hrs	Max Fee/Hrs= Rate	Target Cost/Hrs	Min Fee (Hrs X Min Fee)	Target Fee (Hrs x Target Fee)	Max Fee (Hrs x Max Fee)	Target Cost (Hrs x Rate)
------	-------	-------------	----------------	-------------------	-----------------	-------------------------	-------------------------------	-------------------------	--------------------------

7001*									
7002*									
7101*									
7201*									
7301									
7400									

\*Incentive Fee Finalized

(i) The CPIF target cost for CLIN 7000, and if exercised CLINs 7100 and 7200, and if earned and exercised CLINs 7300 and 7400 shall be entered in the Target Cost column in the INCENTIVE FEE TABLE above. The Target Cost is determined by multiplying the allowable hours worked (Qty (Hrs)), including subcontractor hours, corresponding to each CLIN by the target cost per hour (Target Cost/Hour (Rate)). The target cost per hour (Target Cost/Hour (Rate)) shall include all proposed cost (including cost of money (if proposed) and subcontractor costs) for the corresponding CLIN. Fee charged by subcontractors shall also be included in the target cost.

(ii) The CPIF target fee for CLIN 7000, and if exercised CLINs 7100 and 7200, and if earned and exercised, CLINs 7300 and 7400 shall be determined by multiplying the allowable hours worked (Qty (Hrs)), including subcontractor hours, for the corresponding CLIN by the target fee per hour (Target Fee/Hour (TF)) from the INCENTIVE FEE TABLE. This shall be entered in the Target Fee (Target Fee (Hrs x TF)) column of the INCENTIVE FEE TABLE above.

(iii) The share ratio for the CPIF portion of the fee structure is 70/30 (70% Government and 30% Contractor) for both under-runs and over-runs. The fee earned under the CPIF portion of the fee structure will be based on the total allowable costs incurred by the contractor in comparison to the final target cost for each of the aforementioned CLINs. See the Incentive Fee Clause (52.216-10) in Section I of this Task Order.

(iv) Final Costs and Fee. Actual resulting fee will be calculated at the end of the Period of Performance for each CLIN. Final cost and fee are shown in the following table:

CLIN	Delivered Hours	Actual Cost Per Hour	Actual Cost (A*B=C)	Final Target Incentive Fee	Incentive Fee Share Line Adjustment	Computed Incentive Fee (D+E=F)	Total (C+F=G)
7000							
7100							
7200							
7300							
7400							

#### **HQ B-2-0004 EXPEDITING CONTRACT CLOSEOUT (NAVSEA) (DEC 1995)**

(a) As part of the negotiated fixed price or total estimated amount of this contract, both the Government and the Contractor have agreed to waive any entitlement that otherwise might accrue to either party in any residual dollar amount of \$500 or less at the time of final contract closeout. The term “residual dollar amount” shall include all money that would otherwise be owed to either party at the end of the contract, except that, amounts connected in any way with taxation, allegations of fraud and/or antitrust violations shall be excluded. For purposes of determining residual dollar amounts, offsets of money owed by one party against money that would otherwise be paid by that party may be considered to the extent permitted by law.

(b) This agreement to waive entitlement to residual dollar amounts has been considered by both parties. It is agreed that the administrative costs for either party associated with collecting such small dollar amounts could exceed the amount to be recovered.

#### **HQ B-2-0007 LIMITATION OF COST OR LIMITATION OF FUNDS LANGUAGE**

The clause entitled “LIMITATION OF COST” (FAR 52.232-20) OR “LIMITATION OF FUNDS” (FAR 52.232-22), as appropriate, shall apply separately and independently to each separately identified estimated cost.

#### **HQ B-2-0010 NOTE (OPTION)**

Option item to which the Option Clause in Section I-2 applies and which is to be supplied only if and to the extent said option is exercised.

#### **HQ B-2-0015 PAYMENT OF FEE(S) (LEVEL OF EFFORT – ALTERNATE I) (NAVSEA) (MAY 2010)**

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 161 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(Applicable to CLIN 7000, if and to the extent Options are exercised and Award Terms are awarded. CLINS 7100 through 7400.)

- (a) For purposes of this contract, “fee” means “target fee” in cost-plus-incentive-fee type contracts, “base fee” in cost-plus-award-fee type contracts, or “fixed fee” in cost-plus-fixed-fee type contracts for level of effort type contracts.
- (b) The Government shall make payments to the Contractor, subject to and in accordance with the clause in this contract entitled “FIXED FEE” (FAR 52.216-8) OR “INCENTIVE FEE”, (FAR 52.216-10), as applicable. Such payments shall be submitted by and payable to the Contractor pursuant to the clause of this contract entitled “ALLOWABLE COST AND PAYMENT” (FAR 52.216-7), subject to the withholding terms and conditions of the “FIXED FEE” or “INCENTIVE FEE” clause, as applicable, and shall be paid at the hourly rate(s) specified above per man-hour performed and invoiced. Total fee(s) paid to the Contractor shall not exceed the fee amount(s) set forth in this contract. In no event shall the Government be required to pay the Contractor any amount in excess of the funds obligated under this contract.

**HQ B-2-0020 TRAVEL COSTS – ALTERNATE I (NAVSEA) (DEC 2005)**

(Applicable to CLIN 9000, if and to the extent Options are exercised and Award Terms are awarded. CLINS 9100 through 9400.)

- (a) Except as otherwise provided herein, the Contractor shall be reimbursed for its reasonable actual travel costs in accordance with FAR 31.205-46. The costs to be reimbursed shall be those costs accepted by the cognizant DCAA.
- (b) Reimbursable travel costs include only that travel performed from the Contractor’s facility to the worksite, in and around the worksite, and from the worksite to the Contractor’s facility.
- (c) Relocation costs and travel costs incidental to relocation are allowable to the extent provided in FAR 31.205-35; however, Contracting Officer approval shall be required prior to incurring relocation expenses and travel costs incidental to relocation.
- (d) The Contractor shall not be reimbursed for the following daily local travel costs:
  - (i) travel at U.S. Military Installations where Government transportation is available,
  - (ii) travel performed for personal convenience/errands, including commuting to and from work, and
  - (iii) travel costs incurred in the replacement of personnel when such replacement is accomplished for the Contractor’s or employee’s convenience.

**HQ B-2-0021 CONTRACT SUMMARY FOR PAYMENT OFFICE (COST TYPE) (NAVSEA) (FEB 1997)**

This entire task order is cost reimbursable. The Labor CLINs are Cost Plus Incentive Fee (CPIF) and ODC CLINs are Cost Only.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 162 of 363	FINAL

## SECTION C DESCRIPTIONS AND SPECIFICATIONS

### C.1 BACKGROUND

The Naval Surface Warfare Center, Dahlgren Division, has a requirement to support the mission of the Warfare Systems Engineering & Integration Department (V) Department's V40 (Distributed Experimentation & Test Environment) Division in their support of Naval Weapons Systems /Combat Systems (e.g. AEGIS, Aegis BMD, FMS, DDG-1000, LCS, and the Coast Guard). This requirement provides development and maintenance of Navy tactical initiatives and spiral and baseline developments to the Warfare Systems Engineering & Integration Department (V) Department's V40 (Distributed Experimentation & Test Environment) Division. The Computer Program Engineering Services include support for Weapon System Element and Combat System Domain Engineering, Fleet and Land Based Test Site Support, Configuration Management Verification and Validation (CMVV), and Applied Physics Laboratory (APL) Modeling and Simulation Support (AMSS).

### C.2 SCOPE

The scope of this work consists of 4 technical and 7 administrative functions covering the following:

- Provide lifecycle support for the deployed surface combatants and support in the transition of new baselines to the fleet.
- Support computer program products in the form of corrections, enhancements, and engineering changes for Navy surface combatants.
- Perform engineering studies and data analysis/reports to meet emergent Navy requirements.
- Assist in the definition of future high-performance architectures, activities, and support the development and implementation of computer program development processes.

This is a contract for the provision of services by the contractor. In accordance with law and policy and with the provisions of this contract, contractor personnel shall perform as required by this contract, and such work shall include working in cooperation and collaboration with Government personnel. Performance of this contract work shall require the contractor to access and use Government-owned data such as computer program, documentation, technical data, process and report templates, and the like. Any and all computer program, documentation, technical data generated from such access and use shall also be and remain Government-owned data and shall be included in an appropriate technical report or other deliverable. The contractor's use of and access to Government-owned data shall neither constitute nor create any contractor rights in or license to such data; the only contractor permissions to use and access the data shall be those necessarily required by the contractor to perform the work herein. On occasion and incidental to the provision of support services by the contractor, the contractor may be tasked to independently create discrete new data products (e.g., a computer software program, drawings, etc.) that do not derive from existing data. Such products shall be specifically identified by the Government in writing and shall be delivered pursuant to the appropriate Contract Data Requirements List (CDRL) document. Rights in such products shall be governed by the appropriate contract clauses.

#### C.2.1 MANDATORY REQUIREMENTS

Offerors must meet all mandatory requirements or provide an acceptable plan to meet the requirements by time of award. In addition, mandatory requirements must be maintained throughout the life of the Task Order. The mandatory requirements are as follows:

##### C.2.1.1 FACILITY LOCATION

The offeror's primary facility supporting this contract must be located within one-hour (60 minutes) commuting distance of NSWCDD, Dahlgren, VA. Numerous meetings at NSWCDD Dahlgren, VA site will occur with little or no advance notice. These meetings will cover various activities, which may require the use of PC/Network capability, demonstration of information systems and processes and other rapid response tasks. At least 75% of the personnel shall be located in office space within one-hour (60 minutes) travel time to NSWCDD, Dahlgren, VA.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 163 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

### **C.2.1.2 SECURITY CLEARANCE**

The contractor's primary facility must be cleared to the Secret Level, with Secret storage capability.

### **C.2.1.3 PERSONNEL SECURITY CLEARANCES**

All personnel performing under this Task Order are required to have, as a minimum, a Secret security clearance.

### **C.2.1.4 SECURE LINK**

C.2.1.4.1 Contractors shall provide their own secure facility (at the Secret or higher level), which includes access to the IWSL computer systems. Offerors are advised that in order to perform in accordance with the PWS requirements, offeror must be able to participate in the classified AEGIS Area-wide Network.

C.2.1.4.2 In order to participate in the network, they must have a secure line or secure data connection from their facility (the primary facility/facilities proposed to support this effort) to IWSL at NSWCDD, Dahlgren, VA. The following paragraphs delineate the basic requirements that must be met before network access will be permitted.

C.2.1.4.3 Offerors must address, have, or be willing to provide no later than 90 days after award:

a A data transmission line connecting the contractor's encryption device (hub) to 's encryption device. The data transmission line shall be capable of carrying data at a minimum rate of 1.544 megabits per second. The requirements for the encryption device are defined in Section C.2.1.4.4. Only the following options are acceptable: 1) Connection to the fiber PDS that direct connects from the IWSL to select office buildings. 2) Encrypted Dry Pair Copper lines. 3) An existing SIPR POP (if a SIPR POP is not already in place, the time required to put a SIPR POP in place would fail to meet schedule requirements). The Government will cover the non-recurring costs necessary to establish the secure data transmission link up to the established Not to Exceed (NTE) ODC amount stated in Section L.6.6.3. The contractor shall be responsible for all recurring costs relating to the maintenance of the secure data transmission link, or

b Access to an approved Protective Distribution System (PDS) providing connectivity to NSWCDD's IWSL.

C.2.1.4.4 The encryption device or PDS must be approved at the Secret (or higher) level. The encryption device must be stored in a secure area that meets the construction requirements of the National Industrial Security Program Operating Manual-NISPOM (DOD 5220.22, Chapter 5, Sections 3 and 8) and be accredited by the Defense Security Service (DSS) (IS Specialist, Capital Area phone 1-800-935-7346).

C.2.1.4.5 Stand-alone PCs or Local Area Networks (LANs) used in the secure area, to support the AEGIS Classified Network, must meet the minimum-security requirements of the NISPOM (DOD 5220.22-M, Chapter 8) and be accredited by DSS. System configuration must be approved by NSWCDD.

C.2.1.4.6 A COMSEC account is required for the receipt of the keying material necessary to support the encryption device if the contractor elects to use an encrypted system (as opposed to a PDS). The contractor shall have a Defense Courier Service (DCS) account to support the receipt and shipment of the operational key.

C.2.1.4.7 As part of the NSWCDD Security Office's Memorandum of Agreement (MOA) with DSS, the contractor shall complete a Network Participants' Data Sheet (NPDS) and submit it to the NSWCDD Network Security Representative for approval.

C.2.1.4.8 If an encrypted system (as opposed to a PDS) will be used, the contractor shall attend or have attended Network Encryption System (NES) training.

## **C.3 REQUIREMENTS**

### **C.3.1 WEAPON SYSTEM ELEMENT AND COMBAT SYSTEM DOMAIN ENGINEERING**

The Contractor shall provide Naval Weapon system element, combat system domain and software engineering

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 164 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

expertise (e.g., infrastructure, display, sensor, track management, combat control, weapon management, vehicle control, external communication management, navigation, training, support, etc.).

C.3.1.1 The Contractor shall provide technical evaluations, options, and recommendations to support program and product planning, including transition to open architecture products, as related to weapon system element and combat system domain and subsystems to improve future Navy engineering and computer program products. (CDRLs A001, A002, A003)

C.3.1.2 The Contractor shall perform computer program development activities to develop, maintain, and deliver functional weapon system element and combat system domain computer programs, adhering to the principles of reusable common computer program components.

C.3.1.2.1 The Contractor shall provide computer program products (i.e. electronic source code or hard copies of source code listings, script files, reports, white papers, and presentations) in accordance with Naval specifications, procedures, standards, and guidelines. (CDRL A004)

C.3.1.2.2 The contractor shall provide computer program artifacts required to reproduce, build, install and execute the computer program. (CDRLs A005, A006)

C.3.1.2.3 The Contractor shall document and resolve functional computer program requirement deficiencies and provide change recommendations. (CDRL A007)

C.3.1.2.4 The Contractor shall provide technical reports and position papers to substantiate functional computer program requirement change recommendations. (CDRL A001)

C.3.1.2.5 The Contractor shall document and track configuration of computer program design, development, test, and production materials and artifacts. (CDRL A008)

C.3.1.2.6 The Contractor shall conduct code inspection during development. (CDRL A009)

C.3.1.2.7 The Contractor shall implement modifications, deletions, and enhancements IAW assigned Engineering Change Proposals (ECPs). (CDRL A010)

C.3.1.2.7.1 The Contractor shall develop and implement code changes for assigned corrections or modifications, Specification Changes (SCs), and Interface Change Requests (ICRs) for current and future systems.

C.3.1.2.7.2 The Contractor shall produce computer program executable files and perform unit tests for the purpose of verifying changes to computer programs. (CDRL A004, A0012)

C.3.1.2.8 The Contractor shall track the configuration and versioning of computer program problem reports and assist in maintaining the Government-owned trouble report database by providing updates and status information for the weapon system elements and combat system domains. (CDRLs A001, A003)

C.3.1.2.9 The Contractor shall support developmental testing and verification of computer programs.

C.3.1.2.9.1 The Contractor shall create and review test plans for development and lifetime support activities. (CDRLs A011)

C.3.1.2.9.2 The Contractor shall conduct problem, unit, element/domain, integration, and Fleet Synthetic Testing (FST) level testing of computer programs. (CDRLs A002)

C.3.1.2.9.3 The Contractor shall assist the Government to build, test, and validate computer programs.

C.3.1.3 The Contractor shall verify the accuracy of data generated by Weapon System alignment adaptation data programs following program upgrades. (CDRL A012)

C.3.1.4 The Contractor shall provide expertise in support of data reduction computer programs, utilities, Data Analyzer and Translator (DAT) templates, and other data reduction tool development.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 165 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

C.3.1.4.1 The Contractor shall provide engineering and computer program development for computer program analysis tools and requirement verification and validation test tools. (CDRL A013)

C.3.1.4.2 The Contractor shall generate and maintain computer program data dictionaries. (CDRL A014)

C.3.1.4.3 The Contractor shall create, review, and update Computer Room and Data Recording User's Manuals. (CDRL A007)

C.3.1.4.4 The Contractor shall evaluate and recommend improvements in procedures and tools for future data dictionaries and data recording capabilities. (CDRL A014)

C.3.1.5 The Contractor shall generate and deliver tactical databases (e.g. airways, threat data, geospatial information, and master ship list).

C.3.1.5.1 The Contractor shall maintain, update and verify computer programs which process tactical databases acquired from third party sources (e.g. World Vector Shorelines Database from National Geospatial Agency) to render the data in a format that is compatible with Navy Combat Systems. (CDRL A004)

C.3.1.5.2 The Contractor shall provide, maintain, and verify computer program scripts and procedures to enable processed tactical databases to be uploaded to Navy combat systems onboard ships, land based test sites, and training facilities. (CDRL A015)

C.3.1.5.3 The Contractor shall deliver the processed tactical databases to a Navy specified data repository (i.e. CSCAN). (CDRL A004)

C.3.1.6 The Contractor shall investigate enhancements and improvements for current and future weapon system element and combat system domain functionalities through continuous improvements process.

C.3.1.7 The Contractor shall investigate and conduct engineering studies and experiments pertaining to the migration of legacy computer program into various Commercial-Off-The-Shelf (COTS) equipment and COTS/Government-Off-The-Shelf (GOTS) applications. (CDRLs A001, A002)

C.3.1.8 The Contractor shall conduct analysis on weapon system element and combat system domain specific, memory and timing studies (i.e., conduct memory availability and optimization studies and timing and performance studies.). (CDRL A002)

C.3.1.9 The Contractor shall support special computing engineering initiatives.

C.3.1.9.1 The Contractor shall develop and test new and functionally equivalent computer programs for use with existing and future Navy ship platforms. (CDRLs A001, A002, A012)

C.3.1.9.2 The Contractor shall evaluate and make recommendations of new and functionally equivalent hardware. (CDRLs A001, A002, A012)

C.3.1.9.3 The Contractor shall develop technology roadmaps to support future baseline and technology insertion decisions. (CDRLs A001, A002, A003)

C.3.1.9.4 The Contractor shall recommend improvements in engineering and development processes as applicable to the weapon system elements and combat system domains. (CDRLs A001, A002, A003)

C.3.1.10 The Contractor shall provide system security engineering support through investigation, development, integration, testing, analysis, delivery, tracking, and maintenance of system protection and information assurance tools, as applicable to the weapon system elements and combat system domains. (CDRLs A001, A002, A004, A005, A006, A012)

C.3.1.11 The Contractor shall provide technical expertise for the conduct of baseline build, deployment, and ship underway engineering activities. (CDRLs A001, A002, A003, A015)

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 166 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

C.3.1.11.1 The Contractor shall provide combat system domain technical expertise for conduct of mission pre-event analysis, onsite Waterfront Integration and Testing (WIT), and post event analysis and reporting. (CDRLs A001, A012, A015)

C.3.1.11.2 The Contractor shall provide mission, system, and computer program requirements analysis and define mission test objectives. (CDRLs A001, A017)

C.3.1.11.3 The Contractor shall provide on-site and remote-site configuration and integration of the computer programs and warfare systems at Integrated Warfare Systems Laboratory (IWSL) at NSWC Dahlgren, Surface Combat Systems Center (SCSC) at Wallops Island VA., Center for Surface Combat System (CSCS) at NSWC Dahlgren, Combat System Engineering Development Site (CSEDS) at Moorestown NJ, and Naval Surface Warfare Center (NSWC) Corona, shipyards (Pascagoula, MS and Bath, ME) and onboard corresponding ships. (CDRLs A001, A015)

C.3.1.11.4 The Contractor shall provide engineering expertise and conduct dry run testing in support of functional performance assessment. (CDRLs A001)

C.3.1.11.5 The Contractor shall attend, discuss, provide, or present technical data, evaluations, and recommendations to selected working groups and Integrated Product Teams (IPTs). The Contractor shall submit trip reports for off-site meetings and technical reports as required by the Government. (CDRLs A001, A003, A015)

### **C.3.2 FLEET AND LAND BASED TEST SITE SUPPORT**

C.3.2.1 The Contractor shall provide weapon system element and combat system domain expertise in assisting Fleet Support and land based test site activities. (CDRLs A001, A002, A003, A015)

C.3.2.1.1 The Contractor shall investigate, analyze, document and resolve reported shipboard and land based test site problems. (CDRLs A002, A004, A014, A018)

C.3.2.1.2 The Contractor shall provide weapon system element and combat system domain expertise to support computer program delivery and installation efforts. (CDRLs A019, A020)

C.3.2.1.3 The Contractor shall provide on-site weapon system element and combat system domain expertise to include data analysis in support of Deployment Group Systems Integration Testing (DGSIT) events, Combat System Ship Qualification Tests (CSSQTs), and other test and training events. (CDRLs A003, A014, A015)

C.3.2.2 The Contractor shall investigate and recommend enhancements in support of test facility improvement to increase the effectiveness of the weapon system element and combat system domain and sub-system level computer program testing.

