## AVIATION COST EVALUATION SYSTEM (ACES) - OFF SITE

## 1.0 General.

1.1 Organization to be supported:

Commander, Naval Air Forces Force Comptroller Code N01F, Building 11 Naval Air Station North Island San Diego, CA 92135

Work is to be accomplished for:

Commander Naval Air Forces (COMNAVAIRFOR), the Commander, Marine Forces Pacific (COMMARFORPAC), and the Commander, Marine Forces Atlantic (COMMARFORLANT) through Contract number TBD.

1.2 Scope:

This is a Performance-Based **Cost Plus Fixed Fee** requirement.

This Statement of Work provides for enterprise-wide Contractor support to COMNAVAIRFOR,

COMMARFORPAC, and the COMMARFORLANT for Management, Engineering, and Technical Support Services associated with the Aviation Cost Evaluation System (ACES), including subordinate modules such as the Execution Manager (XMAN), SPAWAR's Aviation Store Keeper Information Tracking (ASKIT) support, any other requested subordinate program modules, and such other

effective and efficient methods, and demonstrating sound cost control. The effort must be identical to the effort that would be expended if this were a firm-fixed price task order and the Contractor's profits were dependent upon reducing costs while meeting the Government's requirements in terms of quality and schedule.

## 3.0 Task / Work to Be Performed.

The following sections outline the specific task order requirements, performance indicators, associated standards, and Government quality assurance methods.

## 3.1 Task Order Description:

The Contractor shall support the existing Aviation Cost Evaluation System (ACES) in its current Web based form; and maintain, revise and enhance the system through approved changes to support new/modified up-line reporting requirements including Web maintenance. The Contractor shall continue the analysis of the existing system started under previous task orders, and make recommendations for further enhancements and for improving cost efficiency and effectiveness of operations. Tasks planned include the implementation of approved enhancements, data analysis, documentation, and training of operator and management personnel. In addition to ACES, all ACES-related sub-systems including subordinate modules such as the Execution Manager (XMAN), SPAWAR's Aviation Store Keeper Information Tracking (ASKIT) support, any other requested subordinate program modules, and such other applications as directed by the Contracting Officer or Contracting Officer's Representative (COR).

## **3.2 Technical Requirements:** The Contractor shall:

3.2.1 Conduct engineering studies of the Aviation Cost Evaluation System to determine if all agreed functional requirements are being met. At a minimum studies will pertain to: (1) Analysis of program cost reporting methods; (2) Analysis of databases used by or available to COMNAVAIRFOR, COMMARFORPAC, and/or COMMARFORLANT; (3) Analysis regarding projection of program operations and maintenance costs for budget purposes and for allocation of funding to COMNAVAIRFOR, COMMARFORPAC, and/or COMMARFORLANT subordinate commands; (4) Analysis of tracking and evaluation of historical program operations and maintenance costs for use in projection and comparison to budget documents; and (5) Studies designed to improve business practices, as well as conducting analyses needed to improve the efficiency of maintenance and logistics activities and systems performance.

3.2.2 Based upon analysis and studies conducted above, evaluate advanced methods to collect, store, and access technical data required in support of operational systems and business practices.

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	7 of 103	

- 3.2.3 Provide analysis of new budget documents throughout the budget cycle, develop and implement process revisions and reports for budget analysis, and provide training to COMNAVAIRFOR, COMMARFORPAC and COMMARFORLANT personnel in current and revised processes.
- 3.2.4 Provide analysis of management information necessary to support reliable and predictable projections of aircraft operations and maintenance expenditures, develop and implement process revisions for current systems to accurately explain and project the cost of aircraft operations and maintenance, and provide training to COMNAVAIRFOR, COMMARFORPAC and COMMARFORLANT personnel in revised processes.
- 3.2.5 Provide analysis of aircraft maintenance tracking and evaluation. Develop and implement data collection and storage methods to support tracking and evaluating costs associated with aircraft maintenance.
- 3.2.6 Evaluate training requirements for personnel in the use of the Web-enabled ACES application including Execution Manager (XMAN), Space and Naval Warfare Center's (SPAWAR) Aviation Store Keeper Information Tracking (ASKIT) support, and any other requested subordinate program modules. Provide training support to include the development of training plans, syllabus, training aids, and trainee selection, and conduct classroom and on-the-job training for system supervisors, operators and management as requested.
- 3.2.7 Maintain the development and production ACES databases, apply all relevant security patches and evaluate further database upgrades as deemed necessary by both client and industry standards.
- 3.3 Implement workflow business processes to include the following:
- 3.3.1 Aviation Cost Evaluation System (Web-Enabled)
- 3.3.1.1 Plan Flight Hour Module
- 3.3.1.1.1 Implement and maintain a Plan Flight Hour module within ACES to allow for the input/import and update capability of aircraft planned flight hours. This module will give users with appropriate access the ability to manage the planned flight hours for any unit and associated Type/Model / Series

(T/M/S) aircraft.

3.3.1.1.2 Implement and modify existing reports related to planned flight hours and its hours tracking process. These reports will give users the ability to compare planned, required (budgeted), and executed hours across all T/M/S aircraft.

#### 3.3.1.2 ACES Web Conversion

- 3.3.1.2.1 Continue converting all referential data setup modules within ACES to the enhanced webbased format. These modules allow for users to create, maintain, and update referential data within ACES.
- 3.3.1.2.2 Convert the Batch Reporter module within ACES to the web-based format.
- 3.3.1.3 User Requested ACES Additions / Enhancements
- 3.3.1.3.1 Implement and maintain a Unit Hierarchy Setup module within ACES. This module will allow for users to create, maintain and update unit hierarchy relationships in support of various ACES reports.
- 3.3.1.3.2 Implement and maintain requested ACES report additions from COMMARFORPAC and their subordinate command, the 3rd Marine Aircraft Wing (3rd MAW) Comptroller.
- 3.3.1.3.3 Implement and maintain requested ACES report additions from COMNAVAIRFOR and Operations Department.
- 3.3.1.3.4 Implement and maintain a process in ACES that will allow for the separation of activated Reserve squadron costs and hours from the non-Reserve squadrons.
- 3.3.1.3.5 Implement and maintain a requested ACES report that displays monthly costs by T/M/S across the entire fiscal year. The report should have the groupings similar to the Official Flying Hour Cost Report (FHCR) and monthly values similar to the Flight Hour Tracking Report.

