GSA Contract Holder

CACI
EVER VIGILANT

A *Fortune* World's Most Admired Company

EXPERTISE AND TECHNOLOGY FOR NATIONAL SECURITY

Our Capabilities

CACI has a successful 20-year partnership history with the Government Services Administration (GSA), as evidenced by our existing GSA contracts including schedules along with a host of other multiple-award IDIQ contracts. Our expertise and technology solutions that span OASIS core disciplines ensure that we are prepared to support your mission.

C4ISR & Cyber

We Outsmart the Adversary.

CACI ensures information superiority by delivering multi-domain command, control, communications, and computer technology and networks. Our software-defined, full-spectrum cyber, electronic warfare, and counter-unmanned aircraft system solutions deliver precision effects against any adversary. We are at the forefront of developing technologies that meet the challenges of 5G wireless communications both on and off the battlefield.

Enterprise IT

Mission-Driven IT Modernization.

CACI amplifies efficiency with unmatched expertise and next-generation technology. We pioneered secure, enterprise cloud solutions for some of the largest Department of Defense, Intelligence Community, and civilian U.S. Government agencies. We design, implement, secure, and sustain information technology infrastructure to optimize efficiency, enhance performance, and ensure end-user satisfaction.

Business Systems

Large-Scale Government Solutions. Larger Impact.

CACI transforms how government does business. Using our Agile-at-scale methodologies and deep customer understanding, we modernize applications, infrastructure, and business processes to enhance performance and increase end-user satisfaction. We use advanced data analytics and visualization tools to modernize access to data, enhance productivity, and translate data into decisions.

Engineering Services

We Go Where the Mission Goes.

CACI optimizes and integrates technologies to deliver a decisive tactical edge. We enhance platforms to improve situational awareness, mobility, interoperability, lethality, and survivability. We conduct software vulnerability analysis and harden technology to protect against malicious actors. Our platform-agnostic, mission-first approach ensures optimal performance, so our nation's forces can overmatch our adversaries.

Mission Support

Maximizing Readiness, Minimizing Costs.

CACI's intelligence support ensures continuous advances in collection, analysis, and dissemination to optimize decision-making. We provide analytic services in 50 languages, as well as scenario-based instruction across the spectrum of intelligence processing, collection, and products. Our investigation and litigation experts support the U.S. Government on thousands of cases, saving taxpayers billions of dollars. CACI facilitates the secure flow of supplies across the globe.