C.3.2.2.1 The Contractor shall assist the user community in replacing legacy components with reliable, COTS-based solutions. (CDRLs A001, A002, A003, A021)

### **C33 CONFIGURATION MANAGEMENT VERIFICATION AND VALIDATION (CMVV)**

C.3.3.1 The Contractor shall provide Configuration Management (CM) support for computer program builds and Verification and Validation (V&V) for weapon system computer programs and associated files for AEGIS, Aegis BMD. Detailed tasks include the following:

C.3.3.1.1 The Contractor shall support the maintenance of the CM Master Repository of computer program components (source, object, script files, build procedures, development operating environment, etc.). (CDRLs A004, A006)

C.3.3.1.2 The Contractor shall provide CM mechanisms for the government to control all computer program components within the CM Master Repository. (CDRLs A003, A004)

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 167 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

C.3.3.1.3 The Contractor shall perform an independent CM-controlled build of computer programs developed by NSWCCD. Generate and archive Quality Control (QC) build trail data, build log files, and loadfile verifications. The contractor shall verify and certify file traceability and integrity. (CDRLs A003, A022)

C.3.3.1.4 The Contractor shall perform an independent Build Verification of adaptation files generated by NSWCCD. (CDRLs A003, A022)

C.3.3.1.5 The Contractor shall verify all incorporated changes for incremental builds received from the design agent via change history reports. (CDRLs A003, A022)

C.3.3.1.6 The Contractor shall perform an independent Build Verification and Validation of Final Quality Assurance (QA) computer programs and associated files received. (CDRLs A003, A022)

C.3.3.1.7 The Contractor shall generate CM master build media in support of ship/site installations based on computer program components from the CM Master Repository. (CDRLs A003, A022)

C.3.3.2 The Contractor shall develop and verify process for independent Verification and Validation of Tactical Operating Environments (OE) changes received. (CDRLs A003, A022)

C.3.3.3 The Contractor shall maintain and update computer program tools in support of the CM build and V&V processes. (CDRLs A003, A005, A006, A022)

C.3.3.4 The Contractor shall develop and maintain a set of CMVV documentation on a government-owned network available to all users. The documentation to be included is CMVV Matrices, Notification forms, Closure forms, Adaptation Matrices, Metrics data, and daily work log. (CDRL A022)

#### **C.3.4 APL MODELING AND SIMULATION SUPPORT (AMSS)**

C.3.4.1 The Contractor shall provide system engineering services to NSWCCD in cooperation with the Applied Physics Laboratory (APL) to support high-fidelity modeling of Ballistic Missile Defense and Anti-Air Warfare functionality. The system engineering services are expected to involve the following:

C.3.4.1.1 The Contractor shall provide requirements analysis, including at the B5 specification level. (CDRL A001)

C.3.4.1.2 The Contractor shall support NSWCCD in cooperation with the APL by translating and mapping the requirements into designs, pseudo code, and/or flow charts which then can be captured into and/or which facilitate the development of APL's functional test model computer program. (CDRL A001)

C.3.4.1.3 The Contractor shall support NSWCCD in cooperation with the APL in the testing of the functional model computer program. (CDRLs A011, A012)

C.3.4.1.4 The Contractor shall support identification and analysis of the tactical data extraction points necessary to drive, test, and validate the model. (CDRLs A001, A002, A003)

C.3.4.1.5 The Contractor shall provide data analysis using standard data reduction tools. (CDRLs A001, A003, A012)

C.3.4.1.6 The Contractor shall capture and provide recorded tactical system extraction data. (CDRLs A001, A003, A004, A012)

C.3.4.1.7 The Contractor shall support troubleshooting, debugging, and problem isolation of the model code, including Integrated Development Environments (IDEs). (CDRLs A001, A003, A004)

C.3.4.1.8 The Contractor shall assist NSWCCD in cooperation with APL and NSWCCD in performing the QA process of the APL model. (CDRLs A001, A003, A011, A012, A015)

C.3.4.1.9 The Contractor shall provide recommendations for improving the requirements and/or designs for future

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 168 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

baselines. (CDRLs A001, A003, A021)

C.3.4.1.10 The Contractor shall research functionality using the specifications, tactical code or other appropriate artifacts and report findings. (CDRLs A001, A002, A003)

C.3.4.1.11 The Contractor shall be able to electronically exchange classified Government information residing at APL via the secure connection from the contractor's facility to the IWSL.

#### **C.4 IN-PROCESS REVIEWS (IPR)**

C.4.5.1 The contractor shall conduct quarterly IPRs with the NSWC Contracting Officer, Contract Specialist, COR and other NSWCD personnel as designated by the COR. (CDRL A003 and A025)

#### **C.5 USE OF GOVERNMENT FACILITIES**

The execution of Sections C.3.1 to C.3.4 requires that the contractor have use of various test facilities, e.g. IWSL, SCSC, CSCS, and CSEDs. The Government, however, does not guarantee the contractor a specific amount of prime time computer hours. The contractor is expected to adjust schedules as necessary to meet the workload including multiple shifts. The contractor shall adhere to all policies and procedures, which have been established to govern the utilization of such facilities. Government Furnished Information (GFI) items such as procedures will be provided at no cost to the contractor. Computer time shall be scheduled through the Government.

#### **C.6 PLAN OF ACTION AND MILESTONES (POA&M) AND STAFFING PLAN**

C.6.1 The contractor shall develop a Plan of Action and Milestones (POA&M) and Staffing Plan Document for each element/work area. (CDRL A016)

The POA&M shall be signed by the Contractor and the Government Contracting Officer. The signed POA&M shall be provided electronically to the Contracting Officer, the Contract Specialist, the COR/ACOR, and the appropriate Government Subject Matter Expert within thirty (30) calendar days after issuance of the Task Order. Thereafter, plans shall be updated bi-annually or as needed for each CLIN. While Contractor format is acceptable with Government's Contracting Officer approval, the following information, at a minimum, shall appear in each POA&M (CDRL A016),

- Date POA&M prepared and revised
- Work Area (number and title)
- Revision number if applicable
- Contract and Task Order Number
- POA&M Period of Performance
- Contractor Interfaces/Points of Contact (technical area)
- Government Interfaces/POC/Subject Matter Expert
- Estimated labor hours and total cost (including fee)
- Work Summary – to include tasking for the year
- Subcontractors identified by name
- Travel

#### **C.7 PROGRESS REPORTING**

C.7.1 In support of the technical and business management of this contract, the Contractor shall participate in formal and informal reviews on the technical activities being conducted under this contract. These reviews may be at the task order or work area level. (CDRL A023)

C.7.2 The Contractor shall provide a monthly progress report electronically in accordance with DI-MGMT-81864 (CDRL A023). This report shall reflect both prime and subcontractor data if applicable at the same level of detail.

#### **C.8 MEETING AND CONFERENCE SUPPORT**

C.8.1 In support of each element/work area, the contractor shall attend technical meetings and conferences,

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 169 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

prepare and present meeting material, and record and distribute meeting minutes and action items. (CDRLs A003, A012, A024, A025)

C.8.2 The Contractor shall have the capability to receive and test classified model computer program and classified tactical extraction data. This may include the usage of collaborative websites and/or SIPRNET e-mail for data and file exchange. (CDRLs A001, A003)

C.8.3 The Contractor shall have the capability to participate in remote secure teleconferences.

C.8.4 The Contractor shall have the capability to remotely and electronically access classified requirements specifications, tactical source code, tactical extraction data, data reduction and analysis tools, and model software.

C.8.5 The Contractor shall support the Government in data collection events, briefings, and/or technical meetings. (CDRL A003)

## **C.9 CONTINUOUS IMPROVEMENTS**

In support of each element/work area, the contractor shall provide recommendations for specific process improvements, equipment and computer program enhancements and obsolescence mitigation, facility improvements, and any other concepts to achieve better efficiency and cost reduction/avoidance. (CDRL A002)

## **C.10 SECURITY**

C.10.1 The contractor shall require access to Communications Security (COMSEC), Formerly Restricted Data (FRD), Non-SCI intelligence, NATO, FOUO, and PII information in the performance of this contract to support or in order to provide systems engineering, computer program support and maintenance of Navy tactical initiatives and spiral and baseline developments to support NSWCDD as specified on the DD Form 254.

C.10.2 The contractor facility is required to possess and maintain a SECRET facility clearance as verified within the Industrial Security Facility Database (ISFD) with SECRET storage capability.

C.10.3 Access to classified spaces and material, and generation of classified material, shall be in accordance with the attached DD Form 254. The Department of Defense Contract Security Classification Specification (DD Form 254) provides the security classification requirements for this Task Order.

C.10.4 The contractor shall obtain personnel security clearances as required by the Department Industrial Security Program prior to starting to work on tasks requiring clearances. All Key Personnel associated with this contract will be required to have at a minimum a DoD "Secret" clearance at time of award.

C.10.5 Physical Security: The Contractor shall be responsible for safeguarding all Government information or property provided for Contractor use. At the end of each work period, Government information, facilities, equipment and materials shall be secured as specified.

C.10.6 Electronic Spillages (ES) are unacceptable and pose a risk to national security. An electronic spillage is defined as classified data placed on an information system (IS), media or hardcopy document possessing insufficient security controls to protect the data at the required classification level, thus posing a risk to national security (e.g., sensitive compartmented information (SCI) onto collateral, Secret onto Unclassified, etc.). The contractor's performance as it relates to ES will be evaluated by the Government. ES reflects on the overall security posture of NSWCDD and a lack of attention to detail with regard to the handling of classified information of IS security discipline and will be reflected in the contractor's performance rating. In the event that a contractor is determined to be responsible for an ES, all direct and indirect costs incurred by the Government for ES remediation will be charged to the contractor.

C.10.7 NSWCDD Security will continue to be responsible for the corrective action plan in accordance with the security guidance reflected on the DOD Contract Security Classification Specification - DD254. NSWCDD Security will identify the contractor facility and contract number associated with all electronic spillages during the investigation that involve contractor support. NSWCDD Security will notify the Contracts Division with the

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 170 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

contractor facility name and contract number, incident specifics and associated costs for clean-up. The Contracting Officer will be responsible to work with the Contractor Facility to capture the costs incurred during the spillage clean up. The Contractor is also responsible for taking Information Security Awareness training annually, via their Facility Security Officer (FSO), as part of the mandatory training requirements. If a spillage occurs additional training will be required to prevent recurrence.

#### C.10.8 Portable Electronic Devices (PEDs)

C.10.8.1 Non-government and/or personally owned portable electronic devices (PEDs) are prohibited in all NSWCCD buildings with the exception of personally owned cell phones which are authorized for use in spaces up to and including Controlled Access Areas. The Contractor shall ensure the onsite personnel remain compliant with this PED policy. NSWCCD instruction defines PEDs as the following: any electronic device designed to be easily transported, with the capability to store, record, receive or transmit text, images, video, or audio data in any format via any transmission medium. PED's include, but are not limited to, pagers, laptops, radios, compact discs and cassette players/recorders. In addition, this includes removable storage media such as flash memory, memory sticks, multimedia cards and secure digital cards, micro-drive modules, ZIP drives, ZIP disks, CD-RWs, DVD-RWs, MP3 players, iPads, digital picture frames, electronic book readers, kindle, nook, cameras, external hard dish drives, and floppy diskettes.

C.10.8.2 PED's belonging to an external organization shall not be connected to NSWCCD networks or infrastructure without prior approval from the NSWCCD Information Assurance and Compliance Branch. This approval will be granted using the TARIS form and action tracker process.

C.10.8.3 Personally owned hardware or software shall not be connected or introduced to any NSWCCD hardware, network or information system infrastructure.

#### C.10.9 Information Security and Computer System Usage

In accordance with U.S. Navy policy, any personnel, including the contractor, who utilizes DoD-owned systems, shall assume responsibility for adherence to restrictions regarding internet and e-mail usage. Navy policy prohibits racist, sexist, threatening, pornographic, personal business, subversive or politically partisan communications. All personnel, including the contractor, are accountable and must act accordingly. DoD computer systems are monitored to ensure that the use is authorized, to facilitate protection against unauthorized access, and to verify security procedures, survivability and operational security. During monitoring, information may be examined, recorded, copied, and used for authorized purposes. All information, including personal information, placed on or set over a DoD System may be monitored. Use of DoD system constitutes consent to monitoring. Unauthorized use may result in criminal prosecution. Evidence of unauthorized use collected during monitoring may be used as a basis for recommended administrative, criminal or adverse action.

### C.11 TRAVEL

The contractor may be required to travel in performance of this task order. The numbers of trips and types of personnel traveling shall be limited to the minimum required to accomplish work requirements and shall be coordinated with the COR. All travel shall be conducted in accordance with FAR 31.205-46 Travel Costs and the Joint Travel Regulation (JTR) and shall be pre-approved by the COR. The following is a representative list of travel locations anticipated:

<b>Destination</b>
Corona, CA
Laurel, MD
Moorestown, NJ
Norfolk, VA
Oxnard, CA
Pearl Harbor, HI

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 171 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

Port Hueneme, CA
San Diego, CA
Wallops Island, VA
Washington, DC
Yokosuka, Japan

## **C.12 ON-SITE ENVIRONMENTAL AWARENESS**

- (a) The contractor shall strictly adhere to all Federal, State and local laws and regulations, Executive Orders, and Department of Defense and Navy policies.
- (b) The contractor shall ensure that each contractor employee who has been or will be issued a Common Access Card (CAC) completes the annual NSWCDD Environmental Awareness Training (EAT) within 30 days of commencing contract performance and annually thereafter as directed by their NSWCDD training coordinator or their COR.
- (c) The contractor shall ensure that each contractor employee not required to complete the training described in part (b) above (i.e., those who do not have and will not be issued a CAC) reads the NSWCDD Environmental Policy Statement within 30 days of commencing contract performance. This document will be available from the COR, however, the policy is also provided on the publicly-available NSWCDD website, [https://wwwdd.nmci.navy.mil/program/Safety\\_and\\_Environmental\\_Office](https://wwwdd.nmci.navy.mil/program/Safety_and_Environmental_Office).
- (d) Within 30 days of commencing contract performance, the contractor shall certify by e-mail to their COR that the requirements captured by (b) and (c) above have been met. The e-mail shall include each employee name and work site and shall indicate which requirement—(b) or (c) above--each employee has satisfied.
- (e) Contractor copies of the records generated by the actions described in (b) and (c) above will be maintained and disposed of by the contractor in accordance with SECNAVINST 5210.8D.

## **C.13 ON-SITE SAFETY REQUIREMENTS**

- (a) The contractor shall strictly adhere to Federal Occupational Safety and Health Agency (OSHA) Regulations, Environmental Protection Agency (EPA) Regulations, and all applicable state and local requirements.
- (b) The contractor shall ensure that each contractor employee reads the document entitled, "Occupational Safety and Health (OSH) Policy Statement" within 30 days of commencing performance at NSWCDD. This document is available at: [https://wwwdd.nmci.navy.mil/program/Safety\\_and\\_Environmental\\_Office/Safety/Safety.html](https://wwwdd.nmci.navy.mil/program/Safety_and_Environmental_Office/Safety/Safety.html)
- (c) The contractor shall provide each contractor employee with the training required to do his/her job safely and in compliance with applicable regulations. The contractor shall document and provide, upon request, qualifications, certifications, and licenses as required.
- (d) The contractor shall provide each contractor employee with the personal protective equipment required to do their job safely and in compliance with all applicable regulations.
- (e) Contractors working with ionizing radiation (radioactive material or machine sources) must comply with NAVSEA S0420-AA-RAD-010 (latest revision) [provided upon request]. Prior to bringing radioactive materials or machine sources on base, the contractor must notify the Command Radiation Safety Officer in the Safety & Environmental Office.
- (f) The contractor shall ensure that all hazardous materials (hazmat) procured for NSWCDD are procured through or approved through the hazmat procurement process. Hazmat brought into NSWCDD work spaces shall be reviewed and approved by the Safety & Environmental Office prior to use by submitting an Authorized Use List addition form and Safety Data Sheet that shall be routed through the government supervisor responsible for the specific work area. The Authorized Use List addition form can be found at [https://wwwdd.nmci.navy.mil/program/Safety\\_and\\_Environmental\\_Office/](https://wwwdd.nmci.navy.mil/program/Safety_and_Environmental_Office/).

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 172 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(g) Upon request the contractor shall submit their OSHA 300 Logs (injury/illness rates) for review by the Safety Office. If a contractor's injury/illness rates are above the Bureau of Labor & Statistics industry standards, a safety assessment will be performed by the Safety Office to determine if any administrative or engineering controls can be utilized to prevent further injuries/illnesses, or if any additional PPE or training will be required.

(h) Applicable contractors shall submit Total Case Incident Rate (TCIR) and Days Away, Restricted and Transfer (DART) rates for the past three years upon request by the Safety Office. A contractor meets the definition of applicable if its employees worked 1,000 hours or more in any calendar quarter on site and where oversight is not directly provided in day to day activities by the command.

(i) The contractor shall report all work-related injuries/illnesses that occurred while working at NSWCDD to the Safety Office.

(j) The contractor shall ensure that all on-site contractor work at NSWCDD is in accordance with the NSWCDDINST 5100.1D Occupational Safety and Health Instruction, available at: [https://wwwdd.nmci.navy.mil/program/Safety\\_and\\_Environmental\\_Office/Safety/Safety.html](https://wwwdd.nmci.navy.mil/program/Safety_and_Environmental_Office/Safety/Safety.html)

#### **C.14 SHIPBOARD PROTOCOL**

This tasking may involve platform engineering and fleet support onboard ship. As such, the Contractor is responsible that shipboard protocol is strictly followed. Visit clearances must be arranged through the Government sponsor and must be forwarded to the individual command being visited as well as to all supporting commands, such as the base, squadron, tender, etc. that the visitor must pass through to get to the ship; the contractor is responsible for obtaining and maintaining specialized training (i.e. nuclear awareness, safety, quality control, etc.) and certification (i.e. SUBSAFE certificates etc.); personnel performing on board US Navy Ships must have at least a Secret Security Clearance; if not led by a government representative the contractor is responsible for briefing the ship/command upon arrival as to the purpose of the visit and expected duration; and the contractor is responsible for debriefing the ship/command upon departure as to the success of the tasking and the operational condition of affected equipment.

The Contractor shall ensure its personnel adhere to these requirements when performing shipboard tasking. Compliance shall be reported in the trip report.

#### **SAFETY**

- Safety Requirements. The Contractor shall comply with all applicable DOD, DON, NAVSEA, NSWCDD, OSHA and private shipyard facility safety instructions, policies, procedures and guidance while on Government or private shipyard property. The Contractor shall request any needed clarification of safety procedures and guidance from the COR. The Contractor shall immediately report any unsafe working conditions to the on-site Government manager.

- Safety PPE. The Contractor will provide all employees with the required safety equipment. The contractor shall ensure that all safety and personal protection equipment (PPE), such as hard hats, safety shoes, safety glasses, hearing protection, flashlights, and any other task-specific PPE are available to employees and used or worn as required.

- Alarms/Drills. Contract personnel shall adhere to all alarm or drill procedures and document alarms or drills in the trip report.

- Physical Requirements. Some shipboard tasking may require ascending and descending vertical ladders to and from the highest points of the ship both pier-side and underway. Contractors must be able to stand; walk; climb stairs; balance; stoop; kneel; crouch or crawl around and lift a maximum of 50 lbs. (single person).

- Medical Screening. If the contractor is embarking aboard any U.S. Navy vessel for a period longer than 24 hours, the Contractor shall comply with COMUSFLTFORCOM/COMPACFLT INSTRUCTION 6320.3A regarding the medical and dental screening.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 173 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

## HAZMAT

- HAZMAT Handling. The Contractor shall provide, and comply with all applicable Federal, State and local laws and DOD, DON, NAVSEA, and NSWCDD instructions, policies, procedures and guidance pertaining to, the purchase, handling, storage, transfer, use and disposal of hazardous materials (HAZMAT). The Contractor shall contact NSWCDD Technical Point of Contact or the HAZMAT Coordinator in advance of commencing such work to ensure compliance with the latest procedures, including those for handling potential spills. The Contractor shall contact the appropriate local HAZMAT Coordinator who will monitor Contractor storage, transfer, handling, use and disposal of HAZMAT on Government property prior to conducting such work. The Contractor shall request any needed clarification that arises in regards to HAZMAT procedures and guidance from the Local Government HAZMAT Coordinator.
- HAZMAT Disposal. The Contractor shall provide HAZMAT disposal of unused or expired materials, which shall be in accordance with all applicable federal, state and local laws.
- HAZMAT Impacts. The Contractor shall notify the COR of any requirements under this Statement of Work, that may be determined or discovered to impact the protection of endangered plant or animal species or environmentally-sensitive areas, prior to commencing such work.

## TRAINING/CERTIFICATIONS/LICENSES

- Certifications and Licenses. Contractor personnel will have the appropriate training and valid certifications or licenses as required based on the work to be accomplished.
- Training. Repair and maintenance employees working aboard vessels, dry docks and piers shall have a valid 10-hour OSHA Maritime Shipyard Employment Course #7615 or NAVSEA-approved equivalent completion card within 60 days of employment.
- Private Shipyards. Private Shipyards may require other documentation and additional training in advance of proceeding to the yard. There may be fees associated with the training for contractors.

## SECURITY

- Personnel Security. Contractor employees shall be a U.S. Citizen. There will be times when contractor employees will be assigned tasking in areas where there will be "Sensitive information or equipment". These employees shall possess and maintain at least a SECRET security clearance or the level appropriate to work in these areas on this Contract.
- Security Information. The Contractor shall furnish a list of personnel and their security clearances on file to the COR no later than 20 calendar days prior to commencement of shipboard work.
- Security Requirements. The Contractor shall comply with all DOD, DON, NAVSEA, NSWCDD security instructions, policies, procedures and guidance as they apply to the contractor both on and off Government property. This shall include proper check-in and check-out procedures of all contractor personnel occupying Government facilities.
- Security Access and Control. The Contractor is responsible for ensuring the return of any Common Access Cards (CACs) issued to their employees upon employee separation and/or upon termination of this contract.
- Private Shipyards. Private Shipyards may require additional security documentation in advance of proceeding to the yard. There may be fees associated with the badging for contractors.

## C.15 GOVERNMENT PROVIDED SPACE

The Government will provide Office Space in NSWCDD spaces on a full-time basis for one System Engineer.

Government furnished space will be provided the following equipment:

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 174 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

1 FTE will be provided:

- 1 Desk
- 1 Phone Line
- 1 NMCI Computer
- 1 Classified terminal

#### **C.16 POST AWARD MEETINGS**

(a) A Post-Award Meeting will be conducted within 15 working days after award of the Contract. The meeting will be held at a Government provided location in Dahlgren, Virginia.

(b) The Contractor will be given at least five working-days' notice prior to the date of the meeting by the Contract Specialist.

(c) The requirement for a Post-Award Meeting shall, in no event, constitute grounds for excusable delay by the Contractor in performance of any provisions of the Task Order.

(d) A second post-award meeting may, if necessary, be held after receipt of the first invoice to assure that adequate documentation has been received to substantiate the validity of the first invoice submission, in accordance with HQ G-2-0007. The Contractor will be given at least five working-days' notice prior to the date of the meeting by the Contract Specialist.

#### **C.17 TERMINATION OF EMPLOYEES WITH U.S. GOVERNMENT BADGES**

The Contractor shall ensure that all employees who have a U.S. Government badge turn in the badge immediately upon termination of their employment under this Task Order. The above requirement shall be made a part of the standard employee facility clearance procedures for all separating personnel. The Contractor shall advise the U.S. Government of all changes in their personnel requiring base access.

For involuntarily separated personnel and those separated under adverse circumstances, the Contractor shall immediately notify the U.S. Government and make arrangements between the employee and the U.S. Government for the return of the badge. In the event the employee is separated in his or her absence, the Contractor shall immediately notify the U.S. Government of the separation and make arrangements between the former employee and the U.S. Government for the return of the badge.