N00178-04-D-4026	NW03	10	9 of 103	

3.3.1.3.6 Implement and maintain a requested ACES report that will display monthly and cumulative year-to-date Reimbursable costs by Station / Org Code and Type Equipment Code (TEC).

### 3.3.2 Execution Manager (XMAN)

- 3.3.2.1 Implement and maintain requested XMAN enhancements to include additional functionality and reporting capabilities as requested by COMNAVAIRFOR .
- 3.3.3 <u>Aviation Store Keeper Information Tracking (ASKIT) Support / Commander Naval Air Forces (CNAF) Web Support</u>
- 3.3.3.1 Provide both technical and functional implementation and maintenance support to SPAWAR ASKIT team to assist in the conversion of ASKIT application to the web as a subordinate module within ACES.
- 3.3.3.2 Provide training and on-site support as needed for the testing and release of the ASKIT web application including remote database administration and technical support.
- 3.3.3.3 Provide both technical and functional implementation and maintenance support to the CNAF Comptroller with regards to assisting them with the web-enabled type module interface for their data.

## 3.3.4 ACE Reporter Web Site

- 3.3.4.1 The ACE Reporter Web site shall be upgraded to use the latest report formats and Oracle database version technology as deemed necessary by both client and industry standards and using ASP.Net to respond to new requirements or enhancements.
- 3.3.4.2 Provide adequate server hardware to host the Oracle based ACE Reporter database to accommodate at least 50 concurrent users and be able to grow as needed.
- 3.3.4.3 Provide both system and database administration on the ACE Reporter server at the

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	10 of 103	

contractor's location to include backups and restores, adding and deleting users, and managing access privileges.

- 3.3.4.4 Provide the updating of contact information as needed.
- 3.3.4.5 Provide discussion groups and threads as required.
- 3.3.4.6 Provide online web-based training for ACES users.
- 3.3.4.7 Maintain three fiscal years worth of historical data at any time available to all authenticated users.
- 3.3.4.8 Upgrade the Oracle database, apply all relevant security patches and evaluate further database enhancements as deemed necessary by both client and industry standards.
- 3.3.5 Future Naval Air Force Comptroller System Subordinate Modules
- 3.3.5.1 Comptroller Business Practice Analysis
- 3.3.5.1.1 Initiate a study to research the current budget management process and create a fund flow diagram that identifies the movement of money through each funding phase. Identify how one phase relates to and/or affects the next phase, the analyst performing each function within a phase and how that function relates to and/or affects other phases or functions.
- 3.3.5.1.2 The goal of this study is to: (1) Identify and eliminate any repetitive or redundant work being performed by the analysts, (2) Create user-friendly application modules with automated procedures to help simplify the budget management process while providing an effective means of assisting the budget analysts to manage their respective programs, and (3) Accurately capture and depict the entire financial climate for Comptroller Management Staff.
- 3.3.5.1.3 The Contractor shall provide a report summarizing the findings of the study and present options to automate and improve the current process as well as provide recommendations for the

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	11 of 103	

customized application modules needed to implement each option. In some instances, the data may already be available from alternate sources and may just require an electronic import application to warehouse the alternative source data.

- 3.3.5.1.4 After reviewing the study, options and recommendations, the client or the client's representative will determine whether or not to continue with the development of customized application modules and/or the importing of alternative source data.
- 3.3.5.2 Visual Representation (Comptroller Summary Reporting Module)
- 3.3.5.2.1 The Contractor shall develop, implement and maintain a Comptroller Summary Reporting Module that will enable management to see a snapshot of the entire program through pre-defined graphs, charts and summaries. This will serve as a high-level single data repository providing immediate confirmation of the most accurate data from each analyst. Data will be captured from ACES and all subordinate modules (including existing modules, future enhancement modules, and possible alternative source data).
- 3.3.5.3 Distribution (Grant Management Module)
- 3.3.5.3.1 Initial Distribution / Grant Management Module Requirements:

The Contractor shall develop, implement and maintain a module that will allow the users to create, maintain and update grant distribution data. This module shall have the ability to: (1) Distribute and redistribute funding to individual units and their subordinates, (2) Automatically prepare a grant message using a predefined text format citing the specified funding changes, (3) Submit NC2168-1 input for approval, (4) Separately calculate reimbursable and/or multiple miscellaneous adjustments necessary to alter the bottom-line controls requested by a budget analyst, (5) Allow each analyst to confirm their data periodically so that management will be able to determine how accurate the information is, (6) Allow the budget analyst to approve the grants and have them automatically post directly into the ASKIT database; and (7) Send e-mail notifications to Wing Comptrollers and allow them to log on to the website to re-distribute their grant to their subordinate units, and (8) Any information or functionality deemed necessary by the Contracting Officer or Contracting Officer's Technical Representative.

- 3.3.5.4 Phasing Plan (Requirement Management Module)
- 3.3.5.4.1 The Contractor shall develop, implement and maintain a module that will allow the users to create, maintain and update phasing plan requirements including, but not limited to: (1) Starting plan, (2) Baseline phasing plan, (3) Cost Of War (COW) phasing plan, and (4) Total phasing plan. This module

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	12 of 103	

shall also incorporate: (5) An automated process that will allow the user to "reconcile" each quarter in their plan with their controls and/or distribution for that corresponding quarter, (6) The ability for each analyst to confirm their data periodically so management will be able to determine how accurate the information is, and (7) Any information or functionality deemed necessary by the Contracting Officer or Contracting Officer's Technical Representative.

### 3.3.5.5 Maintenance Data Incorporation

3.3.5.5.1 Initiate a study to research how detailed maintenance transactions could be incorporated into ACES thus providing transactional maintenance listings, trends and reports to further assist with Flying Hour Program analysis.

