# FED**SELECT**

Faster, Easier,
More Cost-Effective
**Source
Selections**

FedSelect is a cost-effective software tool created *by* acquisition professionals *for* acquisition professionals that standardizes the proposal evaluation phase of a source selection.

By providing clear and consistent structure to any competitive procurement, this easy-to-learn tool enables evaluators to electronically document their strength, weakness, and deficiency comments, as well as their ratings and rationales, in one location. Our customers report cost and time savings during the evaluation process due to faster and more effective processes. Documentation is complete and traceable, from evaluation comments to the final decision document. FedSelect readily supports FAR Parts 8, 12, 13, and 15 acquisitions, as well as FAR Part 35 and Broad Agency Announcements.

A *Fortune* World's Most Admired Company

EXPERTISE AND **TECHNOLOGY** FOR NATIONAL SECURITY

CACI
EVER VIGILANT

Features

Five easy-to-use modules:

- **Administration** – Enables the contracting officer or specialist to enter RFP and specific source selection information, creating the evaluation forms.

- **Evaluation** – Allows the evaluation team to capture findings, including proposal strengths and weaknesses, and assign ratings and risk assessments.

- **Past Performance** – Allows the evaluation team to document relevancy, quality, and any other past performance.

- **Consensus** – Allows the evaluation team to review individual assessments and consolidate evaluation data to reach a consensus.

- **Reports** – Can be generated during all phases of the evaluation.

Benefits

- Fast and cost-effective.
- Accommodates multiple rating methods.
- Offers customizable settings to create unique evaluations.
- Provides complete and traceable interim and final documentation.
- Monitors evaluation progress in real time.
- Ability to standardize comments by using custom templates.
- One-click access to uploaded documents.
- Can generate online, exportable reports.

Multiple Configuration Options

- Only a web browser is needed.
- Accessible on or offline, allowing remote evaluators access.
- No software installation required.
- Can be hosted securely by CACI, customer (WAN/LAN), or FedRAMP environment.
- Robust SQL Server database to support large, geographically separated teams.

New FedSelect 3.0

A brand new refresh and new features available for FY24.

All upgrades are included with the license! New functionality includes enhanced security, comprehensive dashboards, greater customization of user roles, and more robust consensus.

Acquisition Support Services

In addition to FedSelect, CACI provides acquisition services, including expert consultation, guidance, and training that covers the following functional processes:

- Source selection facilitation and documentation.
- Solicitation formation and issuance.
- Acquisition and program management.
- Acquisition strategy, planning, and policy development.
- Acquisition sourcing.
- Contract award and administration.
- Contract close-out support services.
- Acquisition automation (implementation and support).