#### **C.18 DIGITAL DELIVERY OF DATA**

(a) Delivery by the Contractor to the Government of certain technical data and other information is now frequently required to be made in digital form rather than in hardcopy form. The method of delivery of such data and/or information (i.e., electronic, digital, paper hardcopy, or other form) shall not be deemed to affect in any way either the identity of the information (i.e., as "technical data" or "computer software") or the Government's and the Contractor's respective rights therein.

(b) Whenever technical data and/or computer software deliverables required by this contract are to be delivered in digital form, any authorized, required, or permitted markings relating to the Government's rights in and to such technical data and/or computer software must also be digitally included as part of the deliverable and on or in the same medium used to deliver the technical data and/or software. Such markings must be clearly associated with the corresponding technical data and/or computer software to which the markings relate and must be included in such a way that the marking(s) appear in human-readable form when the technical data and/or software is accessed and/or used. Such markings must also be applied in conspicuous human-readable form on a visible portion of any physical medium used to effect delivery of the technical data and/or computer software. Nothing in this paragraph shall replace or relieve the Contractor's obligations with respect to requirements for marking technical data and/or computer software that are imposed by other applicable clauses such as, where applicable and without limitation, DFARS 252.227-7013 and/or DFARS 252.227-7014.

(c) Digital delivery means (such as internet tools, websites, shared networks, and the like) sometimes require, as a

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 175 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

condition for access to and/or use of the means, an agreement by a user to certain terms, agreements, or other restrictions such as “Terms of Use,” licenses, or other restrictions intended to be applicable to the information being delivered via the digital delivery means. The Contractor expressly acknowledges that, with respect to deliverables made according to this contract, no such terms, agreements, or other restrictions shall be applicable to or enforceable with respect to such deliverables unless such terms, agreements, or other restrictions expressly have been accepted in writing by the Contracting Officer; otherwise, the Government’s rights in and to such deliverables shall be governed exclusively by the terms of this Task Order.

#### **C.19 SENSITIVE, PROPRIETARY, AND PERSONAL INFORMATION**

Work under this contract may require that personnel have access to Privacy Information. Contractor personnel shall adhere to the Privacy Act, Title 5 of the U.S. Code, Section 552a and applicable agency rules and regulations. Access to and preparation of sensitive information subject to Privacy Act and Business Sensitive safeguarding and destruction may be required in the execution of Act and Business Sensitive safeguarding and destruction may be required in the execution of tasking associated with this contract. Administratively sensitive information/data must not be shared outside of the specific work areas. All personnel with access to privacy act data in support of this contract must sign a privacy act certification.

#### **C.20 NON-DISCLOSURE AGREEMENTS (NDAs)**

NDAs may be utilized to allow for access to company sensitive/proprietary data. For tasks requiring NDAs, the contractor shall obtain appropriate agreements for all of their employees that are associated with the task requiring such an agreement.

Contractor personnel may be required, from time to time, to sign non-disclosure statements as applicable to specific Performance Work Statement tasking. The COR will notify the contractor of the number and type of personnel that will need to sign the Non-Disclosure agreements. The signed Non-Disclosure Agreements shall be executed prior to accessing data or providing support for information that must be safeguarded and returned to the COR for endorsement and retention. Copies of all executed NDAs shall be provided to the COR.

#### **C.21 NON-PERSONAL SERVICES/INHERENTLY GOVERNMENTAL FUNCTIONS**

(a) The Government will neither supervise contractor employees nor control the method by which the contractor performs the required tasks. The Government will not direct the hiring, dismissal or reassignment of contractor personnel. Under no circumstances shall the Government assign tasks to, or prepare work schedules for, individual contractor employees. It shall be the responsibility of the contractor to manage its employees and to guard against any actions that are of the nature of personal services or give the perception that personal services are being provided. If the contractor feels that any actions constitute, or are perceived to constitute personal services, it shall be the contractor’s responsibility to notify the Contracting Officer immediately in accordance with the clause 52.243-7.

(b) Inherently-Governmental functions are not within the scope of this Task Order. Decisions relative to programs supported by the contractor shall be the sole responsibility of the Government. The contractor may be required to attend technical meetings for the Government; however, they are not, under any circumstances, authorized to represent the Government or give the appearance that they are doing so.

#### **C.22 SUBCONTRACTORS/CONSULTANTS**

(a) None of the services required by this contract shall be subcontracted to, or performed by, persons other than the Contractor or the Contractor’s employees without the prior written consent of the Procuring Contracting Officer.

(b) In addition to the information required by FAR 52.244-2 Alternate 1 (June 2007) in Section I of the MAC, the contractor shall include the following information in requests to add subcontractors or consultants during performance, regardless of subcontract type or pricing arrangement. These requirements apply to all subcontracts/consulting agreements where labor hours performed will be counted against the requirements of the Level of Effort clause in Section G of the Task Order. Further, this documentation should be submitted for each subcontract increase in scope (hours) or price.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 176 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(c) Statements addressing:

- (1) The impact on the contractor's ability to provide service at the contracted price;
  - (2) The impact on compliance with FAR 52.219-14, Limitations of Subcontracting (also show calculations)
  - (3) Sole source justification (if applicable)
  - (4) A copy of the proposed subcontractor's cost or price proposal.
  - (5) Documentation establishing that the negotiated price is fair and reasonable.
  - (6) The results of negotiations to incorporate rate caps no higher than the lower of (i) SeaPort-e rate caps for the prime contractor, or in the case where the proposed subcontractor is also a SeaPort-e prime, (ii) rate caps that are no higher than the subcontractor's prime SeaPort-e contract if lower than the prime contractor's rate caps.
  - (7) Detailed justifications to include second-tier subcontracting to other subcontractors or consultants to include a rationale why these additional firms or consultants could not be directly obtained by the prime contractor.
- (d) The Government strongly discourages Time and Material (T&M) or Labor Hour pricing arrangements because the contractor has little incentive to manage their labor force effectively or to control ODC costs. However, this type of pricing arrangement is permitted for subcontracts. In these instances, the contractor shall provide specific justification to negotiate subcontracts with this pricing arrangement. The prime contractor is strongly encouraged to ensure that any fee rate incorporated into the negotiated labor rate(s) does not exceed the fee rate negotiated for this Task Order. The prime contractor shall also identify specific additional surveillance/controls to be employed to assure that efficient performance methods are being employed.

### **C.23 CONTROL OF CONTRACTOR PERSONNEL**

The contractor shall comply with the requirements of NAVSEA and NSWCDI instructions regarding performance in Government facilities. All persons engaged in work while on Government property shall be subject to search of their persons (no bodily search) and vehicles at any time by the Government, and shall report any known or suspected security violations to the appropriate Security Department. Assignment, transfer, and reassignment of contractor personnel shall be at the discretion of the contractor. However, when the Government directs, the contractor shall remove from contract performance any person who endangers life, property, or national security through improper conduct. All contractor personnel engaged in work while on Government property shall be subject to the Standards of Conduct contained in SECNAVINST 5370.2J.

### **C.24 CONTRACTOR PERSONNEL ADMINISTRATION**

When on-site in Government office spaces, laboratories, test facilities, or ship assets, Contractor employees shall be clearly identified as a Contractor (e.g., utilizing badge identifications and sign identifications in office spaces). In addition, Contractor employees shall identify themselves as Contractor personnel when answering telephones and sending emails. Contractor personnel cannot lead/manage/supervise Government personnel. Contractor program/project managers shall be clearly identified and known as such by Government employees. As circumstances permits, frequent (at least monthly) meetings are conducted between the COR and the Contractor organization program manager/project manager.

### **C.25 IDENTIFICATION BADGES**

The contractor shall be required to obtain identification badges from the Government for all contractor personnel to be located on Government property. The identification badge shall be visible at all times while employees are on Government property. The contractor shall furnish all requested information required to facilitate issuance of identification badges and shall conform to applicable regulations concerning the use and possession of the badges. The contractor shall be responsible for ensuring that all identification badges issued to contractor employees are returned to the appropriate Security Office within 48 hours following completion of the Task Order, relocation or termination of an employee, and upon request by the Contracting Officer.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 177 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

## C.26 SKILLS AND TRAINING

The Contractor shall provide capable personnel with qualifications, experience levels, security clearances, and necessary licenses, certifications, and training required by Federal, State and Local laws and regulations. Information assurance functions require certifications specified in DFARS 252.223-7001 INFORMATION ASSURANCE CONTRACTOR TRAINING AND CERTIFICATION. Training necessary to ensure that personnel performing under this task order maintain the knowledge and skills to successfully perform the required functions is the responsibility of the Contractor. Training necessary to maintain professional certification is the responsibility of the Contractor.

## C.27 ENTERPRISE-WIDE CONTRACTOR MANPOWER REPORTING APPLICATION (ECMRA)

(a) The Contractor shall report ALL Contractor labor hours (including Subcontractor labor hours) required for performance of services provided under this contract for the Naval Surface Warfare Center Dahlgren Division via a secure data collection site. The Contractor is required to completely fill in all required data fields using the following web address <https://doncmra.nmci.navy.mil>.

(b) Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk, linked at <https://doncmra.nmci.navy.mil>.

### C.30 HQ C-2-0002 ACCESS TO PROPRIETARY DATA OR COMPUTER SOFTWARE (NAVSEA) (JUN 1994)

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 179 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(a) Performance under this contract may require that the Contractor have access to technical data, computer software, or other sensitive data of another party who asserts that such data or software is proprietary. If access to such data or software is required or to be provided, the Contractor shall enter into a written agreement with such party prior to gaining access to such data or software. The agreement shall address, at a minimum, (1) access to, and use of, the proprietary data or software exclusively for the purposes of performance of the work required by this contract, and (2) safeguards to protect such data or software from unauthorized use or disclosure for so long as the data or software remains proprietary. In addition, the agreement shall not impose any limitation upon the Government or its employees with respect to such data or software. A copy of the executed agreement shall be provided to the Contracting Officer. The Government may unilaterally modify the contract to list those third parties with which the Contractor has agreement(s).

(b) The Contractor agrees to: (1) indoctrinate its personnel who will have access to the data or software as to the restrictions under which access is granted; (2) not disclose the data or software to another party or other Contractor personnel except as authorized by the Contracting Officer; (3) not engage in any other action, venture, or employment wherein this information will be used, other than under this contract, in any manner inconsistent with the spirit and intent of this requirement; (4) not disclose the data or software to any other party, including, but not limited to, joint venturer, affiliate, successor, or assign of the Contractor; and (5) reproduce the restrictive stamp, marking, or legend on each use of the data or software whether in whole or in part.

(c) The restrictions on use and disclosure of the data and software described above also apply to such information received from the Government through any means to which the Contractor has access in the performance of this contract that contains proprietary or other restrictive markings.

(d) The Contractor agrees that it will promptly notify the Contracting Officer of any attempt by an individual, company, or Government representative not directly involved in the effort to be performed under this contract to gain access to such proprietary information. Such notification shall include the name and organization of the individual, company, or Government representative seeking access to such information.

(e) The Contractor shall include this requirement in subcontracts of any tier which involve access to information covered by paragraph (a), substituting "subcontractor" for "Contractor" where appropriate.

(f) Compliance with this requirement is a material requirement of this contract.

### **C31 HQ C-2-0004 ACCESS TO THE VESSEL(S) (AT) (NAVSEA) (JAN 1983)**

Officers, employees and associates of other prime Contractors with the Government and their subcontractors, shall, as authorized by the Supervisor, have, at all reasonable times, admission to the plant, access to the vessel(s) where and as required, and be permitted, within the plant and on the vessel(s) required, and be permitted, within the plant and on the vessel(s) to perform and fulfill their respective obligations to the Government. The Contractor shall make reasonable arrangements with the Government or Contractors of the Government, as shall have been identified and authorized by the Supervisor to be given admission to the plant and access to the vessel(s) for office space, work areas, storage or shop areas, or other facilities and services, necessary for the performance of the respective responsibilities involved, and reasonable to their performance.

### **C32 HQ C-2-0005 ACCESS TO VESSELS BY NON-U.S. CITIZENS (NAVSEA)(DEC 2005)**

(a) No person not known to be a U.S. citizen shall be eligible for access to naval vessels, work sites and adjacent areas when said vessels are under construction, conversion, overhaul, or repair, except upon a finding by COMNAVSEA or his designated representative that such access should be permitted in the best interest of the United States. The Contractor shall establish procedures to comply with this requirement and NAVSEAINST 5500.3 (series) in effect on the date of this contract or agreement.

(b) If the Contractor desires to employ non-U.S. citizens in the performance of work under this contract or agreement that requires access as specified in paragraph (a) of this requirement, approval must be obtained prior to access for each contract or agreement where such access is required. To request such approval for non-U.S. citizens of friendly countries, the Contractor shall submit to the cognizant Contract Administration Office (CAO),

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 180 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

an Access Control Plan (ACP) which shall contain as a minimum, the following information:

(1) Badge or Pass oriented identification, access, and movement control system for non-U.S. citizen employees with the badge or pass to be worn or displayed on outer garments at all times while on the Contractor's facilities and when performing work aboard ship.

(i) Badges must be of such design and appearance that permits easy recognition to facilitate quick and positive identification.

(ii) Access authorization and limitations for the bearer must be clearly established and in accordance with applicable security regulations and instructions.

(iii) A control system, which provides rigid accountability procedures for handling lost, damaged, forgotten or no longer required badges, must be established.

(iv) A badge or pass check must be performed at all points of entry to the Contractor's facilities or by a site supervisor for work performed on vessels outside the Contractor's plant.

(2) Contractor's plan for ascertaining citizenship and for screening employees for security risk.

(3) Data reflecting the number, nationality, and positions held by non-U.S. citizen employees, including procedures to update data as non-U.S. citizen employee data changes, and pass to cognizant CAO.

(4) Contractor's plan for ensuring subcontractor compliance with the provisions of the Contractor's ACP.

(5) These conditions and controls are intended to serve as guidelines representing the minimum requirements of an acceptable ACP. They are not meant to restrict the Contractor in any way from imposing additional controls necessary to tailor these requirements to a specific facility.

(c) To request approval for non-U.S. citizens of hostile and/or communist-controlled countries (listed in Department of Defense Industrial Security Manual, DOD 5220.22-M or available from cognizant CAO), Contractor shall include in the ACP the following employee data: name, place of birth, citizenship (if different from place of birth), date of entry to U.S., extenuating circumstances (if any) concerning immigration to U.S., number of years employed by Contractor, position, and stated intent concerning U.S. citizenship. COMNAVSEA or his designated representative will make individual determinations for desirability of access for the above group. Approval of ACP's for access of non-U.S. citizens of friendly countries will not be delayed for approval of non-U.S. citizens of hostile communist-controlled countries. Until approval is received, Contractor must deny access to vessels for employees who are non-U.S. citizens of hostile and/or communist-controlled countries.

(d) The Contractor shall fully comply with approved ACPs. Noncompliance by the Contractor or subcontractor serves to cancel any authorization previously granted, in which case the Contractor shall be precluded from the continued use of non-U.S. citizens on this contract or agreement until such time as the compliance with an approved ACP is demonstrated and upon a determination by the CAO that the Government's interests are protected. Further, the Government reserves the right to cancel previously granted authority when such cancellation is determined to be in the Government's best interest. Use of non-U.S. citizens, without an approved ACP or when a previous authorization has been canceled, will be considered a violation of security regulations. Upon confirmation by the CAO of such violation, this contract, agreement or any job order issued under this agreement may be terminated or default in accordance with the clause entitled "DEFAULT (FIXED-PRICE SUPPLY AND SERVICE)" (FAR 52.249-8), "DEFAULT (FIXED-PRICE RESEARCH AND DEVELOPMENT)" (FAR 52.249-9) or "TERMINATION (COST REIMBURSEMENT)" (FAR 52.249-6), as applicable.

(e) Prime Contractors have full responsibility for the proper administration of the approved ACP for all work performed under this contract or agreement, regardless of the location of the vessel, and must ensure compliance by all subcontractors, technical representatives and other persons granted access to U.S. Navy vessels, adjacent areas, and work sites.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 181 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(f) In the event the Contractor does not intend to employ non-U.S. citizens in the performance of the work under this contract, but has non-U.S. citizen employees, such employees must be precluded from access to the vessel and its work site and those shops where work on the vessel's equipment is being performed. The ACP must spell out how non-U.S. citizens are excluded from access to contract work areas.

(g) The same restriction as in paragraph (f) above applies to other non-US citizens who have access to the Contractor's facilities (e.g., for accomplishing facility improvements, from foreign crewed vessels

### **C.33 HQ C-2-0011 COMPUTER SOFTWARE AND/OR COMPUTER DATABASE(S) DELIVERED TO AND/OR RECEIVED FROM THE GOVERNMENT (NAVSEA) (APR 2004)**

(a) The Contractor agrees to test for viruses all computer software and/or computer databases, as defined in the clause entitled "RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMERCIAL COMPUTER SOFTWARE DOCUMENTATION" (DFARS 252.227-7014), before delivery of that computer software or computer database in whatever media and on whatever system the software is delivered. The Contractor warrants that any such computer software and/or computer database will be free of viruses when delivered.

(b) The Contractor agrees to test any computer software and/or computer database(s) received from the Government for viruses prior to use under this contract.

(c) Unless otherwise agreed in writing, any license agreement governing the use of any computer software to be delivered as a result of this contract must be paid-up and perpetual, or so nearly perpetual as to allow the use of the computer software or computer data base with the equipment for which it is obtained, or any replacement equipment, for so long as such equipment is used. Otherwise the computer software or computer database does not meet the minimum functional requirements of this contract. In the event that there is any routine to disable the computer software or computer database after the software is developed for or delivered to the Government, that routine shall not disable the computer software or computer database until at least twenty-five calendar years after the delivery date of the affected computer software or computer database to the Government.

(d) No copy protection devices or systems shall be used in any computer software or computer database delivered under this contract to restrict or limit the Government from making copies. This does not prohibit license agreements from specifying the maximum amount of copies that can be made.

(e) Delivery by the Contractor to the Government of certain technical data and other data is now frequently required in digital form rather than as hard copy. Such delivery may cause confusion between data rights and computer software rights. It is agreed that, to the extent that any such data is computer software by virtue of its delivery in digital form, the Government will be licensed to use that digital-form data with exactly the same rights and limitations as if the data had been delivered as hard copy.

(f) Any limited rights legends or other allowed legends placed by a Contractor on technical data or other data delivered in digital form shall be digitally include on the same media as the digital-form data and must be associated with the corresponding digital-form technical data to which the legends apply to the extent possible. Such legends shall also be placed in human-readable form on a visible surface of the media carrying the digital-form data as delivered, to the extent possible.

### **C.34 HQ C-2-0012 CONFIGURATION MANAGEMENT (NAVSEA) (APR 2004)**

(a) Baseline Definition - For configuration control purposes, all contractual documentation in effect at the time of contract award shall constitute the Contract Baseline which shall be considered incorporated in the baseline documentation.

(b) General Requirement –

(1) The Contractor shall maintain a Configuration Control Program to assure that all detail level work being performed under this contract is in compliance with appropriate baseline documentation. The Contractor shall

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 182 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

prepare a Configuration Management Plan in accordance with the requirements of the contract for approval by the Government.

(2) Whenever a situation arises wherein the Contractor cannot comply with a baseline document, or whenever intent of such documentation is significantly changed by detail level documentation, the Contractor shall submit change documents to modify baseline documents to resolve the conflict or to allow non-compliance. Whenever the cost of implementing a proposed change is less than the threshold requiring certified cost or pricing data, the Contractor shall provide documentation explaining the nature of related costs as shown on the change document. Whenever the contract cost changes by an amount greater than the threshold requiring certified cost or pricing data, the Contractor shall complete such cost and pricing data as the Contracting Officer shall require detailing all related costs, and attach it to the change document. Requirements for cost and pricing data shall be determined by the gross amount of the change unless otherwise directed by the contracting officer. Change documentation shall be submitted to the Contracting Officer in accordance with the Contract Data Requirements List (CDRL), and as described in paragraphs (c) through (f) below.

(c) Engineering Change Proposals (ECPs) - ECPs shall be prepared in accordance with the approved configuration management plan and the requirements of the contract. DICMAN-80639C approved 30 Sep 2000 and MIL-HDBK-61A of 7 Feb 2001 apply. An ECP should be submitted whenever the detail level physical configuration, material quality, operational or functional performance of equipment or installed systems will not be in compliance with baseline design-related documents (Specifications, Contract Drawings, etc.), and a change to the baseline document is considered an appropriate means of resolving a design-related issue. Documentation shall be developed in sufficient detail to enable Government review and evaluation of the merits of the proposed change, including cost and scheduling impact, ship class impact, and consequences if disapproved. All existing drawings and technical manuals impacted by the change shall be listed along with a brief narrative explanation of needed changes to incorporate the ECP if approved. Weight and moment data incidental to the change shall be provided. The Contractor shall also prepare applicable baseline document insert sheets, with specific word changes or proposed re-write, to facilitate baseline documentation changes.

(d) Non-Engineering Change Proposals (NECPs) – An NECP should be submitted whenever necessary to document administrative, procedural, scheduling, or documentation changes that do not directly impact the physical configuration of the equipment. The NECP shall explain the nature of the problem, identify the applicable baseline document (i.e., Contract Data Requirement List (CDRL), Contract Clause, etc.) and provide a detailed explanation justifying the proposed course of action desired to resolve the problem. Insert sheets for applicable documents shall also be attached to facilitate change action in the event the Non-Engineering Change Proposal (NECP) is approved.

(e) Deviations and Waivers - In the event that a baseline design-related document requirement cannot be met, and a change to the baseline document is considered inappropriate, the Contractor shall submit a Request for Deviation (RFD) or Request for Waiver (RFW), as applicable. DI-CMAN-80640C approved 30 Sep 2000 and MILHDBK-61A of 7 Feb 2001 apply. The explanation of "need for deviation" should provide detailed justification and consequences of approval, to include technical details explaining the degree of non-compliance or effect on ship equipment or system operation constraints. In a similar manner, a waiver shall document an "as built" configuration that departs from baseline documentation and should include any proposed corrections or modifications to better meet the intent of the baseline document.

(f) Equitable Adjustments for Change Documentation Preparations - For its effort expended in preparing ECPs, NECPs, Deviations and Waivers, the Contractor shall receive equitable adjustment under the following circumstances:

(1) In the event the Contractor, on its own initiative, and without written request from the Contracting Officer, develops a change document that is later disapproved by the Government, the Contractor shall bear the cost of this effort.