#### 3.3.6 Other Support

3.3.6.1 Provide on-site functional, technical and management assistance and support within 24 hours of telephone or written request (to include facsimiles and e-mail) made by the designated Contracting Officer or Contracting Officer's Technical Representative or ACES program related users.

## 3.4 Deliverables / Deliverable Schedule

- 3.4.1 Monthly Status Report and Financial Reports. The Contractor shall document the efforts performed in the completion of each task in a detailed Monthly Status Report due on or before the 10th of each month. Government recommended format for both reports are attached. Minimum report requirements are as follows:
- 3.4.1.1 Monthly Status Report:
- 3.4.1.1.1 Program status, to include objectives met, work completed and work outstanding;
- 3.4.1.1.2 Notable achievements;
- 3.4.1.1.3 Issues or obstacles impeding progress and recommended solutions;

4.5.2.1.5 All Contractor requests for approval of substitutions hereunder shall be submitted in writing to the COR and the Contracting Officer at least twenty-five (25) calendar days in advance of the effective date, whenever possible, and shall provide a detailed explanation of the circumstances necessitating the proposed substitution, a complete resume for the proposed substitute, and any other information requested by the Contracting Officer necessary to approve or disapprove the proposed substitution. An interview by the COR may also be requested. The COR and the Contracting Officer will evaluate such requests and promptly notify the Contractor of approval or disapproval in writing.

## 4.5.2.1.6 Key Personnel Designation

- 4.5.2.1.7 For the purpose of the overall performance of this effort, the Contractor's Program / Program Manager shall be designated as a key person.
- 4.5.2.1.8 The Program / Program Manager shall be the Contractor's authorized point of contact with the Government CO and the COTR. The Program / Program Manager shall be responsible for formulating and enforcing work standards, assigning schedules, reviewing work discrepancies, and communicating policies, purposes, and goals of the organization to subordinates.
- **4.6 Contractor Furnished Material:** Materials are to be provided by the Contractor when

essential to the task order performance of this SOW and specifically approved by the Client Representative, not to exceed the ceiling price identified. All materials purchased by the Contractor for the use or ownership of the Federal Government, becomes the property of the Federal Government. The Contractor shall document in the monthly status report the transfer of materials.

**4.7 Clearances:** Contractor personnel requiring access to the ACES server in building 1482 on NAS North Island in support of this contract will require a SECRET clearance and issuance of a Common Access Card (CAC).

All Contractor personnel working on this task order must be US citizens.

Information and data accessed or used in the performance of this SOW is considered sensitive and shall not be disclosed by the Contractor without prior written approval by the Government.

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	20 of 103	

Contractor personnel working on this task order shall be fluent in the English language as exemplified in their written and verbal skills.

#### 4.8 Contractor Interfaces

The Contractor and/or his subcontractors may be required as part of the performance of his effort to work with other Government Contractors. Such other Contractors shall not direct this Contractor and/or their subcontractors in any manner. Also, this Contractor and/or their subcontractors shall not direct the work of other Contractors in any manner.

The Government shall establish an initial contact between the Contractor and other Contractors and shall participate in an initial meeting at which the conventions for the scheduling and conduct of future meetings/contacts will be established. The Contracting Officer's Technical Representatives (COR) of other efforts may be included in any establishment of conventions.

#### 4.9 Disclosure of Information

Information made available to the Contractor by the Government for the performance or administration of this effort shall be used only for those purposes and shall not be used in any other way without the express prior written agreement of the Contracting Officer.

The Contractor agrees to assume responsibility for protecting the confidentiality of Government records, which are not public information. Each employee of the Contractor to whom information may be made available or disclosed shall be notified in writing by the Contractor that such information may be disclosed only for a purpose and to the extent authorized herein.

## 4.10 Limited Use of Data

Performance of this effort may require the Contractor to access and use data and information proprietary to a Government agency or Government Contractor that is of such a nature that its dissemination or use, other than in performance of this effort, would be adverse to the interests of the Government and/or others.

Contractor and/or Contractor personnel shall not divulge or release data or information developed or obtained in performance of this effort, until made public by the Government, except to authorized. Government personnel or upon written approval of the Contracting Officer (CO). The Contractor shall not use, disclose, or reproduce proprietary data that bears a restrictive legend, other than as required in the performance of this effort. Nothing herein shall preclude the use of any data independently acquired by the Contractor without such limitations or prohibit an agreement at no cost to the Government between the Contractor and the data owner that provides for greater rights to the contractor.

#### 4.11 Hours of Work

Contractor personnel are expected to conform to normal operating hours. The normal duty hours of 8:00 AM to 5:00 PM, Monday through Friday, with the exception of Federal Government holidays, with an allowance for a one-hour lunch period each day.

#### 4.12 Productive Direct Labor Hours

The Contractor can only charge the Government for "Productive Direct Labor Hours". "Productive Direct Labor Hours" are defined as those hours expended by Contractor personnel in performing work under this effort. This does not include sick leave, vacation, Government or Contractor holidays, jury duty, military leave, or any other kind of administrative leave such as acts of God (i.e. hurricanes, snow storms, tornadoes,

etc.), Presidential funerals, or any other unexpected Government closures.

## 4.13 Government Holidays

The following Government holidays are normally observed by Government personnel: New Years Day, Martin Luther King's Birthday, Presidential Inauguration Day (metropolitan DC area only), President's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, Christmas Day, and any other day designated by Federal Statute, Executive Order, and/or Presidential Proclamation.

#### 4.14 Payment for Unauthorized Work

No payments will be made for any unauthorized supplies and/or services, or for any unauthorized changes to the work specified herein. This includes any services performed by the Contractor of their own volition or at the request of an individual other than a duly appointed Contracting Officer. Only a duly appointed Contracting Officer is authorized to change the specifications, terms, and conditions under this effort.

#### 4.15 Contractor Personnel

The Contractor shall be responsible for managing and overseeing the activities of all Contractor personnel, as well as sub-Contractor efforts used in performance of this effort. The Contractor's management responsibilities shall include all activities necessary to ensure the accomplishment of timely and effective support, performed in accordance with the requirements contained in the statement of work. Resumes submitted for employees assigned to perform under this statement of work shall contain documented experience directly applicable to the functions to be performed. Further, these prior work experiences shall be specific and of sufficient variety and duration to clearly show that the employee is able to effectively and efficiently perform the functions assigned.