(2) To avoid such loss, and at its option, the Contractor may submit a "preliminary" document that outlines intent, but without detailed supporting documentation and request the Contracting Officer's approval for expenditure of

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 183 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

effort to complete the detailed supporting documentation. In the event the Contracting Officer denies this request, the Contractor will bear the cost of development of the "preliminary" document, and shall make no further effort to complete detailed supporting documentation.

(3) In the event the Contracting Officer approves the Contractor's request to develop supporting documentation, the Contractor shall be equitably compensated for its effort for both the "preliminary" and "final" documentation, regardless of whether or not the change document is later approved.

(4) In the event the Contracting Officer requests in writing that the Contractor develop change documentation, the effort expended by the Contractor in developing such documentation shall be subject to equitable adjustment, regardless of whether or not the change document is later approved.

(5) In the event the Contractor, on its own initiative, and without written request from the Government, develops a change document that is later approved by the Contracting Officer, the cost of developing such documentation shall be incorporated in the contract modification that implements the change.

(6) Failure to agree to such equitable adjustment in contract price shall constitute a dispute, and shall be adjudicated in accordance with the requirements of the clause entitled "DISPUTES" (FAR 52.233-1).

(7) Any cost reduction proposal submitted pursuant to the clause entitled "VALUE ENGINEERING" (FAR 52.248-1) shall be submitted as a Code V Engineering Change Proposal (VECP). DI-CMAN-80639C approved 30 Sep 2000 and MIL-HDBK-61A of 7 Feb 2001 apply. Information required by the "VALUE ENGINEERING" clause shall also be submitted as part of the change request.

### **C.35 HQ C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000)**

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the Contractor does not have any organization conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

(d)(1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of three years after completion of performance of this contract.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 184 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

Contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the Contractor. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The Contractor further agrees that, during the performance of this contract and for a period of three years after completion of performance of this contract, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this contract. This exclusion does not apply to any recompetition for those systems, components or services furnished pursuant to this contract. As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this contract, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this contract or before the three year period following completion of this contract has lapsed, the Contractor may, with the authorization of the cognizant Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer. The notification shall include a description of the actual or potential conflict of interest, a description of the action which the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the contract, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the contract for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become, aware of an organizational conflict of interest after award of this contract and does not make an immediate and full disclosure in writing to the Contracting Officer, the Government may terminate this contract for default.

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this contract for default.

(i) The Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this contract.

(n) Compliance with this requirement is a material requirement of the contract.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 185 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

### **C.36 NOTIFICATION OF POTENTIAL ORGANIZATIONAL CONFLICT(S) OF INTEREST**

Offerors are reminded that certain arrangements may preclude, restrict or limit participation, in whole or in part, as either a subcontractor or as a prime contractor under this competitive procurement. Notwithstanding the existence or non-existence of an OCI clause in the current contract, the offeror shall comply with FAR 9.5 and identify if an OCI exists at any tier or arises at any tier at any time during contract performance. The contractor shall provide notice within 14 days of receipt of any information that may indicate a Potential OCI and how they shall mitigate this.

### **C.37 HQ C-2-0059 UPDATING SPECIFICATIONS AND STANDARDS (NAVSEA) (AUG 1994)**

If, during the performance of this or any other contract, the Contractor believes that any contract contains outdated or different versions of any specifications or standards, the Contractor may request that all of its contracts be updated to include the current version of the applicable specification or standard. Updating shall not affect the form, fit or function of any deliverable item or increase the cost/price of the item to the Government. The Contractor shall submit update requests to the Procurement Contracting Officer with copies to the Administrative Contracting Officer and cognizant Program Office Representative for approval. The contractor shall perform the contract in accordance with the existing specifications and standards until notified of approval/disapproval by the Procuring Contracting Officer. Any approved alternate specifications or standards will be incorporated into the contract.

### **C.38 HQ C-2-0065 SOFTWARE DEVELOPMENT REQUIREMENTS (NAVSEA) (DEC 2006) (MODIFIED) (SEP 2012)**

(a) The contractor shall define a general Software Development Plan (SDP) appropriate for the computer software effort to be performed under this contract. The SDP shall, at a minimum:

- (1) Define the contractor's proposed life cycle model and the processes used as a part of that model. In this context, the term "life cycle model" is as defined in IEEE Std. 12207:2008;
- (2) Contain the information defined by ISO/IEC/IEEE 15289:2011, section 7.3 (generic content) and the Mapping of ISO/IEC 12207:2008 (IEEE Std. 12207:2008) Clauses to Information Items for Each Software Life Cycle Process in Table 2 of ISO/IEC/IEEE 15289:2011. In all cases, the level of detail shall be sufficient to define all software development processes, activities, and tasks to be conducted;
- (3) Identify the specific standards, methods, tools, actions, strategies, and responsibilities associated with development and qualification;
- (4) Document all processes applicable to the system to be acquired, including the Primary, Supporting, and Organizational life cycle processes as defined by IEEE Std. 12207:2008 as appropriate. Such processes shall be equivalent to those articulated by CMMI®;
- (5) Include the content defined by all information items listed in Table 2 of ISO/IEC/IEEE 15289:2011, as appropriate for the system and be consistent with the processes proposed by the developers;
- (6) Adhere to the characteristics defined in section 6.1 ISO/IEC/IEEE 15289:2011, as appropriate;
- (7) Describe the overall life cycle and include primary, supporting, and organizational processes based on the work content of this contract;
- (8) Be in accordance with the framework defined in IEEE Std. 12207:2008, including, but not limited to, defining the processes, the activities to be performed as a part of the processes, the tasks which support the activities, and the techniques and tools to be used to perform the tasks;
- (9) Contain a level of information sufficient to allow the use of the SDP as the full guidance for the developers. In accordance with 7.3 of ISO/IEC/IEEE 15289:2011, such information shall at a minimum contain, specific

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 186 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

standards, methods, tools, actions, reuse strategy, and responsibility associated with the development and qualification of all requirements, including safety and security.

(b) The SDP shall be delivered to the Government for concurrence under CDRL and shall not vary significantly from that proposed to the Government for evaluation for award. The contractor shall follow the Government concurred with SDP for all computer software to be developed or maintained under this effort. Any changes, modifications, additions or substitutions to the SDP also require prior Government concurrence.

### **C.39 ECRAFT STANDARD LANGUAGE**

(a) The Contractor shall upload the Contractor's Funds and Man-hour Expenditure Reports in the Electronic Cost Reporting and Financial Tracking (eCRAFT) System.

(b) The Contractor's Funds and Man-hour Expenditure Report reports contractor expenditure for labor, materials, travel, subcontractor usage, and other contract charges.

(1) Access:

eCRAFT: Reports are uploaded through the eCRAFT System Periodic Report Utility (EPRU). The EPRU spreadsheet and user manual can be obtained at: <http://www.navsea.navy.mil/Home/Warfare-Centers/NUWC-Newport/Partnerships/Commercial-Contracts/Information-eCraft-/> under eCRAFT information. The eCRAFT e-mail address for report submission is: [Ecrafft.nuwc.npt.fct@navy.mil](mailto:Ecrafft.nuwc.npt.fct@navy.mil). If you have problems uploading reports, please see the Frequently Asked Questions at the site address above.

(2) Submission and Acceptance/Rejection:

The contractor shall submit their reports on the same day and for the same timeframe the contractor submits an invoice in iRAPT. The amounts shall be same. eCRAFT acceptance/rejection will be indicated by e-mail notification from eCRAFT.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 187 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

## SECTION D PACKAGING AND MARKING

### D.1 HQ-D-1-0001 DATA PACKAGING LANGUAGE

Data to be delivered by Integrated Digital Environment (IDE) or other electronic media shall be as specified in the contract.

All unclassified data to be shipped shall be prepared for shipment in accordance with best commercial practices.

Classified reports, data, and documentation shall be prepared for shipment in accordance with National Industrial Security Program Operating Manual (NISPOM), DOD 5220.22-M dated 28 February 2006.

### D.2 HQ-D-2-0008 MARKING OF REPORTS (NAVSEA) (SEP 1990)

All reports delivered by the Contractor to the Government under this contract shall prominently show on the cover of the report:

- (1) name and business address of the Contractor
- (2) contract number
- (3) contract dollar amount
- (4) whether the contract was competitively or non-competitively awarded
- (5) sponsor:

---

(Name of Individual Sponsor)

---

(Name of Requiring Activity)

---

(City and State)

All Deliverables shall be packaged and marked IAW Best Commercial Practice.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 188 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

## **SECTION E INSPECTION AND ACCEPTANCE**

### **HQ E-1-0007 INSPECTION AND ACCEPTANCE LANGUAGE FOR LOE SERVICES**

Item(s) 7000 – 7400 Inspection and Acceptance shall be made by the Contracting Officer’s Representative (COR) at NSWCDD, Dahlgren Virginia.

#### **E.1 PERFORMANCE BASED TASK ORDER REVIEW AND ACCEPTANCE PROCEDURES**

(a) This is a performance based Task order as defined in FAR 37.6. Contractor performance will be evaluated in accordance with the Quality Assurance Surveillance Plan (QASP) that is provided below.

(b) The QASP defines this evaluation and acceptance to be part of the annual Contractor Performance Assessment Reporting System (CPARS). The contractor may obtain more information regarding the CPARS process at the following internet site: <http://cpars.navy.mil>

#### **E.2 QUALITY ASSURANCE SURVEILLANCE PLAN (QASP)**

##### **E.2.1 PURPOSE**

E.2.1.1 This Quality Assurance Surveillance Plan is a Government-developed and applied document used to make sure the systematic quality assurance methods are used in the administration of this performance-based contract. The intent is to ensure that the contractor performs in accordance with the performance objectives and the Government receives the quality of services called for in the contract. In addition, this QASP provides the specific criteria and process to be followed in determining whether to exercise any options.

E.2.1.2 The purpose of the QASP is to describe the systematic methods used to monitor performance and to identify the required documentation and the resources to be employed. The QASP provides a means for evaluating whether the Contractor is meeting the performance standards/quality levels identified in the PWS and the Contractor’s quality control plan (QCP), and to ensure that the Government pays only for the level of services required/received.

E.2.1.3 This QASP defines the roles and responsibilities of Government personnel involved in the evaluation of the quality of contractor performance, identifies the performance objectives, defines the methodologies used to monitor and evaluate the Contractor’s performance, describes quality assurance documentation requirements, and describes the analysis of quality assurance monitoring results.

##### **E.2.2 SCOPE**

E.2.2.1 The PWS structures the acquisition around “what” services or quality level is required, as opposed to “how” the contractor should perform the work (i.e., results, not compliance). This QASP will define the performance management approach taken to monitor and manage the Contractor’s performance to ensure the expected outcomes or performance objectives communicated in the PWS are achieved. Performance management rests on developing a capability to review and analyze information generated through performance assessment. The ability to make decisions based on the analysis of performance data is the cornerstone of performance management, this analysis yields information that indicates whether expected outcomes for the project are being achieved by the Contractor.

##### **E.2.3 AUTHORITY**

Authority for issuance of this QASP is provided under Contract Section E – Inspection and Acceptance which provides for inspections and acceptance of the services and deliverables called for in service contracts to be executed by the Contracting Officer or a duly authorized representative.

##### **E.2.4 PERFORMANCE MANAGEMENT APPROACH AND STRATEGY**

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 189 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

E.2.4.1 Performance management represents a significant shift from the more traditional Quality Assurance (QA) concepts in several ways. Performance management focuses on assessing whether outcomes are being achieved and to what extent. This approach migrates away from scrutiny of compliance with the processes and practices used to achieve the outcome. A performance-based approach enables the contractor to play a large role in how the work is performed, as long as the proposed processes are within the stated constraints. The only exceptions to process reviews are those required by law (federal, state, and local) and compelling business situations, such as safety and health. A “results” focus provides the contractor flexibility to continuously improve and innovate over the course of the Contract (TO) as long as the critical outcomes expected are being achieved and/or the desired performance levels are being met.

E.2.4.2 The contractor is responsible for the quality of all work performed. The contractor measures that quality through the contractor’s own QCP. Quality control is work output, not workers, and therefore includes all work performed under this task order regardless of whether the work is performed by contractor employees or by subcontractors. The contractor’s QCP will set forth the staffing and procedures for self-inspecting the quality, timeliness, responsiveness, customer satisfaction, and other performance requirements in the PWS. The contractor will develop and implement a performance management system with processes to assess and report its performance to the designated government representative. This QASP enables the government to take advantage of the contractor’s QCP.

E.2.4.3 The Government will assess performance using CPARS to determine how the contractor is performing against communicated performance objectives. The CPAR assesses a contractor’s performance, both positive and negative, and provides a record on a given contract during a specified period of time. More information pertaining to CPARS can be found at: <http://www.cpars.csd.disa.mil/cparsfiles/pdfs/DoD-CPARS-Guide.pdf>. Each assessment will be based on objective data (or measurable, subjective data when objective data is not available) supportable by program and contract management data. CPAR performance expectations will be addressed in the Government and contractor’s initial post-award meeting. Potential sources of data may include the following:

- Status and progress reviews
- Production and management reviews
- Management and engineering process reviews (e.g. risk management, requirements management, etc.)
- Cost performance reports and other cost and schedule metrics
- Other program measures and metrics such as:
  - Measures of progress and status of resources
  - Measures of deliverable timeliness and accuracy
  - Measures of product quality and process performance
  - Fleet and sponsor feedback/comments and satisfaction ratings
- Systems engineering and other technical progress reviews
- Technical interchange meetings
- Physical and functional configuration audits
- Quality reviews and quality assurance evaluations
- Functional performance evaluations
- Subcontract Reports

E.2.4.4 A preliminary CPARS evaluation/rating will be accomplished as noted in paragraph 5.0 below. The purpose of this review is to determine whether the contractor is performing at least at a Satisfactory level for each major element assessed using Table 1. This methodology will be utilized as an important factor in determining whether to exercise Options 1 and 2 under the task order. Further, the formal CPARS ratings are used as reference material by others in source selection.

**E.2.4.5 Award Term Periods 3 and 4 (see Table 2). In order for an Award Term Period 3 to be exercised, the contractor must have achieved at least a Very Good for three out of the five elements and not less than Satisfactory for the remaining two major elements assessed for Option 2; and in order for Award Term Period 4 to be exercised, the contractor must have achieved at least a Very Good for three out of the five elements and not less than Satisfactory for the remaining two major elements assessed for Award Term Period 3.**

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 190 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

### **E.3 ROLES AND RESPONSIBILITIES**

#### **E.3.1 Procuring Contracting Officer (PCO)**

E.3.1.1 An individual duly appointed with the authority to enter into contracts and make related determination and findings on behalf of the Government. The PCO for this task order is identified in Section G, Ddl-G10 Government Contract Administration Points-of-Contact and Responsibilities. PCOs are designated via a written warrant, which sets forth limitations of their respective authority.

E.3.1.2 The PCO ensures performance of all necessary actions for effective contract administration ensures compliance with the terms of the contract and safeguards the interests of the United States in the contractual relationship. It is the PCO that ensures the contractor receives impartial, fair and equitable treatment under the order. The PCO is ultimately responsible for the final determination of the acceptability of the contractor's performance.

#### **E.3.2 Contract Specialist**

E.3.2.1 Assigned by the PCO to provide daily administration of the contract.

E.3.2.2 Provides input to the PCO and the COR as to the quality of performance for areas addressed in this QASP.

#### **E.3.3 Contracting Officer's Representative (COR)**

E.3.3.1 An individual appointed in writing by the PCO to act as their authorized representative to assist in technical administration of the order. The COR is appointed in the contract award. The limitations of authority are contained in a written letter of appointment which is a formal attachment to this task order.

E.3.3.2 The COR is responsible for technical administration of the Contract and assures proper Government surveillance of the contractor's technical performance. The COR provides QASP reports to the PCO.

E.3.3.3 The COR is not empowered to make any contractual commitments or to authorize any changes on the Government's behalf. Any changes that the contractor deems may affect contract price, terms, or conditions shall be referred to the PCO for action.

#### **E.3.4 Subject Matter Expert (SME)**

E.3.4.1 SMEs are individuals who may be assigned by the COR to perform limited technical oversight of specific projects, work areas, or Technical Instructions issued under the contract.

E.3.4.2 The SME provides input to the COR as to the quality of technical performance for their respective area(s) of expertise.

E.3.4.3 A SME cannot, in any manner, alter the scope of the contract, make commitments or authorize any changes on the Government's behalf.

### **E.4.0 SCHEDULE**

The initial QASP evaluation will be finalized no later than the end of month eight (8) of the base period. QASP evaluations for the option periods and award terms shall follow the same schedule described in this section. In order to accomplish this, the following schedule applies:

**E.4.1 Contractor Self-Assessment** (written) due to the Contracting Officer and the COR no later than the end of month seven (7) of the period of performance based on the first six (6) months of support for the base period and each twelve (12) month period thereafter. Failure of the contractor to make a timely delivery will be viewed as the contractor's overall inability to comply with Contract schedules.

**E.4.2 COR Written Assessment** due to the Contracting Officer no later than the end of week two (2) of month

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 191 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

eight (8) of the period of performance.

**E.4.3** Week four (4) of month eight (8) of the period of performance. The Contracting Officer will review the Contractor Self-Assessment and the COR Written Assessment, determine an overall performance rating for the period, and provide a copy to the contractor.

## **E.5.0 IDENTIFICATION OF REQUIRED PERFORMANCE STANDARDS/QUALITY LEVELS**

**E.5.1** Table 1 provides the Overall Performance Ratings. Table 2 provides the Task Performance Evaluation Criteria and Standards for each Major Performance Element.

**E.5.2** The overall performance ratings and standards are included in Table (1), "Overall Performance Ratings". If the contractor meets the required service or performance level, the contractor will receive positive preliminary QASP and CPARS ratings. If the contractor fails to meet the required performance level, the result will be negative QASP and CPARS ratings.

**E.5.3** If the contractor fails to meet the required performance level based on the preliminary review, conducted in accordance with E.2 above, the Government may not exercise the next Option period under the task order. To meet the required performance level, the contractor must receive at least a Satisfactory rating (see Table 1) for each of the five (5) major elements that are evaluated (Task Performance, Staffing, Customer Satisfaction, Management Performance, and Cost Management and Efficiency) for the performance period being evaluated.

**E.5.4** Option periods 3 and 4 periods (see Table 2). In order for Award Term Period 4 to be exercised, the contractor must have achieved **at least a Very Good for three out of the five elements and not less than Satisfactory for the remaining two major elements assessed for Option 2; and in order for Award Term Period 4 to be exercised, the contractor must have achieved at least a Very Good for three out of the five elements and not less than Satisfactory for the remaining two major elements assessed for Award Term Period 3.**

## **E.6.0 METHODOLOGIES TO MONITOR PERFORMANCE**

### **E.6.1 Surveillance Techniques**

In an effort to minimize the performance management burden, simplified surveillance methods shall be used by the government to evaluate contractor performance when appropriate. The COR will use the following methods of surveillance:

- Random monitoring
- 100% Inspection
- Periodic Inspection
- Customer Feedback

### **E.6.2 Customer Feedback**

**E.6.2.1** The contractor is expected to establish and maintain professional communication between its employees and customers. The primary objective of this communication is customer satisfaction. Customer satisfaction is the most significant external indicator of the success and effectiveness of all services provided and can be measured through customer complaints.

**E.6.2.2** Performance management drives the contractor to be customer focused through initially and internally addressing customer complaints and investigating the issues and/or problems but the customer always has the option to communicate complaints to the PCO, as opposed to the contractor.

**E.6.2.3** Customer complaints, to be considered valid, must set forth clearly and in writing the detailed nature of the complaint, must be signed, and must be forwarded to the COR. The COR will accept those customer complaints, investigate and work with the PCO and contractor to resolve the issue.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 192 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

E.6.2.4 Customer feedback may also be obtained either from the results of formal customer satisfaction surveys or from random customer complaints.

## **E.7.0 QUALITY ASSURANCE DOCUMENTATION**

### **E.7.1 The Performance Management Feedback Loop**

The performance management feedback loop begins with the communication of expected outcomes. Performance standards are expressed in Table 1.

### **E.7.2 Monitoring System**

The Government's QA surveillance, accomplished by the COR, in conjunction with the PCO, will be reported using preliminary CPARS. Formal CPARS evaluations shall be conducted on an annual basis. Preliminary CPARS evaluations will be accomplished in accordance with paragraph 5.0 Schedule.

**Table 1 – Overall Performance Rating**

<b>Overall Performance Rating</b>	<b>Standard</b>
Excellent	Performance meets contractual requirements and exceeds many requirements to the Government's benefit.
Very Good	Performance meets contractual requirements and exceeds some to the Government's benefit.
Satisfactory	Performance meets contractual requirements.
Marginal	Performance does not meet some contractual requirements. The element being assessed reflects a serious problem for which the contractor has not yet implemented satisfactory corrective measures.
Unsatisfactory	Performance does not meet contractual requirements and recovery is not likely in a timely manner. Contractor's corrective actions to date are ineffective.

**Table 2 – QASP Objectives**

Burdened unit costs are often lower than proposed.

#### **E.8 HQ E-1-0001 INSPECTION AND ACCEPTANCE LANGUAGE FOR DATA**

Inspection and acceptance of all data shall be as specified on the attached Contract Data Requirements List(s), DD Form 1423.

**E.9 HQ E-1-0007 SERVICES** Item(s) - Inspection and acceptance shall be made by the Contracting Officer's Representative (COR) or a designated representative of the Government.

#### **E.10 AWARD TERM PLAN**

E.10.1 INTRODUCTION. The QASP is the basis for evaluating of the contractor's performance and for presenting an assessment of that performance to the term-determining official (TDO) who is the Contracting Officer (PCO). The specific criteria and procedures used for assessing the contractor's performance and for determining the award term earned are described in the Section E, Quality Assurance Surveillance Plan (QASP). All TDO/PCO decisions regarding the award-term evaluation and the nature and success of the contractor's performance—are final and not subject to dispute. The award term will be provided to the contractor through unilateral contract modifications as determined by the TDO.

E.10.2 ORGANIZATION. The award-term organization includes the PCO/TDO, the Contract Specialist, the COR and project-specific Subject Matter Experts (SMEs).

E.10.3 RESPONSIBILITIES. The responsibilities of the award-term organization are as specified in the QASP.