## 4.15.1 Program Manager

The Contractor shall provide a Program Manager to facilitate Government-Contractor communications. The Program Manager shall be the primary technical and managerial interface between the Contractor and Contracting Officer (CO) and the Contracting Officer's Technical Representative (COR) located at COMNAVAIRPAC, San Diego, CA. The name of this person, and an alternate or alternates, who shall act for the Contractor when the Program Manager is absent, shall be designated in writing to the CO. The Program Manager or alternate will have full authority to act for the Contractor on all contract matters relating to daily operations.

The Program Manager or alternate must be available during normal duty hours, as specified herein and to meet with Government personnel within 24 hours to discuss issues.

The Contractor's Program Manager shall meet with the CO/COR as necessary to maintain satisfactory performance and to resolve other issues pertaining to Government/Contractor procedures. At these meetings, a mutual effort will be made to resolve any and all problems identified. Written minutes of these meetings shall be prepared by the Contractor, signed by the Contractor's designated representative, and furnished to the Government within two (2) workdays of the subject meeting.

The Program Manager and alternate or alternates must be able to read, write, speak, and understand English.

## 4.15.2 Contractor Employees

Contractor personnel shall present a neat appearance and be easily recognized as Contractor employees by wearing Security Identification Badges at all times while on Government premises. When Contractor personnel attend meetings, answer phones, and work in other situations where their status is not obvious to

third parties they must identify themselves as such to avoid creating the impression that they are Government employees.

## 4.16 Physical Security

The Contractor shall be responsible for safeguarding all Government property provided for Contractor use.

At the end of normal duty hours and/or after normal duty hours, all Government facilities, equipment and materials must be secured.

# 4.17 Emergency or Special Event Services

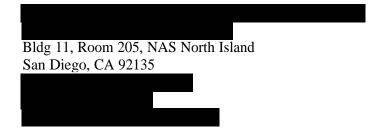

Occasionally, the Contractor may be required to perform and/or provide services outside the normal hours of duty. These occasions will be infrequent and may require services be performed after normal working hours in the evening and/or weekends (Saturday and Sunday). The COR and the Contractor will mutually agree upon any/all deviations to the schedule.

#### 5.0 Points of Contact.

# 5.1 <u>Technical Point of Contact (TPOC)</u>

Bldg. 11, Room 203, NAS North Island San Diego CA 921355.1

# 5.2 Contracting Officer's Representative (COR)

- a) The COR and TPOC are the individuals within the Program Management function who have overall technical responsibility for this effort. The COR supports the CO/CA during administration of this effort by:
- 1) Making final decisions regarding any recommended rejection of deliverables;
- 2) Providing technical clarification relative to overall workload matters;
- 3) Providing advice and guidance to the Contractor in the preparation of deliverables and services;
- 4) Providing acceptance of deliverable products to assure compliance with requirements.

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	24 of 103	

b) The TPOC provides technical direction to the Contractor, i.e., shifting work emphasis between areas of work; fills in details, or otherwise serves to accomplish the purposes of this effort. Technical direction shall be within the general statement of work for this effort.

The COR and the TPOC **DO NOT** have the authority to and may NOT issue any technical direction that:

- 1) Constitutes an assignment of work outside the general scope of this effort;
- 2) Constitutes a change as defined in the "Changes" clause;
- 3) In any way causes an increase or decrease in cost or the time required for performance;
- 4) Changes any of the terms, conditions, or other requirements of this effort; and
- 5) Suspends or terminates any portion of this effort.
- c) All technical direction shall be issued in writing by the TPOC/COR or will be confirmed by the TPOC/COR in writing within 10 calendar days after verbal issuance. A copy of the written direction shall be furnished to the CO.
- d) In addition to providing technical direction, the TPOC will:
- 1) Monitor the Contractor's technical progress, including surveillance and assessment of performance, and recommend to the CO, any changes in the requirement;
- 2) Assist the Contractor in the resolution of technical problems encountered during performance; and
- 3) Perform inspection and acceptance or recommendation for rejection of Contractor deliverables and identify deficiencies in delivered items. This does not replace any other quality assurance inspection requirements that are specified elsewhere within this SOW.
- e) If in the opinion of the Contractor, any instruction or direction issued by the TPOC or COR is outside of their specific authority, the Contractor shall not proceed but shall notify the CO in writing within 5 working days after receipt of any instruction or direction, with an informational copy to the TPOC and COR.

## 8.0 Correspondence.

To promote timely and effective administration, correspondence shall be subject to the following procedures:

- a) Technical correspondence (where technical issues relating to compliance with the requirements herein) shall be addressed to the TPOC and COR with an information copy to the Contracting Officer (CO).
- b) All other correspondence, including invoices, that proposes or otherwise involves waivers, deviations or modifications to the requirements, terms or conditions of this SOW shall be addressed to the Contracting Officer with an information copy to the COR.

## 9.0 Intellectual Property.

This task order is funded by the United States Government. All intellectual property generated and/or delivered pursuant to this Performance-Based Statement of Work will be subject to appropriate federal acquisition regulations which entitle the Government to unlimited license rights in technical data and computer software developed exclusively with Government funds, a nonexclusive "paid-up" license to practice any patentable invention or discovery made during the performance of this task order, and a "paid-up" nonexclusive and irrevocable worldwide license to reproduce all works (including technical and scientific articles) produced during this task order.

## 10.0 Anti-Deficiency Clause.

In accordance with Federal Acquisition Regulation (FAR 32-702) regarding the Government Policy on contract funding and 31 USC 1341 Anti-Deficiency Act, should the Contractor work at risk without an official notification from the COR to continue, the Contractor may not be compensated for the value of work performed while funding had been exceeded.