E.10.4. AWARD-TERM PROCESSES.

a. Award-Term Evaluation. Evaluation results will be based on the contractor's performance during each evaluation period.

b. Evaluation Criteria. Any changes to award term evaluation criteria may be proposed by either party and shall be made only by bilateral modification to the QASP.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 198 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

c. Informal Interim Evaluation Process. The PCO may provide informal interim evaluation results and notifies the contractor of the strengths and weaknesses for the current evaluation period. The CO may also issue letters at any other time when it is deemed necessary to highlight areas of government concern.

d. End-of-Period Evaluations. The "end of period" evaluation to determine whether the first award term will be exercised shall occur in Option 2 in accordance with the schedule in paragraph 3.5 of the QASP. The "end of period" evaluation for the second award term shall also be in accordance with the QASP schedule.

E.10.5 AWARD-TERM PLAN CHANGE PROCEDURE. Proposed changes to the award-term plan will be bilateral. If either party desires a change to the award-term plan and a mutual agreement cannot be reached, the original award-term plan will remain in effect.

## SECTION G CONTRACT ADMINISTRATION DATA

### G.1 ACCOUNTING DATA

The award document will include Accounting Data at the end of Section G. All lines of accounting are listed sequentially under a heading that identifies the particular action (award or modification number) under which the funding was obligated. Under Seaport-e, all funding is identified/obligated at the SubCLIN (SLIN) level. SLINs are established sequentially by the Seaport-e software. Each obligation of funds receives a unique SLIN identifier, unless the funds are an increase to an existing line of accounting (ACRN). Thus, an individual project/work area that is funded incrementally could have multiple SLINs. Accounting for expenditures at the SLIN level is required.

### G.2 SPECIAL INVOICE INSTRUCTIONS

Each SLIN providing funding designates a specific work area. Tracking and reporting shall be accomplished at the work area level. Each identified work area shall be invoiced by its associated SLIN and ACRN. If multiple ACRNs are associated with a single work area, the contractor shall consult with the Contracting Officer Representative for additional invoicing instructions.

### G.3 PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION CITATIONS

In accordance with (DFARS) PGI 204.7108 "Line Item Specific: single funding (d)(1) INVOICING AND PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION CITATIONS the following payment instructions apply to this task order:

Per DFARS 252.204-0001 Line Item Specific: Single Funding. (SEP 2009)

The payment office shall make payment using the ACRN funding of the line item being billed.

### G.4 Ddl-G10 GOVERNMENT CONTRACT ADMINISTRATION POINTS-OF-CONTACT AND RESPONSIBILITIES

(\*) - To be identified at time of award.

[ ] Procuring Contracting Officer (PCO):

(a) Name:

(b) PCO responsibilities are outlined in FAR 1.602-2. The PCO is the only person authorized to approve changes in any of the requirements of this Task Order, notwithstanding provisions contained elsewhere in this contract, the said authority remains solely the PCO's. The contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer or is pursuant to specific authority otherwise included as part of this contract. In the event the contractor effects any change at the direction of any person other than the PCO, the change will be considered to be unauthorized.

[ ] Contract Specialist:

(a) Name:

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 235 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

☒ The Contract Specialist is the representative of the Contracting Officer for all contractual matters.

☐ Administrative Contracting Officer (ACO)

(a) Name:

(b) The Administrative Contracting Officer (ACO) of the cognizant Defense Contract Management Agency (DCMA) is designated as the authorized representative of the Contracting Officer for purposes of administering this Task Order in accordance with FAR 42.3. However, in view of the technical nature of the supplies and services to be furnished, technical cognizance is retained by the Naval Surface Warfare Center, Dahlgren Division.

☐ Contracting Officer Representative (COR):

(a) Name:

(b) The COR is the PCO's appointed representative for technical matters. The COR is not a contracting officer and does not have the authority to direct the accomplishment of effort which is beyond the scope of the Task Order or to otherwise change any Task Order requirements. An informational copy of the COR appointment letter which provides a delineation of COR authority and responsibilities is provided as an attachment to this Task Order.

☐ Alternate Contracting Officer Representative (ACOR):

(a) Name:

(b) The ACOR is responsible for COR responsibilities and functions in the event that the COR is unavailable due to leave, illness, or other official business. The ACOR is appointed by the PCO; a copy of the ACOR appointment is provided as an attachment to this Task Order.

Government Subject Matter Expert (SME)

The Government SME is the COR's subject matter expert (SME) for specific work areas.

#### **G.5 CONSENT TO SUBCONTRACT**

For subcontracts and consulting agreements for services, where the prime contractor anticipates that hours delivered will be counted against the hours in the Level of Effort clause below, Consent to Subcontract authority is retained by the Procuring Contracting Officer.

The following subcontractors are approved on this order:

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 236 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

## **G.6 252.232-7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JUN 2012)**

(a) Definitions. As used in this clause -

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

(b) Electronic invoicing. The WAWF system is the method to electronically process vendor payment requests and receiving reports, as authorized by DFARS 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall—

(1) Have a designated electronic business point of contact in the Central Contractor Registration at <https://www.acquisition.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor must use the following information when submitting payment requests and receiving reports in WAWF for this contract/order:

(1) Document type. The Contractor shall use the following document type(s).

Cost Voucher

Note: If a "Combo" document type is identified but not supportable by the Contractor's business systems, an "Invoice" (stand-alone) and "Receiving Report" (stand-alone) document type may be used instead.)

(2) Inspection/acceptance location. The Contractor shall select the following inspection/acceptance location(s) in WAWF, as specified by the contracting officer.

N00178

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table	
Field Name in WAWF	Data to be entered in WAWF
Pay Official DoDAAC	HQ0338
Issue By DoDAAC	N00178
Admin DoDAAC	S2101A
Inspect By DoDAAC	N00178
Ship To Code	N00178
Ship From Code	Not Applicable
Mark For Code	Not Applicable
Service Approver (DoDAAC)	N00178
Service Acceptor (DoDAAC)	N00178
Accept at Other DoDAAC	Not Applicable
LPO DoDAAC	Not Applicable
DCAA Auditor DoDAAC	HAA471
Other DoDAAC(s)	Not Applicable

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 237 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(4) Payment request and supporting documentation. The Contractor shall ensure a payment request includes appropriate contract line item and subline item descriptions of the work performed or supplies delivered, unit price/cost per unit, fee (if applicable), and all relevant back-up documentation, as defined in DFARS Appendix F, (e.g. timesheets) in support of each payment request.

(5) WAWF email notifications. The Contractor shall enter the e-mail address identified below in the “Send Additional Email Notifications” field of WAWF once a document is submitted in the system.

(g) WAWF point of contact.

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity’s WAWF point of contact: M\_DLRG\_NSWC\_WAWF.

(2) For technical WAWF help, contact the WAWF helpdesk at 866-618-5988.

#### **G.7 HQ G-2-0009 SUPPLEMENTAL INSTRUCTIONS REGARDING ELECTRONIC INVOICING (NAVSEA) (SEP 2012)**

(a) The Contractor agrees to segregate costs incurred under this contract/task order (TO), as applicable, at the lowest level of performance, either at the POA&M, sub line item number (SLIN), or contract line item number (CLIN) level, rather than on a total contract/TO basis, and to submit invoices reflecting costs incurred at that level. Supporting documentation in Wide Area Workflow (WAWF) for invoices shall include summaries of work charged during the period covered as well as overall cumulative summaries by individual labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of other direct costs (ODCs), materials, and travel, by POA&M, SLIN, or CLIN level. For other than firm fixed price subcontractors, subcontractors are also required to provide labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of ODCs, materials, and travel invoiced. Supporting documentation may be encrypted before submission to the prime contractor for WAWF invoice submittal. Subcontractors may email encryption code information directly to the Contracting Officer (CO) and Contracting Officer Representative (COR). Should the subcontractor lack encryption capability, the subcontractor may also email detailed supporting cost information directly to the CO and COR; or other method as agreed to by the CO.

(b) Contractors submitting payment requests and receiving reports to WAWF using either Electronic Data Interchange (EDI) or Secure File Transfer Protocol (SFTP) shall separately send an email notification to the COR and CO on the same date they submit the invoice in WAWF. No payments shall be due if the contractor does not provide the COR and CO email notification as required herein.

#### **G. 8 ACCOUNTING SYSTEM ADEQUACY**

- a FAR 16.301-3(a)(1) requires that a contractor’s accounting system be adequate for determining costs applicable to the contract in order to be eligible for a cost reimbursement type contract. This is understood to mean that the accounting system must have been reviewed and approved by the Government.
- b This requirement applies equally to the prime contractor as well as their subcontractors who are proposed for cost-reimbursement or time and materials (T&M) contracts. T&M contracts are considered to be a form of cost reimbursement contracting because of the manner in which materials and ODCs are priced (actual cost plus indirect burdens). Subcontractors without approved accounting systems should be contracted using firm fixed price or labor hour contracts.
- c The prime contract is solely responsible for verifying that subcontractors proposed for cost reimbursement contracts (including T&M), have DCAA-approved accounting systems. They shall require subcontractors to provide a copy of DCAA’s most recent review/approval letter. A copy of this letter shall be provided to the Government.
- d The prime contractor shall also provide a copy of DCAA’s most recent review/approval of their accounting system. The status of actions taken as a result of DCAA recommendations shall be addressed. Any unresolved issues shall be identified and their impact on this requirement shall be discussed.

#### **G.9 EARLY DISMISSAL AND CLOSURE OF GOVERNMENT FACILITIES**

When a Government facility is closed and/or early dismissal of Federal employees is directed due to severe weather, security threat, or a facility related problem that prevents personnel from working, onsite contractor

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 238 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

personnel regularly assigned to work at that facility should follow the same reporting and/or departure directions given to Government personnel. The contractor shall not direct charge to the contract for time off, but shall follow parent company policies regarding taking leave (administrative or other). Non-essential contractor personnel, who are not required to remain at or report to the facility, shall follow their parent company policy regarding whether they should go/stay home or report to another company facility. Subsequent to an early dismissal and during periods of inclement weather, onsite contractors should monitor radio and television announcements before departing for work to determine if the facility is closed or operating on a delayed arrival basis. When Federal employees are excused from work due to a holiday or a special event (that is unrelated to severe weather, a security threat, or a facility related problem), on site contractors will continue working established work hours or take leave in accordance with parent company policy. Those contractors who take leave shall not direct charge the non-working hours to the task order. Contractors are responsible for predetermining and disclosing their charging practices for early dismissal, delayed openings, or closings in accordance with the FAR, applicable cost accounting standards, and company policy. Contractors shall follow their disclosed charging practices during the task order period of performance, and shall not follow any verbal directions to the contrary. The Contracting Officer will make the determination of cost allowed for time lost due to facility closure in accordance with FAR, applicable Cost Accounting Standards, and the Contractor's established accounting policy.

## SECTION H SPECIAL CONTRACT REQUIREMENTS

### H.1 TASK ORDER LABOR CATEGORY QUALIFICATIONS

To perform the requirements of the Performance Work Statement (PWS), the Government desires Key Personnel with the appropriate experience and professional qualifications. Key Personnel qualification levels are considered to be desired for those individuals whose resumes are submitted for evaluation with the proposal. All individuals performing under the key personnel labor categories are considered key. Resumes for any replacement of key personnel that are submitted following award shall have qualifications equal to or higher than the qualifications of the person to be replaced, as required by the clause entitled 5252.237-9106 - Substitution of Personnel. Following award, the qualification levels are considered to be minimums for any growth beyond those individuals initially proposed.

Education and professional qualifications include formal education degrees, honors, publications, professional licenses and certifications and similar evidence of professional accomplishments that directly impact the Contractor's qualifications and abilities to perform the order. For each Key Labor Category, formal education qualifications are cited, as appropriate to the requirements of the Labor Category, to establish professional credentials from which applied experience is founded. Additional degrees beyond those indicated for each category may be considered by the Government in lieu of experience depending on the field of study and the accreditation of the college/university. Alternatives to the formal education qualifications as stated in each labor category description will be considered by the Government. For experience, personnel with Fleet operational experience who are familiar with tactics, techniques, and procedures and operations are preferred.

Specialized experience is concurrent with the general experience requirements listed for each labor category.

#### H.1.1 DEFINITIONS

- a) **General Systems Engineering Combat Systems Experience** – General systems engineering combat systems experience refers to prior experience in any of the following: combat systems requirements/concept development, combat systems design/engineering, combat system computer program development, combat system certification, combat system simulation engineering or combat system simulation computer program development.
- b) **Specific Experience** – Specific experience is defined as those experiences defined in the PWS.
- c) **Professional Development** - Professional development includes honors, degrees, publications, professional licenses and certifications and similar evidence of professional accomplishments that directly impact the offerors ability to perform the order. The years of experience listed below are in addition to appropriate professional development. It is incumbent upon the offeror to demonstrate that the proposed personnel have appropriate credentials to perform the work.
- d) **Accumulation of Qualifying Experience** -All categories of experience may be accumulated concurrently. For example, if the candidate worked while going to school, the work and education time may be credited concurrently. One exception is in the area of specific experience and general combat system experience. Specific experience may count as general combat system experience, but general combat system experience may not count as specific experience. All experience must be clearly supported by the resume or it will be discounted during the evaluation.

#### H.1.2 KEY LABOR CATEGORY DESIRED QUALIFICATIONS

A degree and the following qualifications are desired for the Key Labor Categories:

##### a. Program Manager

Ten (10) years' experience in general Navy combat system and weapon system engineering, and

Seven (7) years specific experience with assignments in engineering development, test and evaluation, and lifetime support engineering phases applied to Navy systems and software engineering. This experience should be related to the management of the combat system computer programs and experience in program or project management on a major tactical system employing embedded computer technology, including POA&M, budgets, schedules, and resource allocations for subsystems or higher level of a naval weapons system.

The Program Manager requires the training, skills and experience necessary to conduct and coordinate contractual activities on a systems engineering contract. This is to include monitoring and reporting contract performance status and metrics, financial coordination and reporting, and the coordination of issuing and closing of Task/Delivery Orders. The Program Manager will have experience meeting deadlines and fiscal constraints while ensuring quality products. The Program Manager will have experience with job estimation activities along with implementation and achievement for individual tasks.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 327 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

b. Principal Systems Engineer

Fifteen (15) years general systems engineering combat system experience, as defined in Section H.1.1, and  
Ten (10) years specific experience in one or more combat system programs and other Navy engineering initiatives.

c. Senior Systems Engineer

Ten (10) years general systems engineering combat system experience, as defined in Section H.1.1, and  
Eight (8) years specific experience in one or more combat system programs and other Navy engineering initiatives.

d. Senior Software Engineer

Ten (10) years general software engineering in the areas of computer program development, and  
Eight (8) years specific experience in Combat System software architecture design and development.

e. Lead Software Engineer

Seven (7) years general software engineering in the areas of computer program development and Combat System software architecture design and development of Navy combat systems.

### **H.1.3 NON-KEY PERSONNEL – MINIMUM QUALIFICATIONS**

In order to provide additional clarification to the Performance Work Statement, minimum qualifications are provided for non-key personnel. The contractor shall provide non-key personnel who meet or exceed the minimum qualifications provided below. Prior to charging non-key personnel labor to this order, the contractor shall provide written certification stating the individual's name, labor category, and certification that the individual meets or exceeds the minimum qualifications of the labor category. This written certification shall be made by email to the Contract Specialist and the COR.

a. Systems Engineer

Seven (7) years general Navy combat system and weapon systems engineering, as defined above in Section H.1.1, and  
Five (5) years specific experience in one or more combat system programs.

b. Software Engineer

Five (5) years general software engineering in the areas of computer program development and Combat System software architecture design and development of Navy combat systems.

c. Junior Engineer

Three (3) years general experience in the General Systems and Software Engineering discipline.

d. Computer Technician

Five (5) years' experience in computer hardware configuration and installation, including combat system specific experience. Experience in network hook up and configuration and hardware diagnostics and trouble shooting is desired.

### **H.2 5252.237-9106 SUBSTITUTION OF PERSONNEL (SEP 1990)**

(a) The Contractor agrees that a partial basis for award of this contract is the list of key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key personnel whose resumes were submitted with the proposal necessary to fulfill the requirements of the contract. No substitution shall be made without prior notification to and concurrence of the Contracting Officer in accordance with this requirement.

(b) All proposed substitutes shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least forty-five (45) days, or ninety (90) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include: (1) an explanation of the circumstances necessitating the substitution; (2) a complete resume of the proposed substitute; (3) any other information requested by the Contracting Officer to enable him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

### **H.3 Ddl-H13 POST AWARD CONTRACTOR PERSONNEL APPROVAL**

(a) Requests for post award approval of additional and/or replacement Resumed Key Personnel shall be submitted via e-mail. E-mail submissions shall be made simultaneously to the Contract Specialist, COR, and the Alternate COR. Electronic notification via e-mail from the Contracting Officer will serve as written approval/disapproval. This approval is required before an individual may begin charging to the Task Order.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 328 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(b) Resumes shall be submitted in the format required. However, in order to expedite contract administration, contractor format may be used providing sufficient information is submitted for an independent comparison of the individual's qualifications with labor category requirements.

(c) If the employee is not a current employee of the contractor (or a subcontractor), a copy of the accepted offer letter (which identifies a projected start date and the agreed to annual salary) shall be provided.

(d) TRIPWIRE NOTIFICATION. If the employee is a current employee of the contractor (or a subcontractor), the fully burdened hourly rate that will be invoiced under the Task Order shall be provided. If the labor rate to be invoiced for the individual will exceed any Navy labor rate tripwire for service contracts in effect at time of the request for approval, the Contractor shall fully justify why the proposed individual is required for contract performance and the specific benefit to be derived from the individual's addition to the Task Order.

#### **H.4 RESUME FORMAT AND CONTENT REQUIREMENTS**

RESUME FORMAT AND CONTENT: In order to facilitate evaluation, all resumes shall contain the following minimum information:

Complete Name

Task Order Labor Category

Percentage of time to be allocated to this effort

Current level of security clearance level per JPAS (identify if interim or final)

Current work location and planned work location upon award of this Task Order.

If the individual is key on another contract with a period of performance that will overlap this requirement, note plans to satisfy both contracts if the Offeror is selected for award.

Chronological Work History/Experience Show experience and date(s) as follows:

(a) Employer: Dates (month/year); Title(s) held

(b) Work experience shall be presented separately for each employer, clearly marked with proper category of experience (i.e., Relevant Experience; Non-Relevant Experience.). If relevant and non-relevant experience were obtained while at the same employer, separate time periods shall be noted for each assignment. (This is necessary to prevent an offeror from describing relevant experience obtained in a six month assignment for Company A as applicable to the entire 10-year employment with that firm and to ensure offerors' proposals are evaluated on an equal basis). Responsibilities shall be discussed in sufficient detail for each assignment so as to permit comparison with desired experience levels in Section H. Specific examples of work assignments, accomplishments, and products shall be provided.

(c) Phrases such as "assisted with", "participated in", or "supported" are UNACCEPTABLE except as introductory to a detailed description of the actual work performed. If no such description is provided, the sentence or bulleted information will NOT be considered in the resume evaluation process. This is because evaluators would not be able to identify the specific technical work contributions made by the individual.

(d) Resume information is encouraged to be presented in bullet format. This will allow evaluators to focus on relevant information.

(e) Offerors shall note that the lack of specific definition in job responsibilities, services performed or products produced may be viewed as a lack of understanding of the Government's overall technical requirements.

(f) All relevant military experience claimed shall be described such that each relevant tour is treated as a separate employer. Time frames/titles/responsibilities shall be provided in accordance with the level of detail prescribed above. Military experience not documented in this manner will not be considered.

(g) Gaps in experience shall be avoided.

(h) PROFESSIONAL DEVELOPMENT – Show any honors, degrees, publications, professional licenses, certifications and other evidence of professional accomplishments that are directly relevant and impact the offeror's ability to perform under the Task Order. For education and training, the following format is preferred:

Academic: Degree(s); Date(s); Institution; Major/Minor

Non-Academic: Course title, date(s), approximate length

Professional licenses and certifications. Note the date obtained for each, as well as the date when each

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 329 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

license/certification requires renewal.

(i) Certification of correctness of information signed and dated by both the person named and the Offeror. The employee certification shall include the following statement: CERTIFICATION: "I certify that the experience and professional development described herein are complete and accurate in all respects. I consent to the disclosure of my resume for NSWCDD Solicitation **N00024-15-R-3044** by (insert Offeror's company name) and intend to make myself available to work under any resultant contract to the extent proposed.

Employee Signature and Date

Offeror Signature and Date

Resumes without this certification will be unacceptable and will not be considered. The employee certification shall not be dated earlier than the issue date of this solicitation.

(k) If the employee is not a current employee of the offeror (or a proposed subcontractor), a copy of the accepted offer letter shall be provided. The letter shall identify the projected start date. The Cost Proposal shall include documentation that identifies the agreed-to salary amount.

#### **H.5 252.239-7001 INFORMATION ASSURANCE CONTRACTOR TRAINING AND CERTIFICATION (JAN 2008)**

(a) The Contractor shall ensure that personnel accessing information systems have the proper and current information assurance certification to perform information assurance functions in accordance with DoD8570.01-M, Information Assurance Workforce Improvement Program. The Contractor shall meet the applicable information assurance certification requirements, including—

(1) DoD-approved information assurance workforce certifications appropriate for each category and level as listed in the current version of DoD 8570.01-M; and

(2) Appropriate operating system certification for information assurance technical positions as required by DoD 8570.01-M.

(b) Upon request by the Government, the Contractor shall provide documentation supporting the information assurance certification status of personnel performing information assurance functions.

(c) Contractor personnel who do not have proper and current certifications shall be denied access to DoD information systems for the purpose of performing information assurance functions.

#### **H.6 Ddl-H40 FUNDING PROFILE**

It is estimated that these incremental funds will provide for the number of hours of labor stated below. The following details funding to date:

#### H.7 NAVSEA 5252.232-9104 ALLOTMENT OF FUNDS (JAN 2008)

(a) This contract is incrementally funded with respect to both cost and fee. The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. The amount(s) presently available and allotted to this contract for payment of cost for incrementally funded CLINs/SLINs is set forth below. As provided in the clause of this contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22), the CLINs/SLINs covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

CLIN	COST	INCENTIVE FEE	TOTAL CPIF	Estimated Date to Fund Thru

----------------------------------	---	----------------------------------	--------------------	-------

#### **H.8 5252.202-9101 ADDITIONAL DEFINITIONS (MAY 1993)**

As used throughout this contract, the following terms shall have the meanings set forth below:

- (a) DEPARTMENT - means the Department of the Navy.
- (b) REFERENCES TO THE FEDERAL ACQUISITION REGULATION (FAR) - All references to the FAR in this contract shall be deemed to also reference the appropriate sections of the Defense FAR Supplement (DFARS), unless clearly indicated otherwise.
- (c) REFERENCES TO ARMED SERVICES PROCUREMENT REGULATION OR DEFENSE ACQUISITION REGULATION – All references in this document to either the Armed Services Procurement Regulation (ASPR) or the Defense Acquisition Regulation (DAR) shall be deemed to be references to the appropriate sections of the FAR/DFARS.