#### 11.0 Standards of Conduct.

a) The Contractor will be responsible for maintaining satisfactory standards of employee competency, conduct, appearance, and integrity. The Contractor is also responsible for ensuring that its employees and those of its subcontractor(s) do not disturb papers on desks, open desk drawers or cabinets, use Government telephones, except as authorized, or otherwise jeopardize the security and the privacy of Government employees, its clientele, and the contents and property of the federal building(s) in which the task order work is performed. Each employee or supervisor of the Contractor is expected to adhere to standards of behavior that reflect credit on themselves, their employer, and the Federal Government.

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	27 of 103	

- b) The Contractor will be responsible for taking such disciplinary action, including suspension without pay or removal from the worksite, with respect to its employees, as may be necessary to enforce those standards.
- c) Where applicable, the requirements of this clause must be expressly incorporated into subcontract(s) and must be applicable to all sub-Contractor employees who may perform recurring services or work at the federal building and grounds of this task order.
- d) The Government retains the right to permanently remove any employee of the Contractor from performing duties assigned under this task order at the federal building should the employee's performance so warrant. The Government will request the Contractor to immediately remove any employee of the Contractor from the federal building/work-site should it be determined by the Contracting Officer that the individual employee of the Contractor is "unsuitable" for security reasons or for otherwise being found to be unfit for performing his assigned duty at a federal building. The following areas (not all-inclusive) are considered justification for requesting the Contractor to immediately remove an employee from a federal building/work

site:

- (i) Neglect of assigned duty and refusing to render assistance or cooperate in upholding the integrity of the security programs at the worksite;
- (ii) Falsification or unlawful concealment, removal, mutilation, or destruction of any official documents or records, or concealment of material facts by willful omissions from official documents or records;
- (iii) Disorderly conduct, use of abusive or offensive language, quarreling, intimidation by words or actions, or fighting; participation in disruptive activities which interfere with the normal and efficient operations of the Government;
- (iv) Theft, vandalism, immoral conduct, or any other criminal actions;
- (v) Selling, consuming, or being under the influence of intoxicants, drugs, or controlled substances which produce similar effects;

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	28 of 103	

- (vi) Improper use of official authority or credentials, as a supervisor or employee of the Contractor;
- (vii) Violation of agency and Contractor security procedures and regulations; and
- (viii) Violation of the rules and regulations governing federal public buildings and grounds, set forth in 41 CFR Subpart 101-20.3 Conduct on Federal Property.
- e) Following a recommendation from an agency program official or security officer, the Contracting Officer will make all determinations regarding the removal of any employee of the Contractor from and denial/termination of clearance and access to the federal building worksite for non-performance, misconduct, or failure to abide by all laws and regulations. The Contracting Officer will verbally inform the Contractor about the employee, followed by a written confirmation or determination. Specific reasons for the removal of an employee will be provided to the Contractor in writing. In the event of a dispute, the Contracting Officer will make a final determination.
- f) Upon a determination of the Government that an employee of the Contractor be removed from or denied access to a federal building worksite, the employee's clearance and access to the federal building must be immediately revoked or otherwise terminated. Furthermore, if applicable, the building pass and/or other access device(s) previously given to the employee must be immediately surrendered, returned, or delivered

to the security officer of the federal building.

## 12.0 Identification/Building Pass.

The Contractor must make their personnel available for photo identification badges on a schedule to be determined by the Contracting Officer's Representative (COR). The identification badges will be provided by the Government utilizing supplies, materials and equipment.

- a) The Contractor is responsible for ensuring that each of his/her employees performing work under this task order display their photo-identification badges at all times they are present on-duty in the building. Refusal or repeated neglect to display the photo-identification may result in an unsuitability determination.
- b) Upon termination, resignation or other event leading to a task order employee leaving duty under this task order, the Contractor is responsible for returning all Government identification, building passes, keys, and other Government property issued to that employee. Failure on the part of the Contractor may result in the Contractor's liability for all costs associated with correcting the resultant breech in building security.

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	29 of 103	

c) The requirements of this clause are applicable to and must be flowed down to all subcontractors who will work at the Governments facilities.

## 13.0 Cooperation with other onsite contractors.

- a) When the Government undertakes or awards other task orders or contracts for additional work at the facilities, the Contractor must: (1) Fully cooperate with the other Contractors and Government employees, and (2) Carefully fit its own work to such other additional contracted work as may be directed by the COR. The Contractor must not commit or permit any act that will interfere with the performance of work awarded to another Contractor or with the performance of other Government employees.
- b) In any case where, in the course of fulfilling the task order requirements, the Contractor disturbs any work guaranteed under another separate contract, the Contractor must restore such disturbed work to a condition satisfactory to the COR and guarantee such restored work to the same extent as it was guaranteed under the other contract.

#### 14.0 Permits and Licenses.

In performance of work under this task order, the Contractor must, without additional expense to the Government, be responsible for obtaining any necessary licenses and permits, and for complying with any Federal, State, and municipal laws, codes, and regulations applicable to the performance of the work.

## 15.0 Confidentiality.

All information regarding the procedures developed under this task order must be regarded as sensitive information by the Contractor and not to be disclosed to anyone outside the Contractor's organization without the written permission of the Contracting Officer.

## 16.0 Post Award Evaluation of Contractor Performance.

a) Contractor Performance Evaluations

Interim and final evaluations of Contractor performance will be prepared on this effort in accordance with FAR Subpart 42.1500. A final performance evaluation will be prepared, by the COR, at the time of completion of work. In addition to the final evaluation, interim evaluations may be prepared, by the COR, annually to coincide with the anniversary date of this effort.

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	30 of 103	

Interim and final evaluations will be provided to the Contractor as soon as practicable after completion of the evaluation. The Contractor will be permitted thirty (30) calendar days to review the document and to submit additional information or a rebutting statement. Any disagreement between the parties regarding an evaluation will be referred to an individual one level above the CO, whose decision will be final. Copies of the evaluations, Contractor responses, and review comments, if any, will be retained as part of the contract file, and may be used to support future award decisions.