#### **H.9 SAVINGS INITIATIVES**

The following cost savings initiatives are required under this Task Order:

- (a) Annual Labor Escalation:
- (b) Maximum Pass-Thru Rate:
- (c) Lower Target, Maximum and/or Minimum Fee rates than those reflected in the solicitation
- (d) Other:
- (e) The Government also strongly encourages the prime contractor to eliminate “double pass-thru” costs by avoiding second tier subcontractors/consultants during performance and where this situation is unavoidable, limiting subcontractor pass-thru costs to the lower of:

The prime contractor’s pass-thru rate under this order or

The subcontractor’s SeaPort-e pass-thru rate where the subcontractor is also a prime contractor under SeaPort-e.

#### **H.10 GOVERNMENT-INDUSTRY DATA EXCHANGE PROGRAM (OCT 2006)**

- (a) The Contractor shall participate in the appropriate interchange of the Government-Industry Data Exchange Program (GIDEP) in accordance with NAVSEA S0300-BU-GYD 010 dated November 1994. Data entered is retained by the program and provided to qualified participants. Compliance with this requirement shall not relieve the Contractor from complying with any other requirement of the contract.
- (b) The Contractor agrees to insert paragraph (a) of this requirement in any subcontract hereunder exceeding \$500,000.00. When so inserted, the word "Contractor" shall be changed to "Subcontractor".
- (c) GIDEP materials, software and information are available without charge from: GIDEP Operations Center  
P.O. Box 8000  
Corona, CA 92878-8000  
Phone: (951) 898-3207  
FAX: (951) 898-3250  
Internet: <http://www.gidep.org>

#### **H.11 NOTIFICATION OF CHANGES (CT) (JAN 1983)**

- (a) Definitions. As used in this requirement, the term “Contracting Officer” does not include any representative of the Contracting Officer whether or not such representative is acting within the scope of his authority nor does it include any

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 332 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

other individuals or activities that in any way communicate with the Contractor. As used in this requirement, the term “conduct” includes both actions and failures to act, and includes the furnishing of, or the failure to furnish, any item under any requirement of this contract.

(b) Notice. The primary purpose of this requirement is to obtain prompt reporting of any conduct which the Contractor considers would constitute or would require a change to this contract. The parties acknowledge that proper administration of this contract requires that potential changes be identified and resolved as they arise. Therefore, except for changes identified as such in writing and signed by the Contracting Officer, the Contractor shall notify the Contracting Officer of any conduct which the Contractor considers would constitute or would require a change to this contract/task order. Such notice shall be provided promptly, and in any event within thirty (30) calendar days from the date the Contractor identifies any such conduct. The Notice shall be written and shall state, on the basis of the most accurate information available to the Contractor:

- (i) The date, nature, and circumstances of the conduct regarded as a change;
- (ii) The name, function, and activity of the individuals directly involved in or knowledgeable about such conduct;
- (iii) The identification of any documents and the substance of any oral communication involved in such conduct;
- (iv) The particular elements of contract performance for which the Contractor might seek an equitable adjustment under this requirement, including:

- (1) What performance or what ship(s) have been or might be affected by the potential change;
- (2) To the extent practicable, labor or materials or both which have been or might be added, deleted, or wasted by the potential change;
- (3) To the extent practicable, the Contractor’s preliminary order of magnitude estimate of cost and schedule effect of the potential change; and
- (4) What and in what manner are the particular technical requirements or contract requirements regarded as changed.

(c) Continued Performance. Except as provided in paragraph (f) below, following submission of notice, the Contractor shall take no action to implement a potential change until advised by the Contracting Officer in writing as provided in (d) below, unless the potential change was previously directed by the Contracting Officer, in which case the Contractor shall conform therewith. Nothing in this paragraph (c) shall excuse the Contractor from proceeding with contract work other than implementation of the potential change or from proceeding in accordance with directions issued by the Contracting Officer.

(d) Government Response. The Contracting Officer shall promptly, and in any event within twenty-one (21) calendar days after receipt of Notice, respond thereto in writing. In such response, the Contracting Officer shall either:

- (i) Confirm that the conduct of which the Contractor gave notice would constitute a change, and when necessary, direct the mode of further performance, or;
- (ii) Countermand any conduct regarded by the Contractor as a change, or;
- (iii) Deny that the conduct of which the Contractor gave notice would constitute a change and, when necessary, direct the mode of further performance, or;
- (iv) In the event the Contractor’s notice information is inadequate to take a decision under (i), (ii), or (iii) above, advise the Contractor what additional information is required. Failure of the Government to respond within the time required above shall be deemed a countermand under (d)(ii).

(e) Equitable Adjustments. Equitable adjustments for changes confirmed or countermanded by the Contracting Officer shall be made in accordance with the clause of this contract entitled “CHANGES”, or any other requirement of this contract which provides for an equitable adjustment.

(f) Special Procedures. Paragraph (c) provides that the Contractor is to take no action to implement a potential change pending the Contracting Officer’s response to the Contractor’s notice of the potential change, except where specifically directed by the Contracting Officer. In special situations, however, where

- (1) The circumstances do not allow sufficient time to notify the Contracting Officer of the facts prior to the need to proceed with the work, and;
- (2) The work must proceed to avoid hazards to personnel or property or to avoid additional cost to the Government, the Contractor may proceed with work in accordance with the potential change. In such special situations, the Contractor

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 333 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

shall advise the Contracting Officer in writing within ten (10) days of the conduct giving rise to the potential change that the Contractor has proceeded and shall describe the nature of the special situation which required proceeding prior to notification. Within thirty (30) calendar days of the conduct giving rise to the potential change, the Contractor shall provide notice as required in (b) above. The Contracting Officer shall respond as set forth in (d) above. If the Contracting Officer determines that the conduct constitutes a change and countermands it, the Contractor shall be entitled to an equitable adjustment for performance in accordance with that change prior to the countermand including performance resulting from the countermand.

(g) When the Contractor identifies any conduct which may result in delay of delivery/performance, the Contractor shall promptly so inform the Contracting Officer thereof prior to providing the notice required by paragraph (b) above.

(h) Despite good faith best efforts, occasions may arise in which the Contractor does not provide notice within the time periods specified in paragraphs (b) and (f) above. Accordingly, prior to the end of each quarter of the first and third quarters of each calendar year through the period of performance of this contract, beginning with the **third** quarter of **2015** the Contractor shall deliver to the Government an executed bilateral contract modification, covering the six month period of time ending with the second and fourth quarters, respectively, of the preceding year, with such specific exceptions, if any, as are identified by the Contractor. If the Contractor cites specific exceptions to the release, the Contractor shall concurrently provide the Contracting Officer with notice, containing the information set forth in paragraph (b) of this requirement, for each item excepted from the release. However, the release required by this requirement shall not make unallowable any costs which are otherwise allowable under any other requirement of this contract.

Within sixty (60) days of receipt of the release, the Contracting Officer shall sign and return a copy of the release to the Contractor. If the Contracting Officer fails to execute and return the release within the required time, then the release shall be deemed to be void and of no effect for the period involved.

(i) If the release in accordance with paragraph (h) above is not provided to the Government by the Contractor in the time required, the Contracting Officer may execute the release as set forth below and send it to the Contractor. If the Contractor fails to execute the release and return it to the Government (with any specific exceptions) within sixty (60) days of receipt thereof, the required release shall then be deemed effective as if signed by the Contractor.

#### **H.12 LABOR TRIPWIRE JUSTIFICATION**

(a) The Contractor shall advise the COR and the Contract Specialist, by email, if the pending addition of any individual (Key or non-Key) will be at a fully burdened average labor rate (including pass-through and/or target fee) that exceeds the labor tripwire amount. The Contractor shall not proceed with the addition until the contractor is advised by the Contract Specialist that the request has been approved by the Contracting Officer.

(b) The Contractor's request shall include: the proposed individual's resume, labor hourly rate build-up, labor hours per work year, detailed justification for the addition of the particular individual based on his/her technical expertise and projected technical impact on the Task Order. If the individual is a subcontractor or consultant, the rate build-up shall include the prime contractor's pass through rate.

(c) Currently, a fully burdened average labor rate of \$156/hour or greater, regardless of the number of labor hours the proposed individual (prime, subcontractor, or consultant) will work, requires approval. The contractor will be advised of any changes to this tripwire level that occur during performance. A Fully Burdened Average Labor Rate of \$156/hour or greater shall require the COR and the PCO's review and written approval.

#### **H.13 5252.216-9122 LEVEL OF EFFORT – ALTERNATE1 (MAY 2010)**

The Contractor agrees to provide the total level of effort specified below in performance of the work described in Sections B and C of this task order. The total level of effort for the performance of this task order shall be man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

Period/CLIN	Total Labor Hours	Compensated	Uncompensated
Base Period/ 7000*			
Base Period/ 7001*			
Base Period/ 7002*			
Base Period/ 7050*			

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 334 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

Option 1/7101*			
Option 2/7201*			
Award Term 1/7301			
Award Term 2/7400			
Total Hours			

\*Incentive Fee Finalized

( a ) Of the total man-hours of direct labor set forth above, it is estimated that man-hours are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. Total Times Accounting (TTA) efforts are included in this definition. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(b) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (i) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and Section C.

(c) The level of effort for this contract shall be expended at an average rate of approximately hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(d) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man-hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(e) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man-hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(f) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(g) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man-hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man-hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost under run; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds. All submissions shall include subcontractor information.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 335 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(h) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract performance, the Contractor may perform up to 10% of the hours at an alternative worksite, provided the Contractor has a company-approved alternative worksite plan. The primary worksite is the traditional “main office” worksite. An alternative worksite means an employee’s residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee’s main office. The Government reserves the right to review the Contractor’s alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the contract. Regardless of work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor’s election to implement an alternative worksite plan.

(i) Notwithstanding any of the provisions in the above paragraphs and subject to the LIMITATION OF FUNDS or LIMITATION OF COST clauses, as applicable, the period of performance may be extended and the estimated cost may be increased in order to permit the Contractor to provide all of the man-hours listed in paragraph (a) above. The contractor shall continue to be paid fee for each man-hour performed in accordance with the terms of the contract.

#### **H.14 eCRAFT LABOR CATEGORY CROSSWALK**

The Contractor shall utilize the below Labor Categories as part of the Contractor’s Funds and Man-hour Expenditure Reports in the Electronic Cost Reporting and Financial Tracking (eCRAFT) report submittal in accordance with C.39. This table identifies the Task Order Labor Category, as well as, the corresponding eCRAFT Labor Category and worksite for reporting purposes.

<b>Task Order Labor Category</b>	<b>eCRAFT Labor Category Title</b>	<b>Worksite</b>
Program Manager	MANAGER, PROGRAM/PROJECT II ----- MANP2	KR-SITE

**All clauses in the offerors MAC contract apply to this Task Order, as applicable.**

Note: Regarding 52.244-2 -- SUBCONTRACTS (JUNE 2007) - ALTERNATE I (JUNE 2007), Teaming arrangement with any firm not included in the Contractor's basic MAC contract must be submitted to the basic MAC Contracting Officer for approval. Team member (subcontract) additions after Task Order award must be approved by the Task Order Contracting Officer.

#### **CLAUSES INCORPORATED BY FULL TEXT**

##### **52.216-10 -- INCENTIVE FEE (JUN2011)**

(a) *General.* The Government shall pay the Contractor for performing this contract a fee determined as provided in this contract.

(b) *Target cost and target fee.* The target cost and target fee specified in the Schedule are subject to adjustment if the contract is modified in accordance with paragraph (d) of this clause.

(1) "Target cost," as used in this contract, means the estimated cost of this contract as initially negotiated, adjusted in accordance with paragraph (d) below.

(2) "Target fee," as used in this contract, means the fee initially negotiated on the assumption that this contract would be performed for a cost equal to the estimated cost initially negotiated, adjusted in accordance with paragraph (d) of this clause.

(c) *Withholding of payment.*

(1) Normally, the Government shall pay the fee to the Contractor as specified in the Schedule. However, when the Contracting Officer considers that performance or cost indicates that the Contractor will not achieve target, the Government shall pay on the basis of an appropriate lesser fee. When the Contractor demonstrates that performance or cost clearly indicates that the Contractor will earn a fee significantly above the target fee, the Government may, at the sole discretion of the Contracting Officer, pay on the basis of an appropriate higher fee.

(2) Payment of the incentive fee shall be made as specified in the Schedule; provided that the Contracting Officer withholds a reserve not to exceed 15 percent of the total incentive fee or \$100,000, whichever is less, to protect the Government's interest. The Contracting Officer shall release 75 percent of all fee withholds under this contract after receipt of an adequate certified final indirect cost rate proposal covering the year of physical completion of this contract, provided the Contractor has satisfied all other contract terms and conditions, including the

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 338 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

submission of the final patent and royalty reports, and is not delinquent in submitting final vouchers on prior years' settlements. The Contracting Officer may release up to 90 percent of the fee withholds under this contract based on the Contractor's past performance related to the submission and settlement of final indirect cost rate proposals.

(d) *Equitable adjustments.* When the work under this contract is increased or decreased by a modification to this contract or when any equitable adjustment in the target cost is authorized under any other clause, equitable adjustments in the target cost, target fee, minimum fee, and maximum fee, as appropriate, shall be stated in a supplemental agreement to this contract.

(e) *Fee payable.*

- (1) The fee payable under this contract shall be the target fee increased by for every dollar that the total allowable cost is less than the target cost or decreased by for every dollar that the total allowable cost exceeds the target cost. In no event shall the fee be greater than or less than of the target cost.
- (2) The fee shall be subject to adjustment, to the extent provided in paragraph (d) of this clause, and within the minimum and maximum fee limitations in paragraph (e)(1) of this clause, when the total allowable cost is increased or decreased as a consequence of --
  - (i) Payments made under assignments; or
  - (ii) Claims excepted from the release as required by paragraph (h)(2) of the Allowable Cost and Payment clause.
- (3) If this contract is terminated in its entirety, the portion of the target fee payable shall not be subject to an increase or decrease as provided in this paragraph. The termination shall be accomplished in accordance with other applicable clauses of this contract.
- (4) For the purpose of fee adjustment, "total allowable cost" shall not include allowable costs arising out of--
  - (i) Any of the causes covered by the Excusable Delays clause to the extent that they are beyond the control and without the fault or negligence of the Contractor or any subcontractor;
  - (ii) The taking effect, after negotiating the target cost, of a statute, court decision, written ruling, or regulation that results in the Contractor's being required to pay or bear the burden of any tax or duty or rate increase in a tax or duty;
  - (iii) Any direct cost attributed to the Contractor's involvement in litigation as required by the Contracting Officer pursuant to a clause of this contract, including furnishing evidence and information requested pursuant to the Notice and Assistance Regarding Patent and Copyright Infringement clause;
  - (iv) The purchase and maintenance of additional insurance not in the target cost and required by the Contracting Officer, or claims for reimbursement for liabilities to third persons pursuant to the Insurance Liability to Third Persons clause;
  - (v) Any claim, loss, or damage resulting from a risk for which the Contractor has been relieved of liability by the Government Property clause; or
  - (vi) Any claim, loss, or damage resulting from a risk defined in the contract as unusually hazardous or as a nuclear risk and against which the Government has expressly agreed to indemnify the Contractor.
- (5) All other allowable costs are included in "total allowable cost" for fee adjustment in accordance with this paragraph (e), unless otherwise specifically provided in this contract.

(f) *Contract modification.* The total allowable cost and the adjusted fee determined as provided in this clause shall be evidenced by a modification to this contract signed by the Contractor and Contracting Officer.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 339 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(g) *Inconsistencies*. In the event of any language inconsistencies between this clause and provisioning documents or Government options under this contract, compensation for spare parts or other supplies and services ordered under such documents shall be determined in accordance with this clause.

**52.217-9 -- OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000) (NAVSEA VARIATION) (MARCH 2009)**

(a) The Government may extend the term of this contract by written notice(s) to the Contractor within the periods specified below. If more than one option exists the Government has the right to unilaterally exercise any such option whether or not it has exercised other options.

ITEMS	LATEST OPTION EXERCISE DATA
7100, 7199, 9100	No later than 12 months after the Task Order Award date
7200, 7299, 9200	No later than 24 months after the Task Order Award date
7300, 7399, 9300	No later than 36 months after the Task Order Award date
7400, 7499, 9400	No later than 48 months after the Task Order Award date

(b) The total duration of this contract, including the exercise of any option(s) under this clause, shall not exceed five (5) years, however, in accordance with paragraph (g) of the requirement of this contract entitled "LEVEL OF EFFORT" (NAVSEA 5252.216-9122), if the total manhours delineated in paragraph (a) of the LEVEL OF EFFORT requirement, have not been expended within the period specified above, the Government may require the Contractor to continue to perform the work until the total number of manhours specified in paragraph (a) of the aforementioned requirement have been expended.

**52.239-1 PRIVACY OR SECURITY SAFEGUARDS (AUG 1996)**

(a) The Contractor shall not publish or disclose in any manner, without the Contracting Officer's written consent, the details of any safeguards either designed or developed by the Contractor under this contract or otherwise provided by the Government.-

(b) To the extent required to carry out a program of inspection to safeguard against threats and hazards to the security, integrity, and confidentiality of Government data, the Contractor shall afford the Government access to the Contractor's facilities, installations, technical capabilities, operations, documentation, records, and databases. –

(c) If new or unanticipated threats or hazards are discovered by either the Government or the Contractor, or if existing safeguards have ceased to function, the discoverer shall immediately bring the situation to the attention of the other party.

**252.225-7027 RESTRICTION ON CONTINGENT FEES FOR FOREIGN MILITARY SALES (APR 2003)**

(a) Except as provided in paragraph (b) of this clause, contingent fees, as defined in the Covenant Against Contingent Fees clause of this contract, are generally an allowable cost, provided the fees are paid to—

- (1) A bona fide employee of the Contractor; or
- (2) A bona fide established commercial or selling agency maintained by the Contractor for the purpose of securing business.

(b) For foreign military sales, unless the contingent fees have been identified and payment approved in writing by the foreign customer before contract award, the following contingent fees are unallowable under this contract:

- (1) For sales to the Government(s) of   TBD  , contingent fees in any amount.
- (2) For sales to Governments not listed in paragraph (b)(1) of this clause, contingent fees

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 340 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

exceeding \$50,000 per foreign military sale case.

**252.227-7013 RIGHTS IN TECHNICAL DATA--NONCOMMERCIAL ITEMS (FEB 2014)**

(a) *Definitions.* As used in this clause—

(1) “Computer data base” means a collection of data recorded in a form capable of being processed by a computer. The term does not include computer software.

(2) “Computer program” means a set of instructions, rules, or routines recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

(3) “Computer software” means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer data bases or computer software documentation.

(4) “Computer software documentation” means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

(5) “Covered Government support contractor” means a contractor (other than a litigation support contractor covered by [252.204-7014](#)) under a contract, the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government’s management and oversight of a program or effort (rather than to directly furnish an end item or service to accomplish a program or effort), provided that the contractor—

(i) Is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and

(ii) Receives access to technical data or computer software for performance of a Government contract that contains the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(6) “Detailed manufacturing or process data” means technical data that describe the steps, sequences, and conditions of manufacturing, processing or assembly used by the manufacturer to produce an item or component or to perform a process.

(7) “Developed” means that an item, component, or process exists and is workable. Thus, the item or component must have been constructed or the process practiced. Workability is generally established when the item, component, or process has been analyzed or tested sufficiently to demonstrate to reasonable people skilled in the applicable art that there is a high probability that it will operate as intended. Whether, how much, and what type of analysis or testing is required to establish workability depends on the nature of the item, component, or process, and the state of the art. To be considered “developed,” the item, component, or process need not be at the stage where it could be offered for sale or sold on the commercial market, nor must the item, component, or process be actually reduced to practice within the meaning of Title 35 of the United States Code.

(8) “Developed exclusively at private expense” means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a government contract, or any combination thereof.

(i) Private expense determinations should be made at the lowest practicable level.

(ii) Under fixed-price contracts, when total costs are greater than the firm-fixed-price or ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at government, private, or mixed expense.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 341 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(9) “Developed exclusively with government funds” means development was not accomplished exclusively or partially at private expense.

(10) “Developed with mixed funding” means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a government contract, and partially with costs charged directly to a government contract.

(11) “Form, fit, and function data” means technical data that describes the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items.

(12) “Government purpose” means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations, or sales or transfers by the United States Government to foreign governments or international organizations. Government purposes include competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose technical data for commercial purposes or authorize others to do so.

(13) “Government purpose rights” means the rights to—

(i) Use, modify, reproduce, release, perform, display, or disclose technical data within the Government without restriction; and

(ii) Release or disclose technical data outside the Government and authorize persons to whom release or disclosure has been made to use, modify, reproduce, release, perform, display, or disclose that data for United States government purposes.

(14) “Limited rights” means the rights to use, modify, reproduce, release, perform, display, or disclose technical data, in whole or in part, within the Government. The Government may not, without the written permission of the party asserting limited rights, release or disclose the technical data outside the Government, use the technical data for manufacture, or authorize the technical data to be used by another party, except that the Government may reproduce, release, or disclose such data or authorize the use or reproduction of the data by persons outside the Government if—

(i) The reproduction, release, disclosure, or use is—

(A) Necessary for emergency repair and overhaul; or

(B) A release or disclosure to—

(1) A covered Government support contractor in performance of its covered Government support contract for use, modification, reproduction, performance, display, or release or disclosure to a person authorized to receive limited rights technical data; or

(2) A foreign government, of technical data other than detailed manufacturing or process data, when use of such data by the foreign government is in the interest of the Government and is required for evaluational or informational purposes;

(ii) The recipient of the technical data is subject to a prohibition on the further reproduction, release, disclosure, or use of the technical data; and

(iii) The contractor or subcontractor asserting the restriction is notified of such reproduction, release, disclosure, or use.

(15) “Technical data” means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(16) “Unlimited rights” means rights to use, modify, reproduce, perform, display, release,

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 342 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

or disclose technical data in whole or in part, in any manner, and for any purpose whatsoever, and to have or authorize others to do so.