# SECTION H SPECIAL CONTRACT REQUIREMENTS

### H10S ORGANIZATIONAL CONFLICT OF INTEREST - FAR 9.505-1

- (a) In accordance with FAR 9.505-1; whereas this task order provides for systems engineering and technical direction (SETD), the Contractor agrees not to be a supplier to the Department of Defense, a subcontract supplier, or a consultant to a supplier of any system or subsystems for which the SETD functions are performed hereunder. The prohibition relative to being a supplier, a subcontract supplier, or a consultant to a supplier of these systems or their subsystems extends for a period of three years after the term of this contract.
- (b) For the purpose of this clause, the term "Contractor" means the Contractor, its subsidiaries and affiliates, joint ventures involving the Contractor, any entity with which the Contractor may hereafter merge or affiliate, and any other successor of the Contractor.
- (c) The Contractor shall, within 15 days after the effective date of this task order, provide, in writing, to the Task Order Ordering Officer, a certification that all employees, agents and subcontractors involved in the performance of this task order have been informed of the provisions of this clause.
- (d) Any subcontractor which performs any work relative to this task order shall be subject to this clause. The Contractor agrees to place in each subcontract affected by these provisions the necessary language contained in this clause.
- (e) The prohibitions imposed by this clause may be waived by the Task Order Ordering Officer.
- (f) In the event the Contractor, or any of its employees, agents or subcontractors fails to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of contract for which the Government reserves the right to terminate the task order for default and/or resort to such other rights and remedies as provided for under this task order and under the Federal law of contracts. Noncompliance with the provisions of this clause may also adversely affect the determination of Contractor responsibility in future Government acquisitions.
- (g) This clause applies to Statement of Work task(s):

## PRE-BID INQUIRIES:

Contractor Pre-Bid inquiries shall be submitted to the Contract Negotiator, via the SEAPORT electronic portal.

5252.232-9206 SEGREGATION OF COSTS (DEC 2003)

- (a) The Contractor agrees to segregate costs incurred under this task order at the lowest level of performance, either task or subtask, rather than on a total task order basis, and to submit invoices reflecting costs incurred at that level. Invoices shall contain summaries of work charged during the period covered, as well as overall cumulative summaries by labor category for all work invoiced to date (if applicable), by line item, task or subtask.
- (b) Where multiple lines of accounting are present, the ACRN preceding the accounting citation will be found in Section B and/or Section G. Payment of Contractor invoices shall be accomplished only by charging the ACRN that corresponds to the work invoiced.
- (c) Except when payment requests are submitted electronically as specified in the clause at DFARS 252.232-7003, Electronic Submission of Payment Requests, one copy of each invoice or voucher will be provided, at the time of submission to DCAA, to the Task Order Manager.

5252.237-9501 ADDITION OR SUBSTITUTION OF KEY PERSONNEL (SERVICES) (NAVAIR)(OCT 2005)

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	39 of 103	

- (a) A requirement of this contract is to maintain stability of personnel proposed in order to provide quality services. The contractor agrees to assign only those key personnel whose resumes were submitted and approved, and who are necessary to fulfill the requirements of the effort. The contractor agrees to assign to any effort requiring non-key personnel only personnel who meet or exceed the applicable labor category descriptions. No substitution or addition of personnel shall be made except in accordance with this clause.
- (b) If personnel for whatever reason become unavailable for work under the contract for a continuous period exceeding thirty (30) working days, or are expected to devote substantially less effort to the work than indicated in the proposal, the contractor shall propose a substitution to such personnel, in accordance with paragraph (d) below.
- (c) The contractor agrees that during the term of the contract, no key personnel substitutions or additions will be made unless necessitated by compelling reasons including, but not limited to: an individual's illness, death, termination of employment, declining an offer of employment (for those individuals proposed as contingent hires), or family friendly leave. In such an event, the contractor must promptly provide the information required by paragraph (d) below to the Contracting Officer for approval prior to the substitution or addition of key personnel.
- (d) All proposed substitutions shall be submitted, in writing, to the Contracting Officer at least fifteen (15) days (thirty (30) days if a security clearance must be obtained) prior to the proposed substitution. Each request shall provide a detailed explanation of the circumstances necessitating the proposed substitution, a complete resume for the proposed substitute, information regarding the full financial impact of the change, and any other information required by the Contracting Officer to approve or disapprove the proposed substitution. All proposed substitutes (no matter when they are proposed during the performance period) shall have qualifications that are equal to or higher than the qualifications of the person being replaced.
- (e) In the event a requirement to increase the specified level of effort for a designated labor category, but not the overall level of effort of the contract occurs, the offeror shall submit to the Contracting Officer a written request for approval to add personnel to the designated labor category. The information required is the same as that required in paragraph (d) above. The additional personnel shall have qualifications greater than or equal to at least one (1) of the individuals proposed for the designated labor category.
- (f) The Contracting Officer shall evaluate requests for substitution and addition of personnel and promptly notify the offeror, in writing, of whether the request is approved or disapproved.
- (g) If the Contracting Officer determines that suitable and timely replacement of personnel who have been reassigned, terminated or have otherwise become unavailable to perform under the contract is not reasonably forthcoming or that the resultant reduction of productive effort would impair the successful completion of the contract or the task order, the contract may be terminated by the Contracting Officer for default or for the convenience of the Government, as appropriate. Alternatively, at the Contracting Officer's discretion, if the Contracting Officer finds the contractor to be at fault for the condition, he may equitably adjust (downward) the contract price or fixed fee to compensate the Government for any delay, loss or damage as a result of the contractor's action.
- (h) Noncompliance with the provisions of this clause will be considered a material breach of the terms and conditions of the contract for which the Government may seek any and all appropriate remedies including Termination for Default pursuant to FAR Clause 52.249-6, Alt IV, "Termination (Cost-Reimbursement)".

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.24 per hour or \$129.60 per week or \$561.60 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or

successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	61 of 103	

includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther

King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor

Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in

accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as

numbered):

1) Under the SCA at section 8(b), this wage determination does not apply to any

employee who individually qualifies as a bona fide executive, administrative, or

professional employee as defined in 29 C.F.R. Part 541. Because most Computer

System Analysts and Computer Programmers who are compensated at a rate not less than

\$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour

would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	62 of 103	

rates may not be listed on this wage determination for all occupations within those

job families. In addition, because this wage determination may not list a wage rate

for some or all occupations within those job families if the survey data indicates

that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour

conformances may be necessary for certain nonexempt employees. For example, if an

individual employee is nonexempt but nevertheless performs duties within the scope

of one of the Computer Systems Analyst or Computer Programmer occupations for which

this wage determination does not specify an SCA wage rate, then the wage rate for

that employee must be conformed in accordance with the conformance procedures

described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer

industry, job titles are not determinative of the application of the computer

professional exemption. Therefore, the exemption applies only to computer employees

who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including

consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	63 of 103	

modification of computer systems or programs, including prototypes, based on and

related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer

programs related to machine operating systems; or

- (4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).
- 2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS NIGHT PAY & SUNDAY PAY: If you

work at night as part of a regular tour of duty, you will earn a night differential

and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your

regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday

premium of 25% of your basic rate for each hour of Sunday work which is not overtime

(i.e. occasional work on Sunday outside the normal tour of duty is considered

overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees

employed in a position that represents a high degree of hazard when working with or

in close proximity to ordinance, explosives, and incendiary materials. This

includes work such as screening, blending, dying, mixing, and pressing of sensitive

ordance, explosives, and pyrotechnic compositions such as lead azide, black powder

and photoflash powder. All dry-house activities involving propellants or

explosives. Demilitarization, modification, renovation, demolition, and maintenance

operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that

represents a low degree of hazard when working with, or in close proximity to

ordance, (or employees possibly adjacent to) explosives and incendiary materials

which involves potential injury such as laceration of hands, face, or arms of the

employee engaged in the operation, irritation of the skin, minor burns and the

like; minimal damage to immediate or adjacent work area or equipment being used.

All operations involving, unloading, storage, and hauling of ordance, explosive, and

incendiary ordnance material other than small arms ammunition. These differentials

are only applicable to work that has been specifically designated by the agency for  $% \left( 1\right) =\left( 1\right) +\left( 1\right)$ 

ordance, explosives, and incendiary material differential pay.

### \*\* UNIFORM ALLOWANCE \*\*

If employees are required to wear uniforms in the performance of this contract

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	65 of 103	

(either by the terms of the Government contract, by the employer, by the state or

local law, etc.), the cost of furnishing such uniforms and maintaining (by

laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the

"Service Contract Act Directory of Occupations", Fifth Edition, April 2006,

unless otherwise indicated. Copies of the Directory are available on the Internet. A

links to the Directory may be found on the WHD home page at

http://www.dol.gov/esa/whd/ or through the Wage Determinations On-Line (WDOL) Web

site at http://wdol.gov/.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE  $\{ {\tt Standard Form}$ 

1444 (SF 1444)}

Conformance Process:

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	66 of 103	

The contracting officer shall require that any class of service employee which is

not listed herein and which is to be employed under the contract (i.e., the work to

be performed is not performed by any classification listed in the wage

determination), be classified by the contractor so as to provide a reasonable

relationship (i.e., appropriate level of skill comparison) between such unlisted

classifications and the classifications listed in the wage determination. Such

conformed classes of employees shall be paid the monetary wages and furnished the

fringe benefits as are determined. Such conforming process shall be initiated by

the contractor prior to the performance of contract work by such unlisted class(es)

of employees. The conformed classification, wage rate, and/or fringe benefits shall

be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)}

When multiple wage determinations are included in a contract, a separate SF 1444

should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed

occupation) and computes a proposed rate).

2) After contract award, the contractor prepares a written report listing

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	67 of 103	

in order

proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized

representative, the employees themselves. This report should be submitted to the

contracting officer no later than 30 days after such unlisted class(es) of employees

performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report

of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage

and Hour Division, Employment Standards Administration, U.S. Department of Labor,

for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or

disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process

the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	68 of 103	

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure

that duties requested are not performed by a classification already listed in the

wage determination. Remember, it is not the job title, but the required tasks that

determine whether a class is included in an established wage determination.

Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.24 per hour or \$129.60 per week or \$561.60 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service

includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther

King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor

Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL

contractor may substitute for any of the named holidays another day off with pay in

accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as

numbered):

1) Under the SCA at section 8(b), this wage determination does not apply to any

employee who individually qualifies as a bona fide executive, administrative, or

professional employee as defined in 29 C.F.R. Part 541. Because most Computer

System Analysts and Computer Programmers who are compensated at a rate not less than

\$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour

would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage

rates may not be listed on this wage determination for all occupations within those

job families. In addition, because this wage determination may not list a wage rate

for some or all occupations within those job families if the survey data indicates

that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour

conformances may be necessary for certain nonexempt employees. For example, if an

individual employee is nonexempt but nevertheless performs duties within

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	91 of 103	

the scope

of one of the Computer Systems Analyst or Computer Programmer occupations for which

this wage determination does not specify an SCA wage rate, then the wage rate for

that employee must be conformed in accordance with the conformance procedures

described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer

industry, job titles are not determinative of the application of the computer

professional exemption. Therefore, the exemption applies only to computer employees

who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including

consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or

modification of computer systems or programs, including prototypes, based on and

related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer

programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

N00178-04-D-4026	NW03	10	92 of 103	

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you

work at night as part of a regular tour of duty, you will earn a night differential

and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your

regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday

premium of 25% of your basic rate for each hour of Sunday work which is not overtime

(i.e. occasional work on Sunday outside the normal tour of duty is considered

overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees

employed in a position that represents a high degree of hazard when working with or

in close proximity to ordinance, explosives, and incendiary materials. This

includes work such as screening, blending, dying, mixing, and pressing of sensitive

ordance, explosives, and pyrotechnic compositions such as lead azide, black powder

and photoflash powder. All dry-house activities involving propellants or

explosives. Demilitarization, modification, renovation, demolition, and maintenance

operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	93 of 103	

that

represents a low degree of hazard when working with, or in close proximity to

ordance, (or employees possibly adjacent to) explosives and incendiary materials

which involves potential injury such as laceration of hands, face, or arms of the

employee engaged in the operation, irritation of the skin, minor burns and the

like; minimal damage to immediate or adjacent work area or equipment being used.