(b) *Rights in technical data.* The Contractor grants or shall obtain for the Government the following royalty free, world-wide, nonexclusive, irrevocable license rights in technical data other than computer software documentation (see the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause of this contract for rights in computer software documentation):

(1) *Unlimited rights.* The Government shall have unlimited rights in technical data that are—

(i) Data pertaining to an item, component, or process which has been or will be developed exclusively with Government funds;

(ii) Studies, analyses, test data, or similar data produced for this contract, when the study, analysis, test, or similar work was specified as an element of performance;

(iii) Created exclusively with Government funds in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes;

(iv) Form, fit, and function data;

(v) Necessary for installation, operation, maintenance, or training purposes (other than detailed manufacturing or process data);

(vi) Corrections or changes to technical data furnished to the Contractor by the Government;

(vii) Otherwise publicly available or have been released or disclosed by the Contractor or subcontractor without restrictions on further use, release or disclosure, other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party or the sale or transfer of some or all of a business entity or its assets to another party;

(viii) Data in which the Government has obtained unlimited rights under another Government contract or as a result of negotiations; or

(ix) Data furnished to the Government, under this or any other Government contract or subcontract thereunder, with—

(A) Government purpose license rights or limited rights and the restrictive condition(s) has/have expired; or

(B) Government purpose rights and the Contractor's exclusive right to use such data for commercial purposes has expired.

(2) *Government purpose rights.*

(i) The Government shall have government purpose rights for a five-year period, or such other period as may be negotiated, in technical data—

(A) That pertain to items, components, or processes developed with mixed funding except when the Government is entitled to unlimited rights in such data as provided in paragraphs (b)(1)(ii) and (b)(1)(iv) through (b)(1)(ix) of this clause; or

(B) Created with mixed funding in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The five-year period, or such other period as may have been negotiated, shall commence upon execution of the contract, subcontract, letter contract (or similar contractual instrument), contract modification, or option exercise that required development of

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 343 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

the items, components, or processes or creation of the data described in paragraph (b)(2)(i)(B) of this clause. Upon expiration of the five-year or other negotiated period, the Government shall have unlimited rights in the technical data.

(iii) The Government shall not release or disclose technical data in which it has government purpose rights unless—

(A) Prior to release or disclosure, the intended recipient is subject to the non-disclosure agreement at [227.7103-7](#) of the Defense Federal Acquisition Regulation Supplement (DFARS); or

(B) The recipient is a Government contractor receiving access to the data for performance of a Government contract that contains the clause at DFARS [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(iv) The Contractor has the exclusive right, including the right to license others, to use technical data in which the Government has obtained government purpose rights under this contract for any commercial purpose during the time period specified in the government purpose rights legend prescribed in paragraph (f)(2) of this clause.

(3) *Limited rights.*

(i) Except as provided in paragraphs (b)(1)(ii) and (b)(1)(iv) through (b)(1)(ix) of this clause, the Government shall have limited rights in technical data—

(A) Pertaining to items, components, or processes developed exclusively at private expense and marked with the limited rights legend prescribed in paragraph (f) of this clause; or

(B) Created exclusively at private expense in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The Government shall require a recipient of limited rights data for emergency repair or overhaul to destroy the data and all copies in its possession promptly following completion of the emergency repair/overhaul and to notify the Contractor that the data have been destroyed.

(iii) The Contractor, its subcontractors, and suppliers are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data furnished to the Government with limited rights. However, if the Government desires to obtain additional rights in technical data in which it has limited rights, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All technical data in which the Contractor has granted the Government additional rights shall be listed or described in a license agreement made part of the contract. The license shall enumerate the additional rights granted the Government in such data.

(iv) The Contractor acknowledges that—

(A) Limited rights data are authorized to be released or disclosed to covered Government support contractors;

(B) The Contractor will be notified of such release or disclosure;

(C) The Contractor (or the party asserting restrictions as identified in the limited rights legend) may require each such covered Government support contractor to enter into a non-disclosure agreement directly with the Contractor (or the party asserting restrictions) regarding the covered Government support contractor's use of such data, or alternatively, that the Contractor (or party asserting restrictions) may waive in writing the requirement for a non-disclosure agreement; and

(D) Any such non-disclosure agreement shall address the restrictions on the

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 344 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

covered Government support contractor's use of the limited rights data as set forth in the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government- Furnished Information Marked with Restrictive Legends. The non-disclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the non-disclosure agreement.

(4) *Specifically negotiated license rights.* The standard license rights granted to the Government under paragraphs (b)(1) through (b)(3) of this clause, including the period during which the Government shall have government purpose rights in technical data, may be modified by mutual agreement to provide such rights as the parties consider appropriate but shall not provide the Government lesser rights than are enumerated in paragraph (a)(14) of this clause. Any rights so negotiated shall be identified in a license agreement made part of this contract.

(5) *Prior government rights.* Technical data that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the pre-existing rights, unless—

- (i) The parties have agreed otherwise; or
- (ii) Any restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data have expired or no longer apply.

(6) *Release from liability.* The Contractor agrees to release the Government from liability for any release or disclosure of technical data made in accordance with paragraph (a)(14) or (b)(2)(iii) of this clause, in accordance with the terms of a license negotiated under paragraph (b)(4) of this clause, or by others to whom the recipient has released or disclosed the data and to seek relief solely from the party who has improperly used, modified, reproduced, released, performed, displayed, or disclosed Contractor data marked with restrictive legends.

(c) *Contractor rights in technical data.* All rights not granted to the Government are retained by the Contractor.

(d) *Third party copyrighted data.* The Contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted data in the technical data to be delivered under this contract unless the Contractor is the copyright owner or has obtained for the Government the license rights necessary to perfect a license or licenses in the deliverable data of the appropriate scope set forth in paragraph (b) of this clause, and has affixed a statement of the license or licenses obtained on behalf of the Government and other persons to the data transmittal document.

(e) *Identification and delivery of data to be furnished with restrictions on use, release, or disclosure.*

- (1) This paragraph does not apply to restrictions based solely on copyright.
- (2) Except as provided in paragraph (e)(3) of this clause, technical data that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure are identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any data with restrictive markings unless the data are listed on the Attachment.

(3) In addition to the assertions made in the Attachment, other assertions may be identified after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. Such identification and assertion shall be submitted to the Contracting Officer as soon as practicable prior to the scheduled date for delivery of the data, in the following format, and signed by an official authorized to contractually obligate the Contractor:

Identification and Assertion of Restrictions on the Government's Use, Release,  
or Disclosure of Technical Data.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 345 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following technical data should be restricted—

Technical Data to be Furnished With Restrictions*	Basis for Assertion**	Asserted Rights Category***	Name of Person Asserting Restrictions****
(LIST)	(LIST)	(LIST)	(LIST)

\*If the assertion is applicable to items, components, or processes developed at private expense, identify both the data and each such item, component, or process.

\*\*Generally, the development of an item, component, or process at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose technical data pertaining to such items, components, or processes. Indicate whether development was exclusively or partially at private expense. If development was not at private expense, enter the specific reason for asserting that the Government's rights should be restricted.

\*\*\*Enter asserted rights category (e.g., government purpose license rights from a prior contract, rights in SBIR data generated under another contract, limited or government purpose rights under this or a prior contract, or specifically negotiated licenses).

\*\*\*\*Corporation, individual, or other person, as appropriate.

Date	_____
Printed Name and Title	_____
Signature	_____

(End of identification and assertion)

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertion, at a later date, in accordance with the procedures of the Validation of Restrictive Markings on Technical Data clause of this contract.

(f) *Marking requirements.* The Contractor, and its subcontractors or suppliers, may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data to be delivered under this contract by marking the deliverable data subject to restriction. Except as provided in paragraph (f)(5) of this clause, only the following legends are authorized under this contract: the government purpose rights legend at paragraph (f)(2) of this clause; the limited rights legend at paragraph (f)(3) of this clause; or the special license rights legend at paragraph (f)(4) of this clause; and/or a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) *General marking instructions.* The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend on all technical data that qualify for such markings. The authorized legends shall be placed on the transmittal document or storage container and, for printed material, each page of the printed material containing technical data for which restrictions are asserted. When only portions of a page of printed material are subject to the asserted restrictions, such portions shall be identified by circling, underscoring, with a note, or other appropriate identifier. Technical data transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. Reproductions of

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 346 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

technical data or any portions thereof subject to asserted restrictions shall also reproduce the asserted restrictions.

(2) *Government purpose rights markings.* Data delivered or otherwise furnished to the Government with government purpose rights shall be marked as follows:

#### GOVERNMENT PURPOSE RIGHTS

Contract No.	_____
Contractor Name	_____
Contractor Address	_____
Expiration Date	_____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (b)(2) of the Rights in Technical Data—Noncommercial Items clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(3) *Limited rights markings.* Data delivered or otherwise furnished to the Government with limited rights shall be marked with the following legend

#### LIMITED RIGHTS

Contract No.	_____
Contractor Name	_____
Contractor Address	_____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (b)(3) of the Rights in Technical Data--Noncommercial Items clause contained in the above identified contract. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such data must promptly notify the above named Contractor.

(End of legend)

(4) *Special license rights markings.*

(i) Data in which the Government's rights stem from a specifically negotiated license shall be marked with the following legend:

#### SPECIAL LICENSE RIGHTS

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these data are restricted by Contract No.\_\_\_\_\_(Insert contract number)\_\_\_\_\_, License No.\_\_\_\_\_(Insert license identifier)\_\_\_\_\_. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (b)(5) of this clause).

(5) *Pre-existing data markings.* If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data deliverable under this contract, and those restrictions are still

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 347 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

applicable, the Contractor may mark such data with the appropriate restrictive legend for which the data qualified under the prior contract or license. The marking procedures in paragraph (f)(1) of this clause shall be followed.

(g) *Contractor procedures and records.* Throughout performance of this contract, the Contractor and its subcontractors or suppliers that will deliver technical data with other than unlimited rights, shall—

(1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and

(2) Maintain records sufficient to justify the validity of any restrictive markings on technical data delivered under this contract.

(h) *Removal of unjustified and nonconforming markings.*

(1) *Unjustified technical data markings.* The rights and obligations of the parties regarding the validation of restrictive markings on technical data furnished or to be furnished under this contract are contained in the Validation of Restrictive Markings on Technical Data clause of this contract. Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the procedures in the Validation of Restrictive Markings on Technical Data clause of this contract, a restrictive marking is determined to be unjustified.

(2) *Nonconforming technical data markings.* A nonconforming marking is a marking placed on technical data delivered or otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the Validation of Restrictive Markings on Technical Data clause of this contract. If the Contracting Officer notifies the Contractor of a nonconforming marking and the Contractor fails to remove or correct such marking within sixty (60) days, the Government may ignore or, at the Contractor's expense, remove or correct any nonconforming marking.

(i) *Relation to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(j) *Limitation on charges for rights in technical data.*

(1) The Contractor shall not charge to this contract any cost, including, but not limited to, license fees, royalties, or similar charges, for rights in technical data to be delivered under this contract when—

(i) The Government has acquired, by any means, the same or greater rights in the data; or

(ii) The data are available to the public without restrictions.

(2) The limitation in paragraph (j)(1) of this clause—

(i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor or supplier technical data, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and

(ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the technical data will be delivered.

(k) *Applicability to subcontractors or suppliers.*

(1) The Contractor shall ensure that the rights afforded its subcontractors and suppliers under 10 U.S.C. 2320, 10 U.S.C. 2321, and the identification, assertion, and delivery processes of paragraph (e) of this clause are recognized and protected.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 348 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(2) Whenever any technical data for noncommercial items, or for commercial items developed in any part at Government expense, is to be obtained from a subcontractor or supplier for delivery to the Government under this contract, the Contractor shall use this same clause in the subcontract or other contractual instrument, including subcontracts or other contractual instruments for commercial items, and require its subcontractors or suppliers to do so, without alteration, except to identify the parties. This clause will govern the technical data pertaining to noncommercial items or to any portion of a commercial item that was developed in any part at Government expense, and the clause at [252.227-7015](#) will govern the technical data pertaining to any portion of a commercial item that was developed exclusively at private expense. No other clause shall be used to enlarge or diminish the Government's, the Contractor's, or a higher-tier subcontractor's or supplier's rights in a subcontractor's or supplier's technical data.

(3) Technical data required to be delivered by a subcontractor or supplier shall normally be delivered to the next higher-tier contractor, subcontractor, or supplier. However, when there is a requirement in the prime contract for data which may be submitted with other than unlimited rights by a subcontractor or supplier, then said subcontractor or supplier may fulfill its requirement by submitting such data directly to the Government, rather than through a higher-tier contractor, subcontractor, or supplier.

(4) The Contractor and higher-tier subcontractors or suppliers shall not use their power to award contracts as economic leverage to obtain rights in technical data from their subcontractors or suppliers.

(5) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in technical data as an excuse for failing to satisfy its contractual obligation to the Government.

**252.227-7014 RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMMERCIAL COMPUTER SOFTWARE DOCUMENTATION (FEB 2014)**

(a) *Definitions.* As used in this clause—

(1) “Commercial computer software” means software developed or regularly used for non-governmental purposes which—

- (i) Has been sold, leased, or licensed to the public;
- (ii) Has been offered for sale, lease, or license to the public;
- (iii) Has not been offered, sold, leased, or licensed to the public but will be available for commercial sale, lease, or license in time to satisfy the delivery requirements of this contract; or
- (iv) Satisfies a criterion expressed in paragraph (a)(1)(i), (ii), or (iii) of this clause and would require only minor modification to meet the requirements of this contract.

(2) “Computer database” means a collection of recorded data in a form capable of being processed by a computer. The term does not include computer software.

(3) “Computer program” means a set of instructions, rules, or routines, recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

(4) “Computer software” means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer databases or computer software documentation.

(5) “Computer software documentation” means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

(6) “Covered Government support contractor” means a contractor (other than a litigation support contractor covered by [252.204-7014](#)) under a contract, the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government’s management and oversight of a program or effort (rather than to directly furnish an end item or service to accomplish a program or

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 349 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

effort), provided that the contractor—

- (i) Is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and
- (ii) Receives access to technical data or computer software for performance of a Government contract that contains the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(7) “Developed” means that—

- (i) A computer program has been successfully operated in a computer and tested to the extent sufficient to demonstrate to reasonable persons skilled in the art that the program can reasonably be expected to perform its intended purpose;
- (ii) Computer software, other than computer programs, has been tested or analyzed to the extent sufficient to demonstrate to reasonable persons skilled in the art that the software can reasonably be expected to perform its intended purpose; or
- (iii) Computer software documentation required to be delivered under a contract has been written, in any medium, in sufficient detail to comply with requirements under that contract.

(8) “Developed exclusively at private expense” means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a government contract, or any combination thereof.

- (i) Private expense determinations should be made at the lowest practicable level.
- (ii) Under fixed-price contracts, when total costs are greater than the firm-fixed-price or ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at government, private, or mixed expense.

(9) “Developed exclusively with government funds” means development was not accomplished exclusively or partially at private expense.

(10) “Developed with mixed funding” means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a government contract, and partially with costs charged directly to a government contract.

(11) “Government purpose” means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations or sales or transfers by the United States Government to foreign governments or international organizations. Government purposes include competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose computer software or computer software documentation for commercial purposes or authorize others to do so.

(12) “Government purpose rights” means the rights to—

- (i) Use, modify, reproduce, release, perform, display, or disclose computer software or computer software documentation within the Government without restriction; and
- (ii) Release or disclose computer software or computer software documentation outside the Government and authorize persons to whom release or disclosure has been made to use, modify, reproduce, release, perform, display, or disclose the software or documentation for United States government purposes.

(13) “Minor modification” means a modification that does not significantly alter the nongovernmental function or purpose of the software or is of the type customarily provided in the commercial marketplace.

(14) “Noncommercial computer software” means software that does not qualify as commercial

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 350 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

computer software under paragraph (a)(1) of this clause.

(15) "Restricted rights" apply only to noncommercial computer software and mean the Government's rights to—

- (i) Use a computer program with one computer at one time. The program may not be accessed by more than one terminal or central processing unit or time shared unless otherwise permitted by this contract;
- (ii) Transfer a computer program to another Government agency without the further permission of the Contractor if the transferor destroys all copies of the program and related computer software documentation in its possession and notifies the licensor of the transfer. Transferred programs remain subject to the provisions of this clause;
- (iii) Make the minimum number of copies of the computer software required for safekeeping (archive), backup, or modification purposes;
- (iv) Modify computer software provided that the Government may—
  - (A) Use the modified software only as provided in paragraphs (a)(15)(i) and (iii) of this clause; and
  - (B) Not release or disclose the modified software except as provided in paragraphs (a)(15)(ii), (v), (vi) and (vii) of this clause;
- (v) Permit contractors or subcontractors performing service contracts (see 37.101 of the Federal Acquisition Regulation) in support of this or a related contract to use computer software to diagnose and correct deficiencies in a computer program, to modify computer software to enable a computer program to be combined with, adapted to, or merged with other computer programs or when necessary to respond to urgent tactical situations, provided that—

- (A) The Government notifies the party which has granted restricted rights that a release or disclosure to particular contractors or subcontractors was made;
- (B) Such contractors or subcontractors are subject to the use and non-disclosure agreement at [227.7103-7](#) of the Defense Federal Acquisition Regulation Supplement (DFARS) or are Government contractors receiving access to the software for performance of a Government contract that contains the clause at DFARS [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends;
- (C) The Government shall not permit the recipient to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (a)(15)(iv) of this clause, for any other purpose; and
- (D) Such use is subject to the limitations in paragraphs (a)(15)(i) through (iii) of this clause;
- (vi) Permit contractors or subcontractors performing emergency repairs or overhaul of items or components of items procured under this or a related contract to use the computer software when necessary to perform the repairs or overhaul, or to modify the computer software to reflect the repairs or overhaul made, provided that—

- (A) The intended recipient is subject to the use and non-disclosure agreement at DFARS [227.7103-7](#) or is a Government contractor receiving access to the software for performance of a Government contract that contains the clause at DFARS [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends;
- (B) The Government shall not permit the recipient to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (a)(15)(iv) of this clause, for any other purpose; and
- (C) Such use is subject to the limitations in paragraphs (a)(15)(i) through (iii) of this clause; and
- (vii) Permit covered Government support contractors in the performance of covered Government support contracts that contain the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends, to use, modify, reproduce, perform, display, or release or disclose the computer software to a person authorized to receive restricted rights computer software, provided that—

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 351 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(A) The Government shall not permit the covered Government support contractor to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (a)(15)(iv) of this clause, for any other purpose; and

(B) Such use is subject to the limitations in paragraphs (a)(15)(i) through (iv) of this clause.

(16) "Unlimited rights" means rights to use, modify, reproduce, release, perform, display, or disclose computer software or computer software documentation in whole or in part, in any manner and for any purpose whatsoever, and to have or authorize others to do so.

(b) *Rights in computer software or computer software documentation.* The Contractor grants or shall obtain for the Government the following royalty free, world-wide, nonexclusive, irrevocable license rights in noncommercial computer software or computer software documentation. All rights not granted to the Government are retained by the Contractor.

(1) *Unlimited rights.* The Government shall have unlimited rights in—

- (i) Computer software developed exclusively with Government funds;
- (ii) Computer software documentation required to be delivered under this contract;
- (iii) Corrections or changes to computer software or computer software documentation furnished to the Contractor by the Government;
- (iv) Computer software or computer software documentation that is otherwise publicly available or has been released or disclosed by the Contractor or subcontractor without restriction on further use, release or disclosure, other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the software to another party or the sale or transfer of some or all of a business entity or its assets to another party;
- (v) Computer software or computer software documentation obtained with unlimited rights under another Government contract or as a result of negotiations; or
- (vi) Computer software or computer software documentation furnished to the Government, under this or any other Government contract or subcontract thereunder with—
  - (A) Restricted rights in computer software, limited rights in technical data, or government purpose license rights and the restrictive conditions have expired; or
  - (B) Government purpose rights and the Contractor's exclusive right to use such software or documentation for commercial purposes has expired.

(2) *Government purpose rights.*

- (i) Except as provided in paragraph (b)(1) of this clause, the Government shall have government purpose rights in computer software developed with mixed funding.
- (ii) Government purpose rights shall remain in effect for a period of five years unless a different period has been negotiated. Upon expiration of the five-year or other negotiated period, the Government shall have unlimited rights in the computer software or computer software documentation. The government purpose rights period shall commence upon execution of the contract, subcontract, letter contract (or similar contractual instrument), contract modification, or option exercise that required development of the computer software.
- (iii) The Government shall not release or disclose computer software in which it has government purpose rights to any other person unless—
  - (A) Prior to release or disclosure, the intended recipient is subject to the use and non-disclosure agreement at DFARS [227.7103-7](#); or
  - (B) The recipient is a Government contractor receiving access to the software or documentation for performance of a Government contract that contains the clause at DFARS [252.227-7025](#), Limitations on the Use or Disclosure of Government Furnished Information Marked with Restrictive Legends.

(3) *Restricted rights.*

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 352 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

- (i) The Government shall have restricted rights in noncommercial computer software required to be delivered or otherwise provided to the Government under this contract that were developed exclusively at private expense.
- (ii) The Contractor, its subcontractors, or suppliers are not required to provide the Government additional rights in noncommercial computer software delivered or otherwise provided to the Government with restricted rights. However, if the Government desires to obtain additional rights in such software, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All noncommercial computer software in which the Contractor has granted the Government additional rights shall be listed or described in a license agreement made part of the contract (see paragraph (b)(4) of this clause). The license shall enumerate the additional rights granted the Government.
- (iii) The Contractor acknowledges that—
- (A) Restricted rights computer software is authorized to be released or disclosed to covered Government support contractors;
  - (B) The Contractor will be notified of such release or disclosure;
  - (C) The Contractor (or the party asserting restrictions, as identified in the restricted rights legend) may require each such covered Government support contractor to enter into a non-disclosure agreement directly with the Contractor (or the party asserting restrictions) regarding the covered Government support contractor's use of such software, or alternatively, that the Contractor (or party asserting restrictions) may waive in writing the requirement for a non-disclosure agreement; and
  - (D) Any such non-disclosure agreement shall address the restrictions on the covered Government support contractor's use of the restricted rights software as set forth in the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The non-disclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the non-disclosure agreement.
- (4) *Specifically negotiated license rights.*
- (i) The standard license rights granted to the Government under paragraphs (b)(1) through (b)(3) of this clause, including the period during which the Government shall have government purpose rights in computer software, may be modified by mutual agreement to provide such rights as the parties consider appropriate but shall not provide the Government lesser rights in computer software than are enumerated in paragraph (a)(15) of this clause or lesser rights in computer software documentation than are enumerated in paragraph (a)(14) of the Rights in Technical Data--Noncommercial Items clause of this contract.
- (ii) Any rights so negotiated shall be identified in a license agreement made part of this contract.
- (5) *Prior government rights.* Computer software or computer software documentation that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the pre-existing rights, unless—
- (i) The parties have agreed otherwise; or
  - (ii) Any restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data have expired or no longer apply.
- (6) *Release from liability.* The Contractor agrees to release the Government from liability for any release or disclosure of computer software made in accordance with paragraph (a)(15) or (b)(2)(iii) of this clause, in accordance with the terms of a license negotiated under paragraph (b)(4) of this clause, or by others to whom the recipient has released or disclosed the software,

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 353 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

and to seek relief solely from the party who has improperly used, modified, reproduced, released, performed, displayed, or disclosed Contractor software marked with restrictive legends.

(c) *Rights in derivative computer software or computer software documentation.* The Government shall retain its rights in the unchanged portions of any computer software or computer software documentation delivered under this contract that the Contractor uses to prepare, or includes in, derivative computer software or computer software documentation.

(d) *Third party copyrighted computer software or computer software documentation.* The Contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted computer software or computer software documentation in the software or documentation to be delivered under this contract unless the Contractor is the copyright owner or has obtained for the Government the license rights necessary to perfect a license or licenses in the deliverable software or documentation of the appropriate scope set forth in paragraph (b) of this clause, and prior to delivery of such—

(1) Computer software, has provided a statement of the license rights obtained in a form acceptable to the Contracting Officer; or (2) Computer software documentation, has affixed to the transmittal document a statement of the license rights obtained.

(e) *Identification and delivery of computer software and computer software documentation to be furnished with restrictions on use, release, or disclosure.*

(1) This paragraph does not apply to restrictions based solely on copyright.

(2) Except as provided in paragraph (e)(3) of this clause, computer software that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure is identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any software with restrictive markings unless the software is listed on the Attachment.

(3) In addition to the assertions made in the Attachment, other assertions may be identified after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. Such identification and assertion shall be submitted to the Contracting Officer as soon as practicable prior to the scheduled date for delivery of the software, in the following format, and signed by an official authorized to contractually obligate the Contractor:

Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of  
Computer Software.

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following computer software should be restricted:

Computer Software to be Furnished With Restrictions* (LIST)	Basis for Assertion** (LIST)	Asserted Rights Category*** (LIST)	Name of Person Asserting Restrictions**** (LIST)
--	------------------------------------	--	---

\*Generally, development at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose computer software.

\*\*Indicate whether development was exclusively or partially at private expense. If development was not at private expense, enter the specific reason for asserting that the Government's rights should be restricted.

\*\*\*Enter asserted rights category (e.g., restricted or government purpose rights in computer software, government purpose license rights from a prior contract, rights in SBIR software generated under another contract, or specifically negotiated licenses).

\*\*\*\*Corporation, individual, or other person, as appropriate.

----------------------------------	---	----------------------------------	--------------------	-------

Date \_\_\_\_\_

Printed Name and Title \_\_\_\_\_

Signature \_\_\_\_\_

(End of identification and assertion)

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertion, at a later date, in accordance with the procedures of the Validation of Asserted Restrictions—Computer Software clause of this contract.

(f) *Marking requirements.* The Contractor, and its subcontractors or suppliers, may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose computer software by marking the deliverable software or documentation subject to restriction. Except as provided in paragraph (f)(5) of this clause, only the following legends are authorized under this contract: the government purpose rights legend at paragraph (f)(2) of this clause; the restricted rights legend at paragraph (f)(3) of this clause; or the special license rights legend at paragraph (f)(4) of this clause; and/or a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) *General marking instructions.* The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend on all computer software that qualify for such markings. The authorized legends shall be placed on the transmittal document or software storage container and each page, or portions thereof, of printed material containing computer software for which restrictions are asserted. Computer software transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. However, instructions that interfere with or delay the operation of computer software in order to display a restrictive rights legend or other license statement at any time prior to or during use of the computer software, or otherwise cause such interference or delay, shall not be inserted in software that will or might be used in combat or situations that simulate combat conditions, unless the Contracting Officer's written permission to deliver such software has been obtained prior to delivery. Reproductions of computer software or any portions thereof subject to asserted restrictions, shall also reproduce the asserted restrictions.

(2) *Government purpose rights markings.* Computer software delivered or otherwise furnished to the Government with government purpose rights shall be marked as follows:

#### GOVERNMENT PURPOSE RIGHTS

Contract No.

Contractor Name

Contractor Address

Expiration Date

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by paragraph (b)(2) of the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of the software or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(1) *Restricted rights markings.* Software delivered or otherwise furnished to the Government with

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 355 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

restricted rights shall be marked with the following legend:

#### RESTRICTED RIGHTS

Contract No.

Contractor Name

Contractor Address

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by paragraph (b)(3) of the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause contained in the above identified contract. Any reproduction of computer software or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such software must promptly notify the above named Contractor.

(End of legend)

#### (4) *Special license rights markings.*

(i) Computer software or computer software documentation in which the Government's rights stem from a specifically negotiated license shall be marked with the following legend:

#### SPECIAL LICENSE RIGHTS

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these data are restricted by Contract No.\_\_\_\_\_(Insert contract number)\_\_\_\_\_, License No.\_\_\_\_\_(Insert license identifier)\_\_\_\_\_. Any reproduction of computer software, computer software documentation, or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (b)(5) of this clause).

(5) *Pre-existing markings.* If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, release, perform, display, or disclose computer software or computer software documentation and those restrictions are still applicable, the Contractor may mark such software or documentation with the appropriate restrictive legend for which the software qualified under the prior contract or license. The marking procedures in paragraph (f)(1) of this clause shall be followed.

(g) *Contractor procedures and records.* Throughout performance of this contract, the Contractor and its subcontractors or suppliers that will deliver computer software or computer software documentation with other than unlimited rights, shall—

(1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and

(2) Maintain records sufficient to justify the validity of any restrictive markings on computer software or computer software documentation delivered under this contract.

#### (h) *Removal of unjustified and nonconforming markings.*

(1) *Unjustified computer software or computer software documentation markings.* The rights and obligations of the parties regarding the validation of restrictive markings on computer software or computer software documentation furnished or to be furnished under this contract are contained in the Validation of Asserted Restrictions--Computer Software and the Validation of

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 356 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

Restrictive Markings on Technical Data clauses of this contract, respectively. Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the procedures of those clauses, a restrictive marking is determined to be unjustified.

(2) *Nonconforming computer software or computer software documentation markings.* A nonconforming marking is a marking placed on computer software or computer software documentation delivered or otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the Validation of Asserted Restrictions--Computer Software or the Validation of Restrictive Markings on Technical Data clause of this contract. If the Contracting Officer notifies the Contractor of a nonconforming marking or markings and the Contractor fails to remove or correct such markings within sixty (60) days, the Government may ignore or, at the Contractor's expense, remove or correct any nonconforming markings.

(i) *Relation to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(j) *Limitation on charges for rights in computer software or computer software documentation.*

(1) The Contractor shall not charge to this contract any cost, including but not limited to license fees, royalties, or similar charges, for rights in computer software or computer software documentation to be delivered under this contract when—

- (i) The Government has acquired, by any means, the same or greater rights in the software or documentation; or
- (ii) The software or documentation are available to the public without restrictions.

(2) The limitation in paragraph (j)(1) of this clause—

- (i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor or supplier computer software or computer software documentation, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and
- (ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the software or documentation will be delivered.

(k) *Applicability to subcontractors or suppliers.*

(1) Whenever any noncommercial computer software or computer software documentation is to be obtained from a subcontractor or supplier for delivery to the Government under this contract, the Contractor shall use this same clause in its subcontracts or other contractual instruments, and require its subcontractors or suppliers to do so, without alteration, except to identify the parties. No other clause shall be used to enlarge or diminish the Government's, the Contractor's, or a higher tier subcontractor's or supplier's rights in a subcontractor's or supplier's computer software or computer software documentation.

(2) The Contractor and higher tier subcontractors or suppliers shall not use their power to award contracts as economic leverage to obtain rights in computer software or computer software documentation from their subcontractors or suppliers.

(3) The Contractor shall ensure that subcontractor or supplier rights are recognized and protected in the identification, assertion, and delivery processes required by paragraph (e) of this clause.

(4) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in computer software or computer software documentation as an excuse for failing to satisfy its contractual obligation to the Government.

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 357 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

## **252.227-7019 VALIDATION OF ASSERTED RESTRICTIONS—COMPUTER SOFTWARE (SEP 2011)**

### *(a) Definitions.*

(1) As used in this clause, unless otherwise specifically indicated, the term “Contractor” means the Contractor and its subcontractors or suppliers.

(2) Other terms used in this clause are defined in the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause of this contract.

*(b) Justification.* The Contractor shall maintain records sufficient to justify the validity of any markings that assert restrictions on the Government's rights to use, modify, reproduce, perform, display, release, or disclose computer software delivered or required to be delivered under this contract and shall be prepared to furnish to the Contracting Officer a written justification for such restrictive markings in response to a request for information under paragraph (d) or a challenge under paragraph (f) of this clause.

*(c) Direct contact with subcontractors or suppliers.* The Contractor agrees that the Contracting Officer may transact matters under this clause directly with subcontractors or suppliers at any tier who assert restrictions on the Government's right to use, modify, reproduce, release, perform, display, or disclose computer software. Neither this clause, nor any action taken by the Government under this clause, creates or implies privity of contract between the Government and the Contractor's subcontractors or suppliers.

### *(d) Requests for information.*

(1) The Contracting Officer may request the Contractor to provide sufficient information to enable the Contracting Officer to evaluate the Contractor's asserted restrictions. Such information shall be based upon the records required by this clause or other information reasonably available to the Contractor.

(2) Based upon the information provided, if the—

(i) Contractor agrees that an asserted restriction is not valid, the Contracting Officer may—

(A) Strike or correct the unjustified marking at the Contractor's expense; or

(B) Return the computer software to the Contractor for correction at the Contractor's expense. If the Contractor fails to correct or strike the unjustified restriction and return the corrected software to the Contracting Officer within sixty (60) days following receipt of the software, the Contracting Officer may correct or strike the markings at that Contractor's expense.

(ii) Contracting Officer concludes that the asserted restriction is appropriate for this contract, the Contracting Officer shall so notify the Contractor in writing.

(3) The Contractor's failure to provide a timely response to a Contracting Officer's request for information or failure to provide sufficient information to enable the Contracting Officer to evaluate an asserted restriction shall constitute reasonable grounds for questioning the validity of an asserted restriction.

### *(e) Government right to challenge and validate asserted restrictions.*

(1) The Government, when there are reasonable grounds to do so, has the right to review and challenge the validity of any restrictions asserted by the Contractor on the Government's rights to use, modify, reproduce, release, perform, display, or disclose computer software delivered, to be delivered under this contract, or otherwise provided to the Government in the performance of this contract. Except for software that is publicly available, has been furnished to the Government without restrictions, or has been otherwise made available without restrictions, the Government may exercise this right only within three years after the date(s) the software is delivered or otherwise furnished to the Government, or three years following final payment

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 358 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

under this contract, whichever is later.

(2) The absence of a challenge to an asserted restriction shall not constitute validation under this clause. Only a Contracting Officer's final decision or actions of an agency Board of Contract Appeals or a court of competent jurisdiction that sustain the validity of an asserted restriction constitute validation of the restriction.

(f) *Major systems.* When the Contracting Officer challenges an asserted restriction regarding noncommercial computer software for a major system or a subsystem or component thereof on the basis that the computer software was not developed exclusively at private expense, the Contracting Officer will sustain the challenge unless information provided by the Contractor or subcontractor demonstrates that the computer software was developed exclusively at private expense.

(g) *Challenge procedures.*

(1) A challenge must be in writing and shall—

- (i) State the specific grounds for challenging the asserted restriction;
- (ii) Require the Contractor to respond within sixty (60) days;
- (iii) Require the Contractor to provide justification for the assertion based upon records kept in accordance with paragraph (b) of this clause and such other documentation that are reasonably available to the Contractor, in sufficient detail to enable the Contracting Officer to determine the validity of the asserted restrictions; and
- (iv) State that a Contracting Officer's final decision, during the three-year period preceding this challenge, or action of a court of competent jurisdiction or Board of Contract Appeals that sustained the validity of an identical assertion made by the Contractor (or a licensee) shall serve as justification for the asserted restriction.

(2) The Contracting Officer shall extend the time for response if the Contractor submits a written request showing the need for additional time to prepare a response.

(3) The Contracting Officer may request additional supporting documentation if, in the Contracting Officer's opinion, the Contractor's explanation does not provide sufficient evidence to justify the validity of the asserted restrictions. The Contractor agrees to promptly respond to the Contracting Officer's request for additional supporting documentation.

(4) Notwithstanding challenge by the Contracting Officer, the parties may agree on the disposition of an asserted restriction at any time prior to a Contracting Officer's final decision or, if the Contractor has appealed that decision, filed suit, or provided notice of an intent to file suit, at any time prior to a decision by a court of competent jurisdiction or Board of Contract Appeals.

(5) If the Contractor fails to respond to the Contracting Officer's request for information or additional information under paragraph (g)(1) of this clause, the Contracting Officer shall issue a final decision, in accordance with paragraph (f) of this clause and the Disputes clause of this contract, pertaining to the validity of the asserted restriction.

(6) If the Contracting Officer, after reviewing the written explanation furnished pursuant to paragraph (f)(1) of this clause, or any other available information pertaining to the validity of an asserted restriction, determines that the asserted restriction has—

- (i) Not been justified, the Contracting Officer shall issue promptly a final decision, in accordance with the Disputes clause of this contract, denying the validity of the asserted restriction; or
- (ii) Been justified, the Contracting Officer shall issue promptly a final decision, in accordance with the Disputes clause of this contract, validating the asserted restriction.

(7) A Contractor receiving challenges to the same asserted restriction(s) from more than one Contracting Officer shall notify each Contracting Officer of the other challenges. The notice

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 359 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

shall also state which Contracting Officer initiated the first in time unanswered challenge. The Contracting Officer who initiated the first in time unanswered challenge, after consultation with the other Contracting Officers who have challenged the restrictions and the Contractor, shall formulate and distribute a schedule that provides the Contractor a reasonable opportunity for responding to each challenge.

(h) *Contractor appeal? Government obligation.*

(1) The Government agrees that, notwithstanding a Contracting Officer's final decision denying the validity of an asserted restriction and except as provided in paragraph (h)(3) of this clause, it will honor the asserted restriction—

- (i) For a period of ninety (90) days from the date of the Contracting Officer's final decision to allow the Contractor to appeal to the appropriate Board of Contract Appeals or to file suit in an appropriate court;
- (ii) For a period of one year from the date of the Contracting Officer's final decision if, within the first ninety (90) days following the Contracting Officer's final decision, the Contractor has provided notice of an intent to file suit in an appropriate court; or
- (iii) Until final disposition by the appropriate Board of Contract Appeals or court of competent jurisdiction, if the Contractor has:
  - (A) appealed to the Board of Contract Appeals or filed suit in an appropriate court within ninety (90) days; or
  - (B) submitted, within ninety (90) days, a notice of intent to file suit in an appropriate court and filed suit within one year.

(2) The Contractor agrees that the Government may strike, correct, or ignore the restrictive markings if the Contractor fails to—

- (i) Appeal to a Board of Contract Appeals within ninety (90) days from the date of the Contracting Officer's final decision;
- (ii) File suit in an appropriate court within ninety (90) days from such date; or
- (iii) File suit within one year after the date of the Contracting Officer's final decision if the Contractor had provided notice of intent to file suit within ninety (90) days following the date of the Contracting Officer's final decision.

(3) The agency head, on a nondelegable basis, may determine that urgent or compelling circumstances do not permit awaiting the filing of suit in an appropriate court, or the rendering of a decision by a court of competent jurisdiction or Board of Contract Appeals. In that event, the agency head shall notify the Contractor of the urgent or compelling circumstances.

Notwithstanding paragraph (h)(1) of this clause, the Contractor agrees that the agency may use, modify, reproduce, release, perform, display, or disclose computer software marked with

- (i) government purpose legends for any purpose, and authorize others to do so; or
- (ii) restricted or special license rights for government purposes only. The Government agrees not to release or disclose such software unless, prior to release or disclosure, the intended recipient is subject to the use and non-disclosure agreement at [227.7103-7](#) of the Defense Federal Acquisition Regulation Supplement (DFARS), or is a Government contractor receiving access to the software for performance of a Government contract that contains the clause at DFARS [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The agency head's determination may be made at any time after the date of the Contracting Officer's final decision and shall not affect the Contractor's right to damages against the United States, or other relief provided by law, if its asserted restrictions are ultimately upheld.

(i) *Final disposition of appeal or suit.* If the Contractor appeals or files suit and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is:

- (1) Sustained—

CONTRACT NO. N00178-04-D-4030	DELIVERY ORDER NO. N00178-04-D-4030-0012	AMENDMENT/MODIFICATION NO. 89	PAGE 360 of 363	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(i) Any restrictive marking on such computer software shall be struck or corrected at the Contractor's expense or ignored; and

(ii) If the asserted restriction is found not to be substantially justified, the Contractor shall be liable to the Government for payment of the cost to the Government of reviewing the asserted restriction and the fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Government in challenging the restriction, unless special circumstances would make such payment unjust.

(2) Not sustained—

(i) The Government shall be bound by the asserted restriction; and

(ii) If the challenge by the Government is found not to have been made in good faith, the Government shall be liable to the Contractor for payment of fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Contractor in defending the restriction.

(j) *Flowdown.* The Contractor shall insert this clause in all contracts, purchase orders, and other similar instruments with its subcontractors or suppliers, at any tier, who will be furnishing computer software to the Government in the performance of this contract. The clause may not be altered other than to identify the appropriate parties.

#### **252.246-7001 WARRANTY OF DATA—BASIC (MAR 2014)**

(a) *Definition.* “Technical data” has the same meaning as given in the clause in this contract entitled Rights in Technical Data and Computer Software.

(b) *Warranty.* Notwithstanding inspection and acceptance by the Government of technical data furnished under this contract, and notwithstanding any provision of this contract concerning the conclusiveness of acceptance, the Contractor warrants that all technical data delivered under this contract will at the time of delivery conform with the specifications and all other requirements of this contract. The warranty period shall extend for three years after completion of the delivery of the line item of data (as identified in DD Form 1423, Contract Data Requirements List) of which the data forms a part; or any longer period specified in the contract.

(c) *Contractor Notification.* The Contractor agrees to notify the Contracting Officer in writing immediately of any breach of the above warranty which the Contractor discovers within the warranty period.

(d) *Remedies.* The following remedies shall apply to all breaches of the warranty, whether the Contractor notifies the Contracting Officer in accordance with paragraph (c) of this clause or if the Government notifies the Contractor of the breach in writing within the warranty period:

(1) Within a reasonable time after such notification, the Contracting Officer may—

(i) By written notice, direct the Contractor to correct or replace at the Contractor's expense the nonconforming technical data promptly; or

(ii) If the Contracting Officer determines that the Government no longer has a requirement for correction or replacement of the data, or that the data can be more reasonably corrected by the Government, inform the Contractor by written notice that the Government elects a price or fee adjustment instead of correction or replacement.

(2) If the Contractor refuses or fails to comply with a direction under paragraph (d)(1)(i) of this clause, the Contracting Officer may, within a reasonable time of the refusal or failure—

(i) By contract or otherwise, correct or replace the nonconforming technical data and charge the cost to the Contractor; or

(ii) Elect a price or fee adjustment instead of correction or replacement.

(3) The remedies in this clause represent the only way to enforce the Government's rights under this clause.

(e) The provisions of this clause apply anew to that portion of any corrected or replaced technical data furnished to the Government under paragraph (d)(1)(i) of this clause.

#### **AWARD TERM CLAUSE**

In addition to the terms set forth elsewhere in the contract, and as provided in the QASP, the contractor may earn an extension of one (1) to two (2) years on the basis of performance during the evaluation periods. The contractor is evaluated using QASP criteria during each year of contract performance. In order for an Award Term Period 3 to be exercised, the contractor must have achieved **at least a Very Good for three out of the five elements and not less than Satisfactory for the remaining two major elements assessed for Option 2; and in order for Award Term Period 4 to be exercised, the contractor must have achieved at least a Very Good for three out of the five elements and not less than Satisfactory for the remaining two major elements assessed for Award Term Period 3.**

(a) Award Term. The award-term concept is an incentive that permits extension of the contract period beyond Option 2 of performance for **Very Good for three out of the five elements and not less than Satisfactory for the remaining two major elements assessed.**

(b) Monitoring of Performance. The contractor's performance will be continually monitored by the COR and Subject Matter Experts whose findings are reported by the COR to the Contracting Officer (PCO) together with a recommendation regarding exercise of the Award Term period. The PCO makes the final decision on the award-term on the basis of the contractor's performance during the award-term evaluation period.

(c) Award-Term Plan. The evaluation criteria, the associated points, and the associated award-term extensions or reductions are specified in the QASP.

(d) Modification of Award-Term Plan. Changes may be made to the award-term plan at any time during contract performance, provided that both parties agree to them. If agreement cannot be reached on changes, the initial award-term plan remains in effect.

(e) Self-Evaluation. The contractor will submit a written self-evaluation of its performance for that period in accordance with the schedule in the QASP. It will be used in the COR's and PCO's evaluation of the contractor's performance during this period.

(f) Disputes. Decisions regarding the award term, including—but not limited to—the amount of the award term, if any; the methodology used to calculate the award term; calculation of the award term; the supplier's entitlement to the award term; and the nature and success of the contractor's performance, are made by the PCO. These decisions are final and are not subject to dispute.

(g) Award-Term Extension. The contract period may be modified to reflect the PCO's decision. The total contract ordering period, including extensions under this clause, will not exceed 5 years, or the time remaining on the SeaPort contracts, including exercised options. The award-term provision must be included in the solicitation and resulting Task Order. If at any time the contract period does not extend more than two years from the PCO decision, the operation of the award-term provision will cease and the ordering period will not extend beyond the term set at that time.

#### **I.2.1 NOTIFICATION CONCERNING DETERMINATION OF SMALL BUSINESS STATUS**

For the purpose of FAR clauses 52.219-6, NOTICE OF TOTAL SMALL BUSINESS SETASIDE, the determination of whether a small business concern is independently owned and operated, not dominant in the field of operation on which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation, shall be based on the status of said concern at the time of award of the SeaPort-e MACs and as further determined