All operations involving, unloading, storage, and hauling of ordance, explosive, and

incendiary ordnance material other than small arms ammunition. These differentials

are only applicable to work that has been specifically designated by the agency for

ordance, explosives, and incendiary material differential pay.

### \*\* UNIFORM ALLOWANCE \*\*

If employees are required to wear uniforms in the performance of this contract

(either by the terms of the Government contract, by the employer, by the state or

local law, etc.), the cost of furnishing such uniforms and maintaining (by

laundering or dry cleaning) such uniforms is an expense that may not be borne by an

employee where such cost reduces the hourly rate below that required by the wage

determination. The Department of Labor will accept payment in accordance with the

following standards as compliance:

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	94 of 103	

The contractor or subcontractor is required to furnish all employees with an

adequate number of uniforms without cost or to reimburse employees for the actual

cost of the uniforms. In addition, where uniform cleaning and maintenance is made

the responsibility of the employee, all contractors and subcontractors subject to

this wage determination shall (in the absence of a bona fide collective bargaining

agreement providing for a different amount, or the furnishing of contrary

affirmative proof as to the actual cost), reimburse all employees for such cleaning

and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in

those instances where the uniforms furnished are made of "wash and wear"

materials, may be routinely washed and dried with other personal garments, and do

not require any special treatment such as dry cleaning, daily washing, or commercial

laundering in order to meet the cleanliness or appearance standards set by the terms  $\frac{1}{2}$ 

of the Government contract, by the contractor, by law, or by the nature of the work.

there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the

"Service Contract Act Directory of Occupations", Fifth Edition, April 2006,

unless otherwise indicated. Copies of the Directory are available on the Internet. A

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE  $\{ {\tt Standard Form}$ 

1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is

not listed herein and which is to be employed under the contract (i.e., the work to

be performed is not performed by any classification listed in the wage

determination), be classified by the contractor so as to provide a reasonable

relationship (i.e., appropriate level of skill comparison) between such unlisted

classifications and the classifications listed in the wage determination. Such

conformed classes of employees shall be paid the monetary wages and furnished the

fringe benefits as are determined. Such conforming process shall be initiated by

the contractor prior to the performance of contract work by such unlisted class(es)

of employees. The conformed classification, wage rate, and/or fringe benefits shall

be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)}

When multiple wage determinations are included in a contract, a separate SF 1444

should be prepared for each wage determination to which a class(es) is to be

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	96 of 103	

conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed

occupation) and computes a proposed rate).

2) After contract award, the contractor prepares a written report listing in order

proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized

representative, the employees themselves. This report should be submitted to the

contracting officer no later than 30 days after such unlisted class(es) of employees

performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report

of the action, together with the agency's recommendations and pertinent

information including the position of the contractor and the employees, to the  $\mbox{Wage}$ 

and Hour Division, Employment Standards Administration, U.S. Department of Labor,

for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

CONTRACT NO.	DELIVERY ORDER NO.	AMENDMENT/MODIFICATION NO.	PAGE	FINAL
N00178-04-D-4026	NW03	10	97 of 103	

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or

disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process

the request.

- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure

that duties requested are not performed by a classification already listed in the  $\ensuremath{\mathsf{I}}$ 

wage determination. Remember, it is not the job title, but the required tasks that

determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

#### SECTION I CONTRACT CLAUSES

Section I Clauses - As specified in the basic contract

252.227-7025 LIMITATIONS ON THE USE OR DISCLOSURE OF GOVERNMENT-FURNISHED INFORMATION MARKED WITH RESTRICTIVE LEGENDS (JUN 1995)

- (a)(1) For contracts requiring the delivery of technical data, the terms "limited rights" and "Government purpose rights" are defined in the Rights in Technical Data--Noncommercial Items clause of this contract.
- (2) For contracts that do not require the delivery of technical data, the terms "government purpose rights" and "restricted rights" are defined in the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause of this contract.
- (3) For Small Business Innovative Research program contracts, the terms "limited rights" and "restricted rights" are defined in the Rights in Noncommercial Technical Data and Computer Software--Small Business Innovative Research (SBIR) Program clause of this contract.
- (b) Technical data or computer software provided to the Contractor as Government furnished information (GFI) under this contract may be subject to restrictions on use, modification, reproduction, release, performance, display, or further disclosure.
- (1) GFI marked with limited or restricted rights legends. The Contractor shall use, modify, reproduce, perform, or display technical data received from the Government with limited rights legends or computer software received with restricted rights legends only in the performance of this contract. The Contractor shall not, without the express written permission of the party whose name appears in the legend, release or disclose such data or software to any person.
- (2) GFI marked with government purpose rights legends. The Contractor shall use technical data or computer software received from the Government with government purpose rights legends for government purposes only. The Contractor shall not, without the express written permission of the party whose name appears in the restrictive legend, use, modify, reproduce, release, perform, or display such data or software for any commercial purpose or disclose such data or software to a person other than its subcontractors, suppliers, or prospective subcontractors or suppliers, who require the data or software to submit offers for, or perform, contracts under this contract. Prior to disclosing the data or software, the Contractor shall require the persons to whom disclosure will be made to complete and sign the non-disclosure agreement at 227.7103-7 of the Defense Federal Acquisition Regulation Supplement (DFARS).
- (3) GFI marked with specially negotiated license rights legends. The Contractor shall use, modify, reproduce, release, perform, or display technical data or computer software received from the Government with specially negotiated license legends only as permitted in the license. Such data or software may not be released or disclosed to other persons unless permitted by the license and, prior to release or disclosure, the intended recipient has completed the non-disclosure agreement at DFARS 227.7103-7. The Contractor shall modify paragraph (1)(c) of the non-disclosure agreement to reflect the recipient's obligations regarding use, modification, reproduction, release, performance, display, and disclosure of the data or software.
- (c) Indemnification and creation of third party beneficiary rights. The Contractor agrees--
- (1) To indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of technical data or computer software received from the Government with restrictive legends by the Contractor or any person to whom the Contractor has released or disclosed such data or software; and
